

SKAGGS

Money saving **UNITED STORES** *Cash stores*

The "Lead" conceded SKAGGS' STORES in the business of selling groceries is by no means an accident. Our organization, our sales volume and purchasing advantages are much greater than most concerns, our sales per store unit and per man unit are many times those in ordinary stores.

The economic advantages that are so largely responsible for SKAGGS' PRICES were not acquired by accident or "good luck", but by practical application of a thorough knowledge and understanding of modern food distribution, careful and wasteless store management, long hours of hard work and a willingness and genuine desire to serve.

These factors distinguish SKAGGS' STORES, distinguish SKAGGS' SERVICE and distinguish SKAGGS' PRICES from the ordinary.

BRIDGE TO BE BUILT FROM DOLE TO PACIFIC HIGHWAY
 The county court today completed its business for the term and formally adjourned before going to Dole to look at the proposed site of a bridge which will be constructed across the river to connect with the highway at that point. For several years a bridge across the river, connecting with the state highway at Dillard has been proposed, for at present there are a number of families in the district who must either use the old Roberts mountain road, or make a roundabout trip by way of Myrtle Creek to reach town. The district has voted a special tax of 10 mills for the purpose of building the bridge, and the county will give the district some assistance. A covered bridge of a design similar to the new Rice Creek bridge will probably be constructed, the estimated cost being \$10,000 or \$12,000.
