CANADA REPORTS INCREASE IN ACRE YIELD OF WHEAT

(Associated Press Leased Wire.)

OTTAWA, March 16.—Canada's wheat area of 22,055,710 acres in 1924 yielded 262,997,000 bushels of an estimated value of \$320,362,000, according to the last report of the Dominion Department of Agriculture. The average acre yield of fall wheat was 23.8 bushels against 23.75 bushels in 1925 and 22.8 bushels for the last five-year period.

Valuation of other field crops of Canada for the year was estimated at \$30,034,000 for oats, \$60,509,000 for barley, \$4,626,000 for mixed grains and \$18,849,300 for flaxseed.

The aggregate value of all field crops was \$99,627,900, an increase of \$97,091,000 over the previous year.

M. S. WOODCOCK, BENTON PIONEER, IS DEATH VICTIM

(Associated Press Leased Wire.)

CORVALLIS, Ore., March 17.—M. S. Woodcock, a pioneer of Benton county, regent of the Oregon Agricultural college and president of the First National Bank of this city, died early this morning as the result of a stroke of paralysis.

Mr. Woodcock was in an automobile accident about a year ago when the car driven by Dr. W. J. Kerr, president of the Oregon Agricultural College was run into and tipped over by another car driven by a Japanese. He suffered an internal injury that troubled him ever since. Under the advice of physicians he finally consented to go to Portland for an X-ray examination and was stricken Saturday, the day before he had planned to go.

Funeral services will be held Tuesday, in charge of the Masonic lodge in all of whose branches Mr. Woodcock was a member.

SOUTH CAROLINA REVIVES SPORT OF OLDEN TIMES

GAMERON, S. C., March 17.—(AP)—Revising an old southern sport, which had fallen into disuse for nearly 50 years, the people of this little South Carolina town have reinstated the annual custom of holding tilting tournaments.

Harking back to the days of chivalry, the sport of tilting now consists of a series of charges by horsemen down a course in attempts to secure upon their wooden lances small rings suspended above the track.

Following the tournament, the most colorful event of the day is the coronation of the queen at the town auditorium where, surrounded by her attendants, the reigning lady of the tournament is enthroned. Knight, ladies, pages and heralds in full regalia contribute to the picturesque ceremony. Plans for the holding of a tournament here during July are under consideration, it is said.

Originating probably in the "quintain," a sport of old France in which five, instead of three, rings were used, the southern sport of tilting is thought to have been introduced into this country by early settlers of French origin.

Stop Coughing

The simplest and best way to stop coughs, colds, croup, bronchitis, whooping cough, is to take Chamberlain's Cough Remedy.

It is a safe and reliable remedy for all coughs, colds, croup, bronchitis, whooping cough, and all other respiratory ailments.

It is a safe and reliable remedy for all coughs, colds, croup, bronchitis, whooping cough, and all other respiratory ailments.

CERTIFICATION OF BROCCOLI SEED ADVISED

Growers Lost Nearly Quarter Million This Year County Agent Says.

MANY STRAINS POOR

Found Over 25 Different Varieties of St. Valentine Broccoli in County.

Broccoli growers of Douglas county lost over \$250,000 this year because of poor seed selection, according to County Agent Cooney, who with Prof. A. G. Boquet of the Oregon Agricultural College spent nearly a week examining seed strains in the county.

"We found more than 25 strains of St. Valentine broccoli," Mr. Cooney said, "and only a few of these were true strains, the rest coming from spurious seed. Many of these strains were poor, and the loss directly from bad seed was enormous this year."

"There is only one solution to the broccoli seed problem and that is certification; testing the seed a year in advance and keeping a close check upon its performance. That is the plan upon which we are now working, and we hope to have it in use soon. It requires about 250 pounds of seed to supply the county. Under the certification plan seed dealers would be required to place their seed in banks a year before they expected to sell it. We would take samples of it and sow in a test field, where under ordinary conditions the various strains would be given a thorough and careful testing. Then we would call in a committee of growers and would make a careful check after the crop had ripened. We would determine how well the seed adhered to the strain, would check the heads, as to quality, ascertaining the number of culms and the number one stalk, and would then be in a position to advise growers of just exactly what kind of seed would give the best results."

"It costs approximately \$100 to produce one acre of broccoli. It requires only two ounces of broccoli seed to sow that acre so that each ounce of broccoli seed is worth more than \$50 in the field, so that it is very important that very careful attention be given to seed selection. It is upon the quality of 2 ounces of seed per acre that the grower must base his results, and until certification is employed results will never be satisfactory and we will continue to have this hedge-podge of strains and continued financial loss."

"Until some system of testing seed is adopted, we will continue to find a great amount of spurious seed. This year several growers bought seed from a dealer, who even admitted that he did not expect good results. To the surprise of all, the dealer included, the seed turned out well. Next year growers are apt to expect similar results and will load up with a lot of poor seed that will cause them heavy losses."

Mr. Cooney states that plans are now being considered to arrange for a reliable dealer of dealers some near date, at which time the matter of certification will be taken up and an effort made to determine upon some method of putting the plan into effect.

Farm machines of all kinds at Wharton Bros. A full carload has just arrived.

RICE CREEK SCHOOL NEWS.

Lucille and Leroy Meredith of Roseburg, were visiting their grandparents on Rice Creek, they came Monday evening.

Byron Coulter and family are moving down beyond Klamath Falls Saturday morning.

