No Decision Reached—

At yesterday's conference between the public library board of directors and the business women's committee no definite decision was reached in regard to the proposed establishment of a comfort station in this city. The board, while not opposed to the project, doubted its authority to divert money from the library fund for any purpose not strictly within original limitations, and the idea prevailed finally that the city's end of the matter should be taken care of by the city council. Accordingly, the women's committee will take up the matter with that body in due time.

Visit at Dillard—

Mrs. S. Sheridan left for Dillard this morning to spend the day visiting with friends.

GRAFT CHARGES FILED AGAINST HEADS OF KLAN

(Associated Press Legal Wire.)
LOUISVILLE, Ky., April 7.—A petition asking membership for the local unit of the Knights of the Ku Klux Klan, alleging that funds had been "misappropriated, dissipated and squandered," was filed in circuit court here today by Dr. W. H. Morgan and A. J. Owens, insurance agent, recently suspended by the state insurance commissioner. Not less than \$20,000 has been collected by A. D. George, klan leader, and by A. W. Hopman, secretary and treasurer, the petition alleged. No report of the funds collected as initiation fees, dues and through gifts to the local order has been made to the membership at large the report says. The statements made by Klan agents, declared in the petition to have been "fraudulent and false," were responsible for the membership enrollment of 6,000 in the country. CITY COUNCIL GIVES DUTIES MUCH THOUGHT

(Continued from page 1.)
and arguments, such as have arisen in the past.
The session last night was one of the busiest to be held for several months. All of the councilmen were present, and the room was filled with interested spectators.
A committee composed of W. B. Day, T. H. Ness, C. S. Heinlein and Guy Gordon, appeared before the council and asked for concession rights during the strawberry carnival. The council was advised that the Umpqua Chiefs, who are in charge of the event, are desirous of bringing a carnival company here for the week from May 18 to 22, inclusive, and the nature of the contract was explained. It was shown that the company is to be the largest ever brought in for the annual festival, and that exclusive concession privileges must be obtained or the event could not be properly handled. The council readily granted the concession rights to the Umpqua Chiefs, although the committee was advised that the Chiefs would be held responsible for the conduct of the company, and that they would be required to see that none of the games conducted were in violation of the state or city statutes. The committee agreed to this provision, and also announced a willingness to provide extra police to handle the crowds.
C. S. Heinlein appeared also for a number of petitioners from the west side, who are requesting a light at the west end of the Oak street bridge. This matter was referred to the light committee as well as one for a light on the south end of Moore street.
The request of J. W. Draper for a culvert at the end of Main street, was referred to the street committee for investigation.
The recorder was authorized to pay city warrants amounting to \$2049, for the city's share in the paving of Rowe, Flint and Rose streets, which the city paid for the surfacing in front of its own property.
Councilman Kilder, chairman of the street committee, announced that the Mt. Nebo road has been finished, and that the city's share was \$1,277.35. This road was built at about half of the estimated cost, as the county used its crew of prisoners from the county jail, cutting the labor cost down. The bill was ordered paid.
It was reported by Councilman Day, of the fire and water committee, that a thorough survey had been made of the Terrace Park addition, and it has been found that the district is inadequately protected. The committee advised the installation of two new fire hydrants, one at the corner of Reserve and Terrace avenues, and the other at the intersection of Lane and Glenn streets. The report was approved and as the council deemed it to be the best policy to have extra hydrants on hand, the recorder was authorized to order four new hydrants.
A complaint of F. C. Fitzpatrick, that drainage water from Third avenue is running into the basement of his house, was referred to the health and police committee. The proposition of establishing a crossing from North Pine street to East avenue was discussed briefly, but no action was taken, as the committee desired further time for investigation.
Ordinances providing for the assessment of property abutting on E. Fourth street, which was recently paved and also for the granting of a spur track franchise to the Southern Pacific company, were read for the third time and passed.
It was reported to the council that the county road machinery is expected to be available to the city during the week, and that Harvard avenue and Second avenue south will be improved within a few days.
The city engineer was instructed to inspect the Deer Creek bridge and test the soundness of the structure to determine whether or not repairs are needed this year.
Coopers powder sleep dip at Wharton Bros. One dipping takes the place of two because the chemicals react every time the wool gets wet.

Men and Women in News of the Day

Mails of the United States, it is charged, are flooded with requests to speculate in a big Danish lottery, said to be sponsored and guaranteed by King Christian of Denmark. "Prince" Zerdecheno, self-styled King of Khurdistan, has been deported from New York to Europe by Federal authorities. Hanford MacNider, of Mason City, Iowa, former national commander of the American Legion, has been secretly married in Mason City to Miss Margaret McAuley, his boyhood sweetheart. Mrs. Leonard Kip Rhinelanders, in whose veins is said to be negro blood, and whose marriage to the scion of the famous New York family caused a sensation and a suit for annulment, laughed at the statement that her name was to be omitted from the social register, after having appeared in a monthly supplement.

Heart Beats Heard Over Radio

Physicians of Los Angeles, Cal., have succeeded in sending human heart beats over the radio. A specially constructed microphone was used, and the heart beats were picked up by listeners in all over the country. Dr. J. M. Danmore, assistant police surgeon of the Western Y. I. pictured making a test of the heart beats of Miss Betty Holmes through a Los Angeles broadcasting station.
