Varsity UNDERWEAR for Men

What Varsity Means First of all it is the trade marked name of athletic underwear—that has been sold to careful buyers for the past fifteen years. Like anything new Varsity was put on the market first in a small way but the men who bought it found it to be the best made, most comfortably cut underwear they had ever worn and so from year to year more and more customers have discovered it.

And Why It Is Made of Fruit of the Loom Fabrics Simply a case of finding the best fabric that the best underwear could be tailored from—and Fruit of the Loom has had a country wide fame for generations. The privilege of making it into men's athletic underwear in one which has been granted exclusively to Varsity. When you pick up a garment and see the combination Varsity Fruit of the Loom label on the back of it—you know you are buying quality from the first thread in the fabric, to the last button on the garment.

Is It Soft After Laundering? Yes—Varsity Fruit of the Loom Underwear is made to stand being laundered once a week for a year or more and there is none of the harshness about it, no scratch that you've noticed in fabrics of cheaper construction.

Is It Comfortable? "You scarcely know you have it on" most men say, there is no binding or riding in Varsity union suits, they are made plenty full and roomy throughout, without being baggy—with-out losing their style.

Guaranteed? On all Varsity Fruit of the Loom Underwear is this three months guarantee. 1. That the seams will not rip. 2. That the size is correctly marked. 3. That the buttons will not come off. 4. That the buttonholes will not pull out. 5. That the material will neither tear nor wear out through ordinary, everyday use.
