PERSONS OF HIGH RANK IN SCANDAL

LONDON, March 17.—Another "mystery" case, involving persons of high rank, came up before a British court today, when the suit of Mrs. Muriel Waterhouse against Sir David Wilson-Barker, Lady Wilson-Barker and R. P. Sheldon went to trial after consent at the judge's request had vainly tried to effect out of court a settlement of the affair, the mere mention of which Justice Sir Montague Sherman said was a "scandal."

One of the features of the case, which was merely docketed as one involving fraudulent misrepresentation was the declaration of Mrs. Waterhouse's counsel that Lady Wilson-Barker was the principal defendant and that Sir David, who is a noted naval expert and geographer, was made a defendant, because he is legally liable for her "wrong doing." Outlining the case, counsel said the victim of the alleged conspiracy was the late Alfred Frances Waterhouse, son of a wealthy family, who first met Lady Wilson-Barker at Harrogate, the fashionable watering place, in 1896. His widow was now seeking, counsel declared to recover money "extorted from him." She alleges that Lady Wilson-Barker secured large sums of money from Waterhouse through fraudulent representations with Sheldon.

Discussing the character of the case, which was barely outlined, counsel said it was one of a kind "which of late has been too common."

"If it represents in any way the normal state of English Society," he added, "then I am tempted to think, with exposure after exposure, that strengthening the law is the only remedy. But I am sure it does not represent anything but a very exceptional case."

BUICK DISPLAY, DEMONSTRATION

Beginning Thursday afternoon and continuing over until Friday night, an automobile exhibit and demonstration will be staged at the Armory by O. C. Baker, the local Buick dealer, at which time he will place on display most of the late model cars.

besides showing a classic, in which all of the fine features of the machine are made plain. In connection with this showing a movie picture exhibition will be thrown on the screen both Thursday and Friday nights. Those pictures will depict Buick factory and methods of construction, and in addition will show a film of pictures taken by the Hawley expedition into Mexico last season. Then to finish up the program of two days of intensive exhibition and demonstration work, Mr. Baker stated that on Friday night the closing event will be a social dancing party. This feature will come after the picture show on that night. During the two evenings of demonstration there will be a band concert, and Mr. Baker is not leaving anything undone that will add to the interesting features of the demonstration.

Assisting in this work is Mr. Ed V. Knox, representative of the Buick Company, who arrived in Roseburg yesterday from Marshfield, where a similar exhibition has just been put over. Mr. Knox will remain here until Saturday night. He is accompanied by Alkali Ike, who is a well known Buick motorist, representative, and who was with the Hawley expedition to Mexico. These gentlemen are giving of their experience to make this demonstration in Roseburg worth while to the people of this section.

This entire demonstration and entertainment is entirely free. No one will be asked to contribute a single cent. But those who are automobile owners, no matter what make of car they drive, will be amply repaid for the time spent in inspecting these late model cars and listening to expositions on care of cars, seeing how the industry is carried on through the medium of motion pictures and investigating the details of mechanical construction of the machine as well as the details of the sealed Buick chassis, in which can be seen the continuous wall of iron and steel housing behind which the driving units operate. The whole demonstration will be a revelation of 1925 models that are brought right up to the minute by progressive automotive engineers.

Another feature will be the giving out of tickets to all visitors at the demonstration. These tickets are all numbered. Two of these tickets—one for each night—are lucky numbers, and to the parties holding them a credit of \$25 will be given on the purchase price of any model Buick car they may decide to buy.

BRITISH DEVELOP TASTE FOR FRUITS

(Associated Press Leased Wire.)

LONDON, Mar. 17.—British people are developing the fruit eating habit, and while not quite up to the "apple a day" standard, the average consumption during 1924 was 85 apples, 53 oranges, 12 lemons and a quarter of a grape fruit. The fruit trade federation says the country spent over 1,000,000 pounds sterling more on fruit in 1924 than in 1923.

LYNCHLESS LAND CRY OF CHURCHES

WASHINGTON, Mar. 17.—"Let the churches cry aloud for a lynchless land in 1926," says the statement of the federal council of churches in its third national non-lynching roll of honor.

Thirty-eight states earned places on the roll of honor by being free from lynchings last year, according to a statement issued by the council's committee on race relations today.

Ten states—one more than last year—bore the black shame of lynchings. Though one more state had lynchings than in 1923, the number of mob murders was cut in half. Leaders point out, that four lynchings have been recorded so far in 1925 and there must be increased efforts upon the part of the churches and governmental authorities against this type of lawlessness.

JOHN MCGRAW HAS SOME FINE MATERIAL

(Associated Press Leased Wire.)

SARASOTA, Fla., Mar. 17.—John G. McGraw, veteran manager of the New York Giants, has concluded that the team he will lead into the 1925 pennant race is "a good young club" and that it has plenty of reserve strength. "My team is rounding to pretty fair shape," said McGraw today. "The best thing I can say about it with the most certainty at this time is that it has lots of reserve strength. I have some good looking youngsters, but just how good they are I am not yet ready to say. My outfield is not working yet. Wilson has a Charlie Horse; Mc-

sel has just reported; George Kelly's father died recently and he hasn't turned up yet.

"As for the new men, I am not prepared at this time to say that I have a really outstanding player among them. It is too early. There may be one or two, but wait a month and then I'll be able to say. Maun and Dean both look better than last year. I believe Kent Greenfield will make a good pitcher and Frank Walker has done well in the practice games. All the regulars have reported in excellent condition. Jack Bendley is already down to within a few pounds of his proper pitching weight. Weisner, the player I got from Rochester, has a lot of stuff, but he is still a little wild.

"We have a good ball club. I don't know where we'll finish, but we'll give them a battle down the home stretch of the pennant race.
