### PASTOR DECLARED DEAD AWAKENS AND TELLS EXPERIENCES

(Associated Press Local Wire.) ROCHESTER, N. Y., Mar. 12.— How Dr. Samuel W. Beaven, pastor emeritus of the Lake Avenue Baptist Church here awoke to life after his family believed him dead, and for days thereafter, before death actually occurred on February 26, "lived in another world," was revealed today by his son, the Rev. Dr. Albert W. Beaven.

Moved to awe by the profound spiritual experiences which he communicated to them his wife and sons preserved a written record of all Dr. Beaven said during the time the conviction that he was in another world remained with him.

The account of the beauties and mode of life in "the other world," that Dr. Beaven is said to have told his family, gathered about his bedside was not divulged by relatives.

Whether death in the physical sense had occurred a week before is a question puzzling his relatives today.

"We do not believe that he did actually die at that time," said his son today. "But we know that he had a firm conviction that he was going to die and that he felt into a sleep after what appeared to be a period of suspended animation, from which he awoke in the belief that he was in another world."

"The fact that death occurred or did not occur, as I see it, does not alter the profound spiritual experience that he undoubtedly underwent, nor does it lessen the spiritual significance of the message he conveyed to us."
