INSANITY CHARGES WILL BE MADE IN BRANDING OUTRAGE

(Associated Press Leased Wire.)

OROVILLE, Cal., Mar. 26.—District Attorney William E. Rothe, announced today that he would file a charge of insanity against Mrs. Edward Rhodes, sister of Herman R. Sharlow, who died last week after branding his body with a red hot iron rod.

Mrs. Rhodes, Rothe said, yesterday, confessed that she had branded her brother as a part of the ritual of a private religious cult of which the two were members. Mrs. Rhodes told the district attorney that her brother was a willing victim.

The district attorney expressed the opinion that a life insurance policy for $2,000 on the life of Sharlow, which had been taken out at Redding prior to the branding ceremony, had no connection with the branding.

ROSEBURG ROSIE TO MEET HOOT OWLS ON FRIDAY NIGHT

Rosie from Roseburg, "where the posies grow," will be a visitor at the Hoot Owl session at Radio station KGW Friday evening. Rosie started for Portland last week, but her bicycle blew out a tire at Winchester and she had to return home for repairs. Word was received today from Dick Haller, the boy with the loud speaker voice at the Oregonian station, that Rosie reached Portland safely this morning. Her boquet of buttercups was wilted, but she is already to do her broccoli dance for the Hoot Owls tomorrow night, and Roseburg fans are urged to listen in for her dulcet tones as she gurgles soup at the Hoot Owl banquet.

ROSEBURG ROTARY CLUB WINS PRIZE FOR ATTENDANCE

The Roseburg Rotary club today received word that it had won the cup for the greatest percentage of membership at the district convention, considering the distance travelled. At the convention the cup was awarded to the Coos Bay Club, but M. S. Hamm, president of the local club, called the attention of the committee to an error in figures, and received a message today announcing that recheck revealed Roseburg to be entitled to the prize and first place in the attendance contest.

Thirty-one out of the thirty-seven members of the Roseburg club, attended the district convention at Portland, which was an exceptionally good showing, and although Coos Bay was also well represented, the Roseburg Club was considered the best represented of any of those having members present at the convention.

The regular weekly luncheon of the local Rotary club was held today as usual, although not all of the members have as yet returned. All of those present, who had attended the convention, were required to make short talks, telling of their own impressions of the meeting. Each one had some different angle which appealed to him most, and the general discussion resulted in a great deal of new sidelights being presented. All agreed that the convention was one of the most enjoyable events of its kind that they had attended.

The next convention is to be held at Victoria, B. C., and plans are already being made to hold it on board one of the great ships in the harbor there.

LOCAL NEWS

J. G. DAY, Secretary

"Home Manager-Purchasing Agent--Art Director--Wife"

Just a slim girl, maybe, or a motherly woman with sweet eyes and white hair—but what a responsibility is hers!

She is the active partner in the business of running a home. She buys most of the things which go to make home life happy, healthful and beautiful. Through her slim, safe fingers goes most of the family money.

And wisely and well it is usually spent too—far better than the average man could spend it himself. For women are better purchasing agents than men. They compare prices, weigh values and shop carefully.

They read advertisements regularly. Every day you'll find the wise little home manager searching the advertising columns for news that will add to the comfort, convenience and improvement of her home. You will find the same clever purchasing agent studying the advertisements to find where and when to buy, and what and how to buy most economically. The advertisements, too, tell this responsive art director how she can make her home more beautiful, more individual—the kind of home that a man appreciates but never knows how it is done!

Advertisements are the wise counsellors in the spending of money that the clever housewife heeds daily.

THE BUSINESS OF RUNNING A HOME IS MADE EASIER BY READING THE ADVERTISEMENTS

Competent!

THIS is the Lancaster Certificate. It hangs in the display room of the merchant who has exclusive sales rights to Lancaster Cord Tires in this community. It is significant to you because it stands for competency—for reliability, for earnest business purpose, for complete service facilities.

This sign identifies more than a tire dealer. It identifies an established business, based on providing you with good tires backed by good service. It is the sign of assured satisfaction, the mark of an establishment inspected and approved by the manufacturer whose product is there sold.

When you buy under this sign, you buy under double protection—the word of a local business man and the work of an established manufacturer.