The last sewing club meeting was held at Mrs. J. J. Meredith's house on Wednesday afternoon. Refreshments were served by Mrs. Meredith.

Mr. G. T. Roper is repairing the Rice Creek road.

Mrs. W. R. Royer, who has been sick has been getting along all right, but the last few days she has been worse.

On Saturday, March 7, fifteen of Marie Bassotti's friends gathered at her home for her birthday party. This is her 11th year. Ethel, Eva, Della and Douglas Rice, Lillian and Velma Royer, Hazel and Chester Bradford, Frances, Florence and Wilbur Meredith, Coleen and Glenford Hyatt were present. Mrs. S. B. Hyatt and Mrs. W. B. Chalker served the lunch at about 3:30 and all had a very good time.

Rev. Dollarhide of Roseburg, visited our Sunday School March 8. He preached a very good sermon.

There will be a Shadow Box Social Saturday night, March 21, 1925, at 8 o'clock at the school house. A short program will be given.

BURTON HUTTON WINS PRIZE

OREGON AGRICULTURAL COLLEGE, Corvallis, March 16.—Burton Hutton of Roseburg was one of the night editors of the Daily Barometer, campus publication, who received a prize in a recent contest.

The purpose of the contest was to give which editors could complete their work earliest. Mr. Hutton is a junior in commerce and a member of Sigma Phi Epsilon fraternity.

LODGE DIRECTORY

O. O. F., Philetarian Lodge No. 2.—Meets in Odd Fellows Temple every Friday evening. Visiting brethren are always welcome.

DONALD YOUNG, N. G.
A. J. GEDDES, Rec. Sec.
J. B. BAILEY, Fin. Sec.

W. E. A. O. T. W., Roseburg Re-view No. 11.—Holds regular meetings on second and fourth Thursdays at 7:30 p. m. Visiting members invited to attend re-views. Maccabee hall, Pine and Cass streets.

CLARA BONEBRAKE, Com.
JESSIE RAPP, Col.

Friday, March 13th, Mr. Byron Coulter lost his hand badly while cutting wood with a drag saw. A rotten stump was underneath the saw and he was cutting it out with the sledge, when his hand slipped and brought it crossways with the blade. The blade made a double stroke across his hand, cutting the ligaments in the back of his left hand.

Hazel Bradford has been absent from school Monday and Tuesday.

There will be a meeting at the School house Saturday evening at 7:30 o'clock; Mr. Kenneth Tobias is the missionary. All are welcome.

MAYHURST NOTES.

George Hamilton, who has been working at Oakridge for some months past, is home to put in his spring crop and garden.

Henry Williams made a brief visit to Roseburg last week to see his sister, Mrs. Clifford Hannan.

Arthur Williams was a business visitor to Oakland last week. Uncle John Miller was slightly indisposed from the effects of a bad cold during the past week.

Miss Emily Alford, the Hayhurst school teacher, visited home folks at Drain over the week end.

Florence and Hermann Miller and children attended the services at the Christian church in Drain last Sunday.

The Miller and Kruse saw mill is doing a good lot of work this winter and have on hand about 250,000 feet of lumber, but owing to bad roads they will not be able to get any haul out for some time.

Mr. and Mrs. Nathan Crow and Mr. and Mrs. Thos. Howard, of Yoncalla, attended services at the Hayhurst school house on Sunday night, D. W. Fullerton and R. R. Tull, two traveling Evangelists have been preaching here for the past few days, to good crowds.

We have all enjoyed reading of those whom "Prune Pickins" has honored by putting their names in the list for the "Hall of Fame." Among them, that grand man, Binger Hermann, Uncle John Miller, recently received a letter from his old friend Binger—they were boyhood friends—congratulating him on having passed his 88th birthday anniversary. Some day, we are going to write up some of the interesting little stories that Uncle John can tell about trips he and Binger took together more than sixty years ago, when they were young men together. We are always hoping to see a History written by Binger Hermann, which will be filled with little personal experience and interesting history he is so well qualified to write.

XX

WHEAT PRICES TAKE HEAVY DROPS TODAY

WINNIPEG, Man., Mar. 17.—With a crash which sent the wheat market into a state of complete disorganization today, prices dropped 1 1/2 cents within 10 minutes. May went down to \$1.59 on the extreme bulge, while July underwent an even more serious loss, slumping 1 1/4 cents.

The panic also seized the coarse grain markets, prices on all these commodities breaking severely.

Car of fresh plaster in at a new low price, L. W. Metzger.

WINNIPEG, Man., Mar. 17.—May wheat fell 1 1/2 cents to \$1.53 on the Winnipeg grain exchange before noon today in the most drastic break ever recorded in a single day here.

The pit was in a turmoil with traders unable to execute stop loss orders or sell their holdings.

CHICAGO, Mar. 17.—So wild were the fluctuations in wheat prices that traders in different parts of the pit were as much as six cents apart. May wheat in the first dealings ranged from \$1.54 to \$1.60.

A big drop in quotations at Liverpool overnight had preceded the collapse here and had contributed to the acute weakness of prices.

Fumbling down in prices spread quickly to other grains, especially rye and corn. Rye fell 11 cents to \$1.13 for May delivery. Corn dropped 5c in some cases. New low price records for the season were reached by all deliveries of oats and by distant deliveries of rye. Oats suffered an extreme setback of six cents a bushel.

Studebaker costs less a per pound than butter.

Neighbors of Woodcraft, First and Third Streets, on first and third Monday evenings, in K. of P. hall. Visiting neighbors invited to attend.
