SUFFERED AFTER BIRTH OF BABY

Trouble Caused by Getting Up Too Soon. Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Talcville, New York. — "I thought it would interest you to know what benefit I have derived from taking your medicine. A few days after the birth of my third child I got up too quick. Then just before my fifth child was born I had inflammation of the bladder and displacement. Seeing your advertisement in a Liverpool (England) paper I began taking Lydia E. Pinkham's Vegetable Compound and that was the best confinement I had. Whenever I feel run down I always take the Vegetable Compound as a tonic. We have just removed from Brockville (Canada) so I was pleased when the store ordered the medicine for me and I got it today. I would not be without it for any price and I recommend it to ladies around here because I feel so sure it will benefit any woman who takes it." — Mrs. AGNES WIGNALL, Talcville, New York.

WASHINGTON, April 4.—Secretary Weeks, who is ill with cerebral Thrombosis passed such a restful night that the attending physicians did not find it necessary to call at the sick room until well into the morning.

MAY EXTRICATE COLLINS' BODY

(Associated Press Leased Wire.)

CAV ECITY, Ky., April 4.—Tents today again dotted the hillside near Sand Cave as they did during the trying days when rescuers worked in vain to extricate Floyd Collins from the trap that closed in on him January 30 while he was searching the subterranean reaches of the cave country for a new and more beautiful cavern.

W. H. Hunt, a miner of Central City, Ky., who is directing the attempt to recover the body, estimated the job would take from two weeks to 20 days.

The contract, entered into with Homer Collins, brother of the victim who went on the burlesque stage to earn the money was taken for less than $3,000 Hunt said. He added that it probably would take considerable more than this to complete the task.

Each day the work will be preceded by prayer services, conducted by the Rev. J. S. Smith of Central City.

Three of the half dozen men engaged in the enterprise yesterday inspected the old crawlway in which Collins traveled. At apparently 100 feet from the entrance, they found the passageway closed.

This preliminary inspection completed, work of clearing out the shaft sunk by rescuers in the first attempt to rescue Collins was begun and early today it had been cleaned out to the depth of 22 feet.

SIX YEAR-OLD BOY HAS A BAD FALL

(Associated Press Leased Wire.)

BEND, Ore., April 4.—Joe Beaver, six year old son of Troy Beaver fell 40 feet from the top of the high water tank in the railroad yards yesterday and landed face down on rocks. A broken wrist, bruised face and possible internal injuries was the net result of the fall.

The lad slipped while at the top to the ladder where he had climbed and half way dawn managed to catch hold of one of the ladder rungs where he clung for a bare fraction of a second according to eye witnesses, then the headlong fall on the rocks continued.

SUPER-BANDIT FOUND GUILTY OF MURDER

(Continued from page 1.)

Building. He had nearly reached a window in another office farther down which would likely have led to freedom.

Chapman and George R. (Dutch) Anderson, an accomplice, were sentenced for the mail robbery in August, 1922, both receiving 25-year terms in the federal penitentiary at Atlanta, Georgia.

Both afterward escaped. Anderson is still at large.

Chapman made his own first successful dash in March, 1923. He was recaptured two days later, bleeding from several wounds, and placed in the care of surgeons, he escaped mysteriously a second time. For months he eluded a nation-wide search in which some of the best man-trackers in the country took his trail. Various crimes and "jobs" meanwhile, which apparently could not be otherwise explained, were put down as "It's Chapman." Almost invariably, however, they proved to have been done by someone else.

Patrolman James Skelley of New Britain, Conn., was slain when he surprised two safe blowers in a department store Sunday morning, October 10, 1924. He fell under the bullets of one yegg who shot his way out. The other was caught and proved to be Walter E. Shean, son of a Springfied, Mass., hotel owner. Shean said Chapman was the man who got away.

Three months later, January 18 last, Chapman was finally run to earth in Muncie, Ind., by postal agents who had never relaxed their two-year hunt. He was taken back to Atlanta, but was later brought to Connecticut for trial for the Skelley killing.

OUTLAW TO HANG.

(Associated Press Leased Wire.)

PHOENIX, Ariz., April 4. — Fearing that he would make an attempt to escape, officers late today rushed Will Lawrence, Oklahoma and Texas outlaw to the state penitentiary, where he will be hanged June 12, for the murder of a Phoenix policeman.

The death penalty was pronounced today on Lawrence for the slaying of Patrolman Haze Burch of Phoenix in February. The sentence given by Superior Judge M. T. Phelps, was in accordance with the recommendation of the jury that heard the case.

SMALL TOWN LEADS.

(Associated Press Leased Wire.)

CHICAGO, April 4.—The smallest town represented in the National inter-scholastic basketball tournament at the University of Chicago was eliminated by the next smallest today when the El Reno Oklahoma, team defeated Wheeler, Miss., 27 to 23 in one of the semi-finals.

The game was decided in the last two minutes of play, when Willingham, star center for El Reno, tossed a basket with the score standing 25 to 23.

Owing to the fact that the 5th of April comes upon Sunday, the tatxpayers have until Monday night to make their payments without being charged for interest as well. The taxes have come in very well so far for the first half, taking into consideration the financial condition throughout the county.

Taxpayers will have a longer time in which to meet the second half payments, as the law passed by the recent legislature gives 30 days more before interest is charged. This law, however, does not become effective until May, so did not afect the first half.

WEARERS OF BATHING SUITS NABBED.

HONOLULU, April 4.—Because they appeared on the streets near Waikiki Beach, wearing only their bathing suits, nine women were arrested today. The arrests were the first ever made under the famous Desha bathing suit law, which was enacted in 1921.

A bill to repeal the law is now before the territorial legislature. In the meantime, the women arrested will make a court test of the law.

The law in question which was sponsored by the Rev. Stephen L. Desha, a minister, requires that persons wearing bathing suits on Honolulu streets, wear an outer garment reaching at least to the knees.

GASTON MEANS INDICTED TODAY

(Associated Press Leased Wire.)

WASHINGTON, April 4.—Gaston B. Means was indicted here today for forgery in connection with the senate Daugherty investigation, in which he was a spectacular witness. He immediately pleaded not guilty and was released on $1,000 bail.

Means who recently was convicted in New York in a liquor conspiracy case and sentenced to two years in federal prison, is accused in the indictment here with having forged the name of Senator Smith W. Brookhart to a letter purporting to direct him to deliver all his records, files, diaries and letters to the Daugherty committee.

During the course of the inquiry, Means created a sensation by announcing that the great mass of records from which he had been testifying had been stolen. Committee members were dubious when he explained that two men had come to his home and presented a letter purporting to bear Senator Brookhart's signature and directing that the records be delivered to them.

To support his story, Means presented to Chairman Brookhart, what he claimed was the letter in question. Senator Brookhart pronounced the signature a forgery.

Gill's Delicious Giant POLE BEAN

When we introduced the Oregon Giant bean we felt it could not be surpassed for size and quality, but in this cross between Oregon Giant and Kentucky Wonder, we have originated a variety twice as productive, equal in size and quality—and we believe the easiest bean of all to pick. The beans are produced in clusters of 4 to 6 and it is easily possible to pick a pound of beans from three clusters. The flavor is unsurpassed and the pods are so meaty that they shrink very little when cooked. The pods are green, faintly striped with red lines which disappear when cooked. Very popular with home gardeners, market gardeners and highway stands. If you like green beans fresh for the table or for canning do not fail to order this. Pkt. 20c; ½ lb. 40c; lb. 75c.
