STATE MAY HELP KEEP OFFICER AT REEDSPORT

(Continued from page 1.)

9000.00 for the State Prohibition fund it will require twice \$2287.24 from Douglas County and not \$1,000.00 additional, as Senator Eddy has figured it. On January 1st of this year we had approximately \$1300.00 left in our prohibition fund. Had we been required last year to contribute our share of \$50,000.00, we would have had a deficit of almost \$11,000.00.

"I am considering this matter purely from a practical standpoint. What the law-abiding people of Douglas County want is the best possible enforcement of the law. In my judgment, that could have been better achieved by leaving the prohibition enforcement as much as possible in the hands of the local officers, who know local conditions and who are directly responsible for their acts to the people of Douglas County. I do not question the good intentions of the Legislature amending the prohibition law. I only hope that practical application of the amendment will be as satisfactory as they expect.

"Senator Eddy suggests that an itemized statement of disbursements of the prohibition fund be published. Such action, in my judgment, would be equivalent to nullifying the law so far as its enforcement with prohibition funds is concerned. We have a number of people in this county who have given us much information that has resulted in the conviction of prohibition violators. We have paid for this information; we expect more information from many of these people. Their usefulness to law enforcement would be gone when their names were published. The vouchers covering disbursements of the prohibition fund are subject to inspection and audit by the county court at any time. Copies of those vouchers in my office will be exhibited to any person who is interested in the matter and who is a friend of law enforcement, including Senator Eddy.

"Last year we kept Douglas County in its place as one of the cleanest counties in the state. We paid approximately one-half that amount to the State Prohibition Department, for which we received absolutely nothing. However, in justice to the State Prohibition program, I will say that this was probably due to the fact that the State Prohibition Commissioner felt that other sections of the state needed his help more than did we.

"Whatever may be our opinions as to the wisdom of the present law, it is the law, and it is up to us and each of us to do the very best we can to make it an unqualified success; we ask the loyal cooperation of the people of Douglas County in that work. As Senator Eddy so aptly said, "In order to have successful enforcement of the prohibition law, there must be not only vigilant and competent officers, but a strong public sentiment back of them." That sentiment is growing in Douglas County. It is the greatest power for law enforcement that exists."

NOMINATION OF WARREN MAY BE RE-SUBMITTED

(Continued from page 1.)

ble, the senate had concluded another tie vote, 40 to 40, just as the vice-president, who could have cast the deciding ballot, entered the chamber. When at this juncture, Senator Overman of North Carolina, the only democrat who had voted for confirmation, withdrew his vote, the motion to reconsider was tabled and the fight was ended.

Not counting the preliminary switch in Senator Reed's vote, nine republicans joined all of the democrats present, except Senator Overman, and the one farmer-labor senator, Sherman, in voting against confirmation.

A number of administration senators visited the White House today to discuss the situation growing out of the rejection of Mr. Warren's nomination but none would undertake to interpret the views or purposes of Mr. Coolidge.

LEGION MEETING TUES.

This is the last meeting of Umpqua Post before the big Days of '49 show and the commander requests a good attendance. Committees will be named for the big event and much other important business transacted. Be there, fellows, Tuesday night.

UMPQUA CHIEFS NOTICE

Drill at 7 o'clock at the Armory tonight. Every Chief is urged to turn out and participate. This is important if the Chiefs wish to make a good appearance at the Strawberry Carnival. Tonight at 7 o'clock for one hour.

Reed of Pennsylvania and Wade of New York, discussed the situation at an hour's conference with the president. The senators said afterwards that Mr. Coolidge offered no comment.

PORTLAND, Ore., Mar. 11.—Wallace Mead, of Portland, who was considered at Washington today in connection with the office of Attorney-General has frequently been mentioned as likely to obtain some high federal office because of his action in placing the name of Calvin Coolidge in nomination for vice-president at the convention in 1920.

Mr. McCamant is at present practicing as an attorney at law in Portland. He was associate justice of the Oregon supreme court from 1917 to 1918. He has been active in republican political circles in the state for many years. He is a former president of the National Society of Sons of the American Revolution.

