EXPLORER'S WIFE GRANTED DIVORCE

(Associated Press Leased Wire.)

PORTLAND, Ore., March 5.—Dr. Herschel C. Parker, explorer, whose wife, Evelyn Naegle Parker, obtained an "Enoch Arden" divorce in New York yesterday, was located in Portland today. He has been living at a hotel here. He declared he had left New York five weeks ago for the west to engage in research work, following estrangement from his wife. At the time of their marriage in 1911 Dr. Parker was in his 40's and his wife was in her 30's. Dr. Parker said he had established a residence in Reno, Nevada, intending to apply for a divorce and that when he learned his wife had started suit, he abandoned his residence there.

The "Enoch Arden" provision of the New York divorce law allows one party to a marriage to obtain an uncontested decree when the other party has been absent from the state for five years.

Dr. Parker, in an interview today telling of his explorations in the west, said he had discovered a practical plan for drawing gold from the waters of Lake Mono, California, through electro-chemical methods.

BISHOP MURRAH DIES IN TENNESSEE

MEMPHIS, Tenn., March 5.—Bishop William B. Murrah, of the Methodist Episcopal Church, South, died here early today following a paralytic stroke in January last year, which was aggravated by a fall from a chair in his home several days ago. The end came unexpectedly, following a sudden turn for the worse shortly after midnight last night. Courteous, affable, dignified and scholarly in his bearing, Bishop William B. Murrah exemplified the highest ideals of a gentleman of the old school type. As a result of his clear thinking and deliberate judgment his counsel was much sought by leaders of the church. During the 1913-22 quadrennium he was president of three conferences in Missouri and the Denver conference.

Bishop Murrah up to the time he was stricken, had supervision of the Alabama, North Alabama and North Georgia conference, three of the largest in the church. During the 1913-22 quadrennium he was president of three conferences in Missouri and the Denver conference.

At one time during his service as bishop, he was in charge of missions in the orient and made several trips to Methodist fields in the far east.

Bishop Murrah was born at Pyckensville, Ala., in 1852. He graduated from Southern University, Greerboro, Ala., with the degree of A. B. He received the honorary degree D. D. from Centenary College, Louisiana, and L. L. D. from Wofford College, South Carolina.

Bishop Murrah was married in 1881 to Miss Beulah Fitzgerald, Mrs. Murrah and a son survive.

SNAPPY MEETING OF ROTARY CLUB

Today's meeting of the Rotary club was a snappy one, Oscar Berrie, speaking on his classification, a Standard Oil representative, and O. J. Johnson, on his chosen profession, the grocery business. Mr. Berrie gave a very complete history of the petroleum industry from its first origin, showing the progress that had been accomplished by his company with the more modern methods of handling the output. Mr. Johnson drove home some good truths concerning his line of business and gave the boys an earful of wholesome thoughts to ponder over.

At the meeting of the club, the third week in March, a new set of directors will be nominated and their election will take place the last Thursday in April. From the directors chosen a president of the club will be selected for the coming year.

Much interest is being taken in the convention to be held at Portland March 22, 23 and 24, and it is hoped to get all the boys signed up to be present the entire three days.

How to Talk

By FARQUHAR JOHNSON
Consulting Editor New Universities Dictionary

Article No. 2

SOMEBODY has asked me to what source I attribute the constant growth and development of our language.

To the newspapers, I say. A new word would have a short life if the newspapers did not take it up. It would die a-borning, as the saying goes, and certainly never would get into the dictionaries.

You know there is something rather enchanting in the style of newspaper copy that attracts all kinds of readers. Newspapers are easy to read. Without realizing it, we often familiarize ourselves with a new word used by our favorite newspaper. In this way we add to our vocabulary—without giving the newspapers credit for it.

Those who write of sporting events have supplied us with an abundance of expressive terms during more recent years. Baseball, golf, tennis, and other outdoor sports each have a language of their own. The newspapers popularize it—and then no modern dictionary can be complete without it.

The old tradition that claims Newspaper English as an exclusive institution no longer holds good; for that which we read in the public prints is instantly adopted by the people who justly take claim to it as their own language.

This also lays bare the secret of the dictionary maker. He does not make the words, but simply takes them after they have been made by the people themselves—through the newspapers, I might add.

The language of today, always ready for immediate use, will be found in the New Enlarged Universities Dictionary. There is no question about it. This dictionary is the latest—and undoubtedly it is the greatest volume of its kind ever produced.

