WANT QUICK SETTLEMENT

(Associated Press Local Wire.) WASHINGTON, Apr. 2.—France's continued delay in proposing a funding of her war debt has led to a revival of agitation here for some affirmative step by the United States designed to hasten a settlement. Some of those who have talked with administration officials on the subject, believe a formal note may be sent soon to all the debtor nations asking them to submit a funding plan. Nevertheless, there have been unmistakable evidences of patience in many quarters and continuing pressure has been brought to bear by influential members of congress favoring a definite move by the American government.

YOUNG MEN GUESTS OF ROTARY CLUB

The Young Men's Business Club was the guest of the Rotary club at today's luncheon at the Umpqua hotel, a large number being present. Henry Booth addressed the boys and gave them much wholesome advice. He related many instances of his boyhood days that demonstrated that the road to success was by no means a paved highway, but on the contrary met with difficulties that required more than the ordinary amount of energy and thrift to overcome. Volney Dixon, a former Roseburg boy, but now located at Medford extended an invitation from the Rotary club at that place to join Medford, Grants Pass and Klamath Falls Rotarians in an inter-city meeting to be held at Copco, Calif., on the 25th of this month, at which time a picnic and program will be held for the benefit of all Rotarians and their wives. The local club will take immediate action to plan to be present at the gathering. The miracle man, Albutus, now giving nightly programs at the Majestic theatre, demonstrated his ability in a very clever manner with a short program and proved most interesting. A. S. Wallace, the gravel dealer, was introduced as a new member today. Several visitors were present and the meeting was interesting from every standpoint. CHANGE A business deal was completed today when Fred Miller purchased the interest of Ray H. Buell in the Grand Hotel barber shop. Mr. Buell, however, who has been connected with the business for a number of years, will retain his place as a clerk in the shop, and no change will be made in the present methods or personnel of the establishment.

PRICE OF WHEAT TAKES A TUMBLE

CHICAGO, April 2.—Wheat prices tumbled headlong downward today, six cents a bushel, May delivery falling to \$1.43 1/2. Breaking of the drought in the Southwest and West was largely responsible. Four inches of rain in parts of Texas were reported.

CHICAGO, April 2.—Selling on a big scale in the wheat pit took place, the news at hand from Kansas and Nebraska as well as from Texas indicating that continued drought damage to the domestic winter crop had finally received a great check. Previous estimates of probable abandonment of wheat plantings this season had run up into millions of acres.

Right at the opening, the wheat market took a downward plunge ranging from 1 1/2 to 4 1/2 cents per bushel. Subsequent price fluctuations were rapid with May delivery showing the most weakness. From \$1.43 1/2, however, for that month the market rebounded more than 3 cents to \$1.46 1/2.

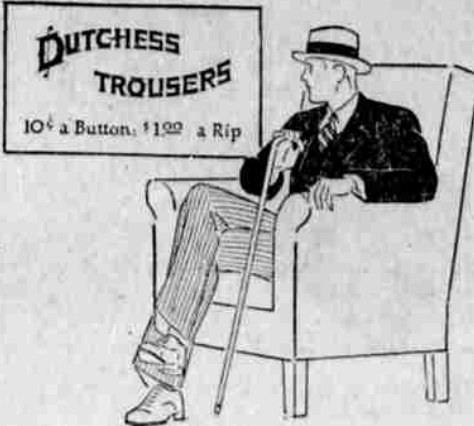

Indefinite reports of financial troubles in Italy, tended to keep grain markets unsettled later, despite advices that rain reports from Texas had been exaggerated. The reports from Italy appeared also to have been magnified, one authority saying that they were due to non-payment for only 12,000 bushels of wheat. Nevertheless the earlier rallies in wheat prices failed to hold and broke the middle of the day new breaks in price had sent May delivery down to \$1.42 1/2 and extreme loss of 7¢ since yesterday's finish.

Says Greatest Rheumatic Medicine in All The World

Hundreds of Bottles Being Sold Declares Nathan Fullerton, Who Guarantees It and Is Dispensing It to Many Sufferers in This Vicinity.

"It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges," says James H. Allen, of 26 Forbes St., Rochester, N. Y. "I know that Allenhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints." "I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work and Allenhu made a well, robust, healthy man of me." "I know because since I cured myself hundreds have taken Allenhu and speedily rid themselves of this agonizing disease." Allenhu is no lazzard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposits and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.
