SALVATION ARMY REPORT SHOWS BIG GROWTH IN 1924

A report just received by Adjt. Anderson in charge of the local corps of The Salvation Army, describes the growth of the organization throughout the world during 1924 and lays particular emphasis upon the rapid spread of its missionary work in many distant fields

The report has been prepared at the National Headquarters, in New York City, for distribution among all officers in connection with the Diamond Jubilee observance of The Army, which occurs this year.

Founded in 1865, as a small mission in the East End of London, the organization is now sixty years of age. In spite of this short span of existence, The Army Flag now flies in eighty countries and colonies, and its religious and social service activities are conducted in fifty-five languages and dialects.

The missionary work, maintained almost entirely by an annual week of self-denial on the part of Salvationists throughout the world, occurs this year in the Western Territory of the United States from April 5th to 12th, represents one of the greatest advances of the year. This work is now flourishing in 4,174 centers, in ten widely separated fields of activity, under the supervision of 2,750 commissioned officers who have dedicated their lives to consecrated work far from their own homes. In addition to the evangelical work, The Army program includes Industrial Schools for native boys and girls, homes for lepers and tuberculars, hospitals, shelters, food depots, prisoner-aid service, emergency relief stations, rescue work among native girls, agricultural schools and a score of other social service and educational activities.

The largest Army missionary program is carried on in India, where there are 1,381 commissioned officers, many of them of American origin, at work in 3,334 centers in all parts of that vast country, which in itself has been divided into five complete territories for purposes of administration. Widespread floods in South India during the year—also in China—taxes all the resources of the officers and called for large grants of money from the International Self-Denial Fund.

The next largest field is Japan, where there are 292 officers in 120 centers of activity, and then comes China, with 218 officers in 62 centers.

The other fields are represented in the report as follows; Ceylon, 167 officers in 157 centers; South Africa, 185 officers in 150 centers; South America, 118 officers in 62 centers; Nigeria, 33 officers in 12 centers; and Kenya, in Central Africa, 10 officers in seven centers.

In all these fields the commissioned officers are assisted by large numbers of natives non-commissioned officers who are especially trained for the work.

COUNTY TO HAVE THREE TRAFFIC COPS

Douglas County will have three state traffic cops at work during the season of heavy traffic, it has been announced. The recent legislature gave authority for an increase in the number of traffic officers under the secretary of state, which makes it possible for each officer to have a smaller territory. Under the proposed plans one traffic cop will cover the territory between Eugene and Yoncalla, another between Yoncalla and Myrtle Creek, and to Camas Valley on the Coos Bay road, and another will work between Myrtle Creek and Grants Pass.

Heretofore the secretary of state has had six officers on his force and the state highway commission has had six, making twelve for the entire state. The secretary of state now has the right to employ 25, which with the six hired by the state highway commission will give 31. It is not expected, however, that all of the allotted number will be employed, as the state will not have the funds to purchase the necessary equipment.

Douglas County has one-third of all of the Pacific highway in Oregon, as well as the important road to Coos Bay, so that it is really a job which requires at least three men. Traffic Officer Thurber, who has been located in Roseburg in the past, has had a hard job, which he has attended to in a most satisfactory manner, and it is hoped that in the readjustment that he will be kept at his station here.

COOLIDGE TELLS GROWERS TARIFF IS VINDICATED

(Associated Press Leased Wire.)

WASHINGTON, April 7—While pledging justice by the government in its relations with business, President Coolidge looks to the management of industry as mainly responsible for the conduct of industry.

"There ought to be a more candid understanding between the government and all industrial efforts," he said in an address to the national association of cotton manufacturers last night.

"Due to the keenness of competition and the urgent desire for success, it is necessary to maintain the most constant watchfulness on the part of the government to insure the enforcement of law, but on the other hand the management there should likewise be the same vigilance to insure the observance of law."

President Coolidge justified the tariff declaring that the "towering stature of our industrial structure as we see it today is the best, is indeed the complete vindication of this policy."

Reviewing conditions in the cotton industry, Mr. Coolidge pledged full assistance of the federal government in fighting the boll weevil and endorsed the suggestion for a treaty of co-operation among the cotton producing states as a means of eliminating this destructive pest.

STATES HAVE NO POWER OVER NATIONAL PARKS.

(Associated Press Leased Wire.)

WASHINGTON, April 7.—Complete authority over all the territory and facilities of the national parks is vested in the federal government, the interior department today ruled and states automatically waived their rights in accepting the parks establishment.

Hearings in the District of Columbia Supreme Court on the injunction obtained by the Pacific Mail Steamship company against the shipping board to prevent consummation of the sale of five vessels to the Dollar interests have been postponed from April 13 to April 20.

