### WAGING FIGHT ON REFERENDUM OF MOTOR BUS LAW

Warfare on the proposed referendum on the new state auto bus law, has been started by the Oregon State Association of County Judges and Commissioners, the State highway commission, and other such organizations.

The recent legislature passed a law requiring an increased fee from motor busses and for-hire cars, and the bus lines and truck companies have formed an organization, and are putting forth an effort to secure a referendum on the measure. Petitions are now in circulation throughout the state, calling for a vote on this measure, and the organizations behind the highway movement in the state are urging people to refuse to sign the petitions.

A statement recently adopted by the Association of County Judges and Commissioners, is as follows: "The Highway Commission finds 90 per cent of the damage is caused by 4 per cent of the traffic. This 4 per cent includes for-hire trucks and busses operating as common carriers for their private gain."

"The last Legislature passed a law requiring these for-hire busses and trucks to pay a moderate charge to reimburse the State and Counties in part only for the damage these heavy busses and trucks are doing to the Highway. Whether this law becomes effective May 28, 1925, rests with the people."

"The Motor Bus and Freight Truck Associations are circulating referendum petitions to hold up this law until November, 1926. If the people sign these referendum petitions, the private car owners and the general taxpayer will continue to pay the tremendous cost of maintaining these highways without receiving help or aid from these for-hire trucks and busses that are doing most of the damage."

"When you are asked to sign one of these petitions, remember that it is a commercial bus or truck company that is asking you to relieve them of paying for the great damage that they are doing to our roads."

"Refuse to sign these petitions and advise your neighbors to do the same."

"OREGON STATE ASSOCIATION OF COUNTY JUDGES AND COMMISSIONERS."

"H. L. HASBROUCK, President, Hood River.  
J. T. ADKISSON, Vice-President, The Dalles.  
J. E. SMITH, Sec'y-Treas., Salem.

The state highway commission has endorsed this statement and supports the action in the following resolution: "RESOLVED THAT: "The State Highway Commission desires to declare its hearty approval of the attitude of the State Association of County Judges and Commissioners in the recent declaration against the proposed referendum on the so-called Bus and Truck Bill recently passed by the Legislature."

withstand this equipment. In our opinion, this bill does not levy a confiscatory tax, but does attempt in a manner to distribute the burden equitably among those who use the highways."
