"NERVES" WARN OF "DANGER AHEAD"

As the screeching siren warns of the oncoming ambulance, so do neuritis, nerve pains, neuralgia give warning of approaching danger. Slowly and surely the grim tragedy of nervous breakdown stalks malignantly towards many who suffer at first only the sharp, darting pains which signal that the nerves are in trouble.

Many in vain have sought relief with the most approved remedies heretofore known to science. It remained for an eminent San Francisco physician to discover in the science of Homeopathy the basis of what has since proved to be an effective treatment for neuritis, neuralgia, nerve pains and other conditions of "nerves."

This remarkable discovery is now available and is incorporated in what are now known as Epsa Neuritis Tablets. These harmless tablets contain no narcotics or harmfuls, and their action is to give safe, sure relief and to tone up and revitalize the entire nervous system. At the very first suggestion of "nerves," gain relief with Epsa Neuritis Tablets. Your druggist will recommend them.

W. F. Chapman will supply you. Mail orders filled.