AN OPERATION RECOMMENDED

Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Los Angeles, Cal.—"I cannot give too much praise to Lydia E. Pinkham's Vegetable Compound for what it has done for me. My mother gave it to me when I was a girl 14 years old, and since then I have taken it when I feel run down or tired. I took it for three months before my two babies were born for I suffered with my back and had spells as if my heart was affected, and it helped me a lot. The doctors told me at one time that I would have to have an operation. I thought I would try 'Pinkham's,' as I call it, first. In two months I was all right and had no operation. I firmly believe 'Pinkham's' cured me. Every one who saw me after that remarked that I looked so well. I only have to take medicine occasionally, not but I always keep a couple of bottles by me. I recommend it to women who speak to me about their health. I have also used your Sanative Wash and like it very much." —Mrs. E. GOULD, 4000 East Side Boulevard, Los Angeles, Cal.

Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised.

SCOTTISH RITE REUNION SUCCESS

The Roseburg Lodge of Perfection No. 6, Ancient and Accepted Scottish Rite Masons, concluded their reunion last night by giving the beautiful 14th degree to a class of twelve candidates. At 6:30 o'clock a fine banquet was spread for the members of the order by their wives. Phillip S. Malcolm, 33rd degree Mason and Sovereign Grand Inspector General in Oregon, attended the sessions which continued all day yesterday. Mr. Malcolm complimented the Roseburg degree team for their excellent work and was very pleased with the reception accorded him.

RED CROSS CHAPTER DISCUSSES PLANS

A meeting of Red Cross executives was held at the Chamber of Commerce offices last night, the meeting being attended by Miss Nell Holsinger, field representative, who is spending a short time in this vicinity going over the work of the local chapter. Plans for the future were discussed and a number of suggestions made, but no definite action was taken. A reorganization of the work here is contemplated, and several radical changes are under consideration. A second meeting will be held at a later date, at which time definite action will be taken, and the arrangements made for the annual campaign for funds.

COUNTRY CLUB DIRECTORS CHOSEN

A meeting of the membership of the Roseburg Country Club was held last night at the Indian room of the Umpqua Hotel. There was a good attendance and much interest taken in the discussions. W. J. Weaver, whose term as director expired, was re-elected, and Gene Parrott was chosen to take the place made vacant by the removal of Dr. Sether. The board of directors will meet in a few days and elect officers and appoint committees. The reports for the past year were read showing an exceptionally good financial condition, particularly for a small club. Discussions were held regarding the membership requirements and conduct of the club, but no official action was taken.

Herewith is the solution of Puzzle No. 141.

How to Solve It

Every number indicates the beginning of a word—if horizontal, crosswise, until the first shaded stop to the right; if vertical, downwards until the first shaded stop below. Compare the synonyms in the appended lists to the spaces in the diagrams and fill in the words you know. These will give you clues to the more difficult words. When completed the words should interlock perfectly.

OREGON TRACK TEAM GOES TO MEET STANFORD

EUGENE, Ore., April 7. — The annual Pacific coast intercollegiate track and field meet, originally scheduled for Oregon Agricultural College for May 29-30, will be held at the University of Washington stadium on those days instead, it was announced today. The Aggies failed to get their field in shape as soon as expected, and they asked to be permitted to relinquish the right of staging the meet.

The coast intercollegiate tennis meet will be held in Seattle in conjunction with the track meet. Preliminaries and finals will be May 30. The Pacific Coast Intercollegiate Managers Association will open its two-day session in Seattle May 29. Schedules for baseball, basketball, track, tennis, swimming and wrestling for 1926 will be drawn at that time.

Oregon Track Team Enroute

Nineteen track athletes of the University of Oregon, accompanied by Bill Hayward, coach, and Jack Benefiel, graduate manager will leave Eugene tomorrow noon for Palo Alto, where they will meet the Stanford Cardinals in a dual track meet.

Holt, star sprinter for Oregon, is ineligible because of scholastic difficulties.

The Oregon team's entries will be as follows:

100 yard dash, Irving Westerman and Chester Stonebreaker; 220 yard dash, Chester Stonebreaker and Jerry Estra; 440 yard dash, Jim Kinney and Pen Wilbur; half mile, Guy Mauney and Fred Gerkey; mile, Tom Holder and Phil. Swank; two mile, Rodney Keating and Harry Tetz; high hurdles, Dick Carothers and Walt Kelsey; low hurdles, Dick Carothers and Walt Kelsey; high jump, Rowland Eby and John Flannigan; broad jump, John Flannigan, Walt Kelsey and Chick Rosenberg, captain; pole vault, Chick Rosenberg and Walt Kelsey; javelin, Chick Rosenberg; shot put, Johnson; discus, Johnson; one mile relay, Jim Kinney, Gilbert Hermance, Joe Price and Pen Wilbur.

No banquet is complete without it. It's a decoration in itself. It goes a long way toward a satisfactory conclusion. GRIMM BROS. MILK BREAD. Phone 133.

NOTICE OF SHERIFF'S SALE ON FORECLOSURE

Notice is hereby given that by virtue of an execution and order of sale issued out of the circuit Court of the State of Oregon for Douglas County on the 6th day of April, 1925 on a judgment rendered in said Court on the 6th day of April, 1925 in favor of the plaintiff Alfred Teal, and against the defendants W. A. Wright and Maud Wright his wife, R. Timmons and Mrs. R.
