POSTER CONTEST OPEN TO ALL GRADE SCHOOLS OF COUNTY

A poster contest, open to grade schools is being launched by the Umpqua National forest is offering prizes to the grade schools which submit posters best portraying the idea of forest growth, protection and utilization, the first, second and third prizes being first, second and third choice of three framed photographs 18 by 24 inches in size, each an enlargement of the original photograph of a scene in the forest, and the fourth, fifth and sixth prizes, the choice of similar unframed pictures.

The posters entered in the contest are to portray any one of the purposes for which the National forests were created, as forest protection, reforestation, utilization of timber resources, recreation, preservation of wild life, or raising of domestic stock. The idea may be expressed by use of drawings, paintings, cartoons, clip-pings, or use of words. Cut-out pictures pasted on cardboard portraying any one of the purposes enumerated will be acceptable.

The teachers of the county are being given full instructions regarding the manner in which the posters are to be submitted. The posters must be sent in before April 22, and will be judged on Saturday, May 2. The prizes will become the property of the school from which the winning posters are submitted. The prizes will be on exhibition during Forest Week.

Mrs. Edith Ackert, county school superintendent, has endorsed the campaign, and urges the school of the county to participate.

"Since Douglas county has one-fifth of the standing timber of the state of Oregon, it is very fitting that we should assist in this campaign," Mrs. Ackert says. She expresses a desire to see every school represented in the contest, not only because the pictures will be a desirable ornament for any school room, but in order that the children may be trained to guard the forests against the great enemy, fire.

City School Superintendent Hamm has also endorsed the contest in the following letter sent to all grade school principals: "As usual we are to observe one week during the year in a study of our timber wealth. The dates from April 27 to May 3 have been set aside as American Forest Week.

"The protectors of our nearby woods wish to arouse an interest in conservation through the medium of a poster contest. Such a contest should be of special interest to the art department of the upper grades. "In this locality timber is one of our greatest resources. Please urge all teachers to do everything they can during this week to instill in the minds of their pupils proper care of the nation's forests."

CUT NEAR MELROSE WILL BE WIDENED

The rough grading on the road along the base of Mount Nebo will probably be completed this week, according to County Judge Quine, and it was planned to use the grading crew in making another much needed improvement. The county

Loosen Up That Cold With Musterole

Have Musterole handy when a cold hits. It has all the advantages of grandmother's mustard plaster WITHOUT the blister. You just apply it to the fingers. First you feel a warm tingle as the healing ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief. Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frost-bite, colds of the chest. It may prevent pneumonia and "flu."

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c jars and tubes.

Better than a mustard plaster

Best Diet for Invalids

A well-balanced, palatable, easily assimilated food that nourishes and up-builds. Use at meals, between meals, or upon retiring, and when faint or hungry. Prepared at home by stirring the powder in hot or cold water. No cooking.

The county has found that by employing prisoners in road work that projects can be completed at a small cost. The Mount Nebo road, which is now being completed, will cost only about one-half the original estimate, and is a fine piece of work. All of the rough grading has been practically completed, and as soon as the surfacing can be done the road will be ready for travel. Prisoners confined to the county jail for misdemeanors have been employed, being given a specified time off their sentence for their work, which is an incentive to them to do good work. The crew has done excellent work, every member applying himself to the job.

As a result of this plan the Mount Nebo road will be listed as one of the cheapest pieces of construction work the county has completed in recent years, considering the nature of the ground upon which the road bed was built. Practically half of the road has been cut through solid rock, while it all lies along the side of the hill. It affords an outlet for the residents of Umpqua Park. Addition, and opens up that section. The road is very scenic, following, as it does, along the river, and no doubt will be popular drive during the summer months.

It surely costs a lot to live and the trouble is you don't always get your money's worth at that. Try GRIMM BROS. MILK BREAD just for a change. Phone 133.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Ed. The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards' Olive Tablets, the compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color, 15c and 30c.

GOBBLEERS FAIL TO ARRIVE FOR INDOOR BASEBALL GAME.

The game of indoor baseball scheduled for last night, between the team of Umpqua Post of the American Legion and the Oakland Gobbler, failed to take place owing to the failure of the Gobbler to make an appearance. A misunderstanding of the arrangements for the date of the game was the reason for the failure of the Oakland team to come to the city. A game was played with the Bay Scout team and a good time was enjoyed in spite of the failure of the scheduled contest to materialize.

All members 7:20 Encampment are requested to be present at the regular meeting Wednesday night at 7:30 o'clock. Work in the Patriarchal degree—large class. FRED MILLER, C. P.

