Lillian Gish Eats Raw Carrots for Nervousness; Famous Actress Does Not Understand Contracts. (Associated Press Local Wire.) NEW YORK, March 25.—Lillian Gish eats raw carrots for nervousness. This vegetarian habit of the screen actress was revealed in federal court at the trial of a suit brought by Charles H. Duell, president of Inspiration Pictures, Inc., to compel her to make pictures only for his company. Throughout the opening session of the trial yesterday Miss Gish took an occasional bite of a carrot. Spectators wondered whether the diet had anything to do with her enviable complexion. She was asked the reason. "Oh, I'm awfully nervous," she replied. Holland Duell appeared as counsel for his brother. He described the action as "a contract jumping case."