BORN

ANGLIN—Mr. and Mrs. Floyd Anglin, at their home in Dillard, Tuesday, March 10th, a girl.

ROYER—Mr. and Mrs. L. R. Royer, at their home in Dillard, Saturday, March 7, a boy.

Painting, paperhanging, kalsomining. Work guaranteed. Phone 542-R, or call 320 W. Washington Street.

CITY MANAGER PLAN REJECTED BY SEATTLE.

SEATTLE, Wash., March 11.—Returns today confirmed defeat in a popular election here yesterday or a proposal to supplant the mayor of Seattle with a manager chosen by the council. Mrs. Henry Landes, wife of the dean of science of the University of Washington, who once while acting mayor replaced Police Chief Sorensen, an appointee of Mayor Brown, with herself and in another absence of the mayor from the city started a movement to curb slaughter by automobiles, was re-elected to the council.

The city manager proposal received 22,470 votes to 26,942 against it. Mrs. Landes ran third to E. L. Blaine, and re-elected and former city manager Oliver T. Rickson, three seats being filled. The voters, 32,463 to 11,623, authorized issue of \$2,250,000 bonds to build school houses.

Use Carbols for whitewashing. It disinfects and makes a good white coating that will not crack off. Sold by Wharton Bros.

BUY SILVERWARE now

and mind—
Buy it at a Jeweler's

We have made it our business to know good Silverware, and be sure of this also—Each article here is priced to sell at the LOWEST figure that it can be sold for anywhere.

Please read that last sentence again. Because plenty of people think the large city stores can undersell us, but that is a mistake.

Satisfy yourself on that point by looking at our beautiful stock of Sterling and Silverplated Ware.

And we will engrave it to suit you.

Every purchaser of Silverware this week will receive a gift which is a valuable accompaniment to any collection of Silverware.

STATE DELEGATION IN CONGRESS FAVORS AIRCRAFT DEFENSE

A well attended meeting of Umpqua Chapter Reserve Officers' Association, was held last night at the Umpqua Hotel. The chapter received its charter at this meeting, and is now officially recognized. Lieut. Oscar Borrie was in charge of the instruction program, his subject being Army Organization.

At a previous meeting the chapter went on record as favoring more adequate aircraft as a necessary adjunct of the nation's defense. This resolution was forwarded to the Oregon delegation and the answers received were read last night. The resolution was as follows:

Whereas, it appears from recent testimony of army and navy officials before the appropriate committees of congress, from writers in the public journals, and from common report, that the air forces of the United States are admittedly inferior to the air forces of other powers, and that the aircraft used by the air services are either obsolete or obsolete, leaving the United States practically defenseless to hostile aerial attack.

Therefore, the Umpqua Chapter, Reserve Officers' Association of the United States, in session duly convened at Roseburg, Oregon, February 16, 1925, after seriously debating the matter, and hearing the several views of well informed officers of the Reserve, do unanimously adopt the following resolutions:

Resolved, that Umpqua Chapter, Reserve Officers' Association of the United States, do urge and pray the state of Oregon's representatives in congress to vote favorably on the subject of adequate aircraft defense, and it is further, Resolved, that a copy of these resolutions be forwarded to each member of the Oregon delegation in congress, to the two senators from Oregon, the state department of the Reserve Officers' Association, and to national headquarters of the Reserve Officers' Association.

The following replies were received from members of the Oregon delegation, indicating their stand on this important question:

"Am in favor of adequate aircraft defense, and am glad to have the letter from Umpqua Chapter."

"CHARLES L. McNARY"

"I desire to acknowledge receipt of copy of resolutions adopted by Umpqua Chapter. I am very glad to have this copy of your resolution, and thank you for the courtesy, and shall give this matter most serious attention."

"ROBERT N. STANFELD"

"I too have been giving attention to the dispute between the departments and others relative to the aircraft situation in the U. S. I appreciate the great importance, in fact one might say, the absolute necessity for proper aircraft development and shall vote for suitable measures and necessary appropriations."

"W. C. HAWLEY"

"I wish to thank you for sending me a copy of your resolution adopted at the meeting for your association on Feb. 16, 1925, relative to the air service of the U. S."