YOU NEED IT TO KEEP UP TO DATE

In addition to the enlarged vocabulary, with its latest definitions, there is in this volume separate dictionaries of the latest terms in radio, football, aviation, tennis, golf, synonyms for cross word workers, baseball, etc., etc., and an entire section on how to write and speak correctly, called "Everyday Errors." This department, so helpful to dictionary users, cites many common errors in the use of words and phrases, and tells how to correct them—a valuable course in English that will be appreciated by readers of all ages.

Says Greatest Rheumatic Remedy in All the World

Hundreds of Bottles Being Sold Declares Nathan Fullerton, Who Guarantees It and is Dispensing It to Many Sufferers in This Vicinity.

"It does not matter to me whether you are disabled with cured rheumatism or have only occasional twinges," says James H. Allen, of 26 Forbes St., Rochester, N. Y. "I know that Allen's, my own discovery, will stop the agony, get away with the aching pains and reduce the swollen joints."

"I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allen's made a well, robust, healthy man of me."

"I know because since I cured myself, hundreds have taken Allen's and speedily rid themselves of this agonizing disease."

Allen's is no lazarist; it starts right in at once. It gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism,

out of the body through the natural channels.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Nathan Fullerton, who has been appointed agent in your city. It is Mr. Allen's own discovery, who if you live out of town ask him to send you full particulars.

CONFERENCE IS ON.

(Associated Press Leased Wire.)
PARIS, March 5.—Premier Herriot, refusing all callers, was closeted the entire morning with M. La Roche of the French foreign office, studying the question of security in preparation for a conversation which he expects to hold with Austen Chamberlain, the British foreign secretary here Saturday.

The premier's long talk with the foreign office expert was preceded by brief interviews with Minister of War Nollet, Mr. Briand and Paul Doumer, of the French delegation to the league of nations.

LABOR DELEGATES LEAVE

(Associated Press Leased Wire.)
LONDON, March 5.—The entire labor delegation in the House of Commons led by former Prime Minister Ramsey MacDonald, walked out of the House of Commons today when the speaker ordered David Kirkwood, Scotch labor member to leave the chamber after having interrupted the speech Foreign Secretary Chamberlain was delivering. The ministerial benches cheered as the labor members left the house.

CHILDLESS HOMES

Read Mrs. Benedict's Letter Praising Lydia E. Pinkham's Vegetable Compound

Kewanee, Illinois.—"When I was married about a year and a half I took Lydia E. Pinkham's Vegetable Compound because I did not have any children. I now have two healthy little girls and I am sure I would not have had them had it not been for your medicine. Last spring, and it was not long till I was relieved. Now I do all my own work and help others. I sure praise Lydia E. Pinkham's medicine to any one I meet that is suffering from similar troubles. I think if mothers with girls would give it to them when they come to womanhood it would make them stronger. People who have known me all my life are astonished to see me now as I was always sickly when in my teens and until I started taking the Vegetable Compound."—Mrs. MARY R. BENEDICT, 213 Payson St., Kewanee, Ill.

PEACE AWARD NEGLECTED

(Associated Press Leased Wire.)
NEW YORK, March 5.—Failure of the United States senate to adopt the Bok world peace plan during the sixty-eighth congress, which ended yesterday, caused Dr. Charles Herbert Levermore, author of the plan, to lose his chance—technically at least—to gain the season award of \$50,000 offered by Edward Bok. The first award, of \$50,000 was given Dr. Levermore upon acceptance of his plan by a special jury headed

by Elihu Root, under the terms of the award it was necessary for the United States senate to have adopted the winning plan March 4, 1925, before its author could receive the second half of the \$1,300,000 award.

PARKS SCHNEIDER BUYS AUCTION HOUSE

Parks Schneider today completed negotiations which resulted in his purchasing the auction and commission house conducted by M. C. Radabaugh and V. S. Patterson, and located on North Jackson street. Mr. Schneider is taking over the immediate possession of the place of business and is planning on a number of improvements.

The interior is to be remodeled, and replastered and tinted, a balcony will be built, and a warehouse constructed on the rear, while the front will be re-plastered.

Mr. Schneider expects to discontinue the auction and commission business, and will handle new and second-hand goods and general merchandise. Messrs. Radabaugh and Patterson have not yet made arrangements for the future.

WANTS RATE REDUCTION.

(Associated Press Leased Wire.)
SALEM, Ore., March 5.—R. H. McKean, manager of the Independent Warehouse and Milling company of Wasco, Ore., has written the public service commission on behalf of the farmers of that district urging that the half rate reduction on good wheat freight be made to apply from January 1, instead of February 1, as ordered by the commission. He also suggests that the reduction should apply to seed rye and barley as well as to wheat, since the damage by cold weather affected

these crops also. It will be necessary for the railroad companies carrying the seed grain to make refunds to the farmers as ordered by the commission.