SON OF WEALTHY AUTO MAN MARRIES

(Associated Press Local Wire.) NEW YORK, Mar. 11.—Reed Albee, son of E. F. Albee, automobile magnate, was married last Friday to Frances Cotter, 17 year old sales girl of Jersey City, N. J., it was learned today. They were married by a magistrate in Jersey City. Albee was divorced three weeks ago by Louise Williams, an actress.

RECOVER GIRL'S BODY FROM RIVER

LEIRBIC, Germany, Mar. 11.—The body of Helen Reichert, of Canton, Ill., music student, which was recovered yesterday from the river Elster, is to be cremated Friday in the presence of her parents and the members of the American consular staff. Miss Reichert disappeared on February 13 leaving a note to a friend indicating that she contemplated suicide. Her parents said she was subject to nervous breakdowns before coming to Germany to study.

Restore Health by Gland Treatment Says Science

According to a recent newspaper dispatch, the vicars of youth have been returned to men of mature age, through the beneficial results received from glandular treatment. This remarkable scientific work has been accomplished by the head physician and surgeon of one of California's State Institutions.

The object of glandular treatment is to wake up the derelictized glands so they may continue their normal function of supplying the vital glandular secretions so necessary to physical energy and perfect health.

USED HEAD AS A TEE; MAY NOT LIVE
 (Associated Press Local Wire.) PENSACOLA, Fla., Mar. 11.—Use of his head as a tee sent Johnnie Gates, 15 year old negro caddy at the Pensacola country club, to the hospital with a fractured skull. Play was dull on the course and Johnny was taking a nap. A fellow caddy placed a ball on his head and after taking a couple of healthy swings drove. He missed the ball. Doctors today despaired of saving Johnnie's life.

Bids will be received by the undersigned up to and including March 21st, 1925, for purchase of two hundred cords four-foot first or second growth red fir wood to be delivered at Cannery at Roseburg as follows: 50 cords in July, 50 cords in September, 50 cords in October, and 50 cords in November. UMPQUA VALLEY CANNING COMPANY.

STOP NEURITIS BEFORE NERVES "SNAP"

Thousands of men and women suffer from dangerous neuritis and at the danger of wrecking their entire nervous system, thus suffering a severe nervous breakdown, lightly call their trouble "just a case of nerves."

Science is now greatly concerned with the alarming increase in neuritis or nervous sufferers. Thousands of experiments had been made to find a remedy that would give immediate relief from nerve troubles and at the same time tone up the entire nervous system.

At last an eminent San Francisco physician announces a new discovery which has been proven by clinical tests to give relief from sharp, darting, tingling, creeping nerve pains, and give tone to the nerve cells, thus benefiting the entire system. This remedy is called Epsa Neuritic Tablets, and is based on the Science of Homeopathy, a method of treatment endorsed by eminent physicians throughout America.

Don't let your nerves wreck your life. If you have any signs of nervousness or nerve trouble, gain relief and ward off serious disease at once with Epsa Neuritic Tablets. Guaranteed harmless; no bromides or narcotics. Your druggist will recommend them. W. F. Chapman's Pharmacy will supply you. Mail orders filled.

PIRATE SQUADS PLAY THE GAME

(Associated Press Local Wire.) PITTSBURGH, Mar. 11.—The two Pirate squads yesterday duplicated their Sunday performance by staging another 8-8 game at their training camp at Paso Robles, Cal.

Mike Martineck, the Buffalo candidate for first base, continued to show up well at bat.

SEARCH CONTINUES FOR TWO LOST BOYS

(Associated Press Local Wire.) WINNIPEG, Mar. 11.—Searching parties, snowshoes were continuing a hunt today for Raymond Primeau and Marcel Goff, both 16 years old, who have been missing from their homes since Sunday. Friends say the youths probably lost their way in a snowstorm, one of the heaviest in many years while attempting to run away from their homes to the United States.

Winnipeg and other cities in Manitoba, Saskatchewan and Alberta were struggling to throw off a heavy white mantle that enveloped the prairie provinces yesterday after twenty four hours of continuous snowfall.

Street car service was paralyzed and railway transportation was seriously affected.

We sincerely hope you are not married to any particular brand of bread. For your own satisfaction try a loaf of GRIMM BROS. MILK BREAD. Phone 133.

SEND YOUR NAME AND ADDRESS PLAINLY WRITTEN TOGETHER WITH 5 CENTS (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping cough, and Licking Throat, Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for horse, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents.
