ROSEBURG, OREGON, THURSDAY, MAY 7, 1925.

LAD OF 13 SAVED BY AMERICAN LEGION

Due to the alertness of officials of the American Legion of Oregon, the son of a veteran who was killed overseas, was last week saved from the stigma of serving a term in the State Reform School and instead enrolled as a student of the Oregon Military Academy.

President Coolidge told the Daughters of the American Revolution, that if the people do not want the government interfering in their private affairs, they must conduct themselves that the government will not have to interfere.

Twelve per cent of all the school children of America are said to have such defective vision as to be handicapped in their work. Some children fall behind because they can not see the blackboards on which the work is being done.

It is just as important that you lend your support to the American Legion's plea for a home for every homeless orphan of a veteran of the late war, as it was to support the program of the World War.

This is Music Week and not a single printer has warbled a whistle solo in this office—or hummed a tune of any kind. Wish every week was music week in printdom.

The Umpqua Chiefs are on the firing line to put over a genuine Strawberry Carnival. They "know their berries" first, last and all the time.

Dig up that old rubbish—both back and front—and make cleanup day a big success. The annual crop is usually a bumper one.

CARNIVAL WILL BE BEST EVER GIVEN IN CITY

(Continued from page 1)

This purpose and the county nurse have volunteered to be on duty at all times during the carnival to care for children and to give first aid where necessary.

T. A. Rafferty, chief of the state motor vehicle department, has assigned Traffic Officers Talent, Williams and Thurber for duty in Roseburg on the three days of the carnival, and they will be under the directions of the carnival committee during the three days to help in controlling traffic in Roseburg and vicinity, managing parades and assisting in other ways.

The Boys Band will be another feature this year. The Chiefs last night appropriating \$100 to secure the services of this organization.

Liberal prizes are being offered again this year in the various events, awards being arranged as follows:

- Best decorated baby carriage, 1st prize \$5; 2nd prize, \$2; 3rd prize, \$1. Best decorated no-cart, 1st prize, \$8; 2nd prize, \$2; 3rd prize \$1. SPRINKLING RATES DURING THE IRRIGATION PERIOD

The annual summer sprinkling rate, given by the water and light company during the irrigating period, became effective on May 1, and reductions will be given in cases where the amount of water used exceeds the maximum. To the average water user, this rate has little interest, as the average consumer does not use enough water, even during the summer period to secure the discount, but to the person having a large lawn, or garden, and using a great quantity of water a discount may be obtained, the maximum, however, being 75 cents.

INTEREST IN BLACKSMITH BOUGHT BY MATHEWS

E. E. Woodcock, who operates the blacksmith shop at 622 Winchester street, today sold a one-half interest in his business to Dennis Mathews, who for many years was in the blacksmith business in this city and is well known here. They are equipping the plant to do all kinds of blacksmithing and machine work.

Theatres LIBERTY THEATRE.

A picture everyone should see, was the verdict of the large audiences at the big theatre to witness the premiere of "The Battling Fool."

Once again it is proved that a real live story plus an excellent cast with such stars as William Fairbanks and Eva Novak will go on pleasing movie fans as long as there are theatres in which to show them.

The Battling Fool is the story of a small town chap who is a born fighter, but always a gentleman, never the bragging, noisy, blustering type, just a boxer for the love of sport. But his love for athletics seems more or less kept down by his father, who, by the way, was the minister of a village church.

DOUGLAS COUNTY BOY SCOUT NEWS

TROOP ONE NEWS.

Our troop did not hold a regular business meeting Monday evening, but instead met on our model camp site back of the Empress Hotel and worked on the model camp. Some of the scouts built rustic fence while others helped on the signal tower. And while we do not all know his name, we have a good friend in "Sourdough Jim." He is very much interested in the success of our camp and works hard on it too. We worked on that until dark and then spent considerable time in talking over different matters of interest in scouting and adjourned at the regular time. Fellows, we hope more of you turn out to help on the model camp.

TROOP TWO NEWS.

Our regular meeting was held at the camp grounds again. We took our "sats" and cooked our own sappers. Several brought wieners but we all think we should learn to cook something besides wieners. Those of you who have been bringing them, please bring something else to cook for change. When we have hot dogs, let's all have them. Our tenderfoot test was passed at the meeting. Some tests have been held up, because our scribe has either been absent or has not brought his record book along. Turn over a new leaf, Harold, let's not hold up any tests.

Those who came late, were Stanley Kidder, Conn Peterson and George Minturn. Those absent were Ira Byrd, Earl Long, Peter Sumerhalter, Lester Russell, Victor Byrd, Carl Stephens and Arthur Long.

We have one scout who through error was awarded his First Class badge. He was allowed to keep it because he promised to go before the Court of Honor last month to qualify for it. He did not show up but we expect him to uphold the honor of the troop this month on the 15th.

Who is this? He is in our troop. He always does things asked without grumbling and is next to the highest in the troop, has light hair, is a good swimmer and in fact an ideal scout. Hand in your guess to Mr. Crawford at next meeting.

Another good game of man-hunt was enjoyed by all. Mr. Crawford and the executive were the objects of search and sometimes they were very hard to find. One of us stumbled all over one of the men without finding out that he was even near.

THIRD TROOP NEWS.

Our meeting was held at the Christian church Tuesday evening and a good attendance enjoyed. Besides the Scoutmaster and assistant, Mr. Wilson and Dr. Moon were present. Immediately following our business session, Rev. Moon left us to play in an orchestra entertaining the Old Fellows. Dr. Moon gave us another lecture and demonstration in First Aid. We are getting a lot out of his lectures and appreciate his efforts.

Following the lecture, Mr. Wilson conducted a game of "pass the puncher." Two scouts equipped with a long stick, padded on one end take their positions on

REEDSPORT TROOP NEWS.

The road to Reedspport will soon be in good shape and as soon as it is the executive is going to take four or five scouts, preferably patrol leaders, to Reedspport for a hike with the Scouts of this troop. This will be done some Friday night and Saturday.

YONCALLA TROOP NEWS.

This troop has had just two meetings. We have constructed some gymnasium apparatus which we use during play periods. We met at our Scoutmaster's home just south of town. Mr. Durham works hard with us and we expect to have a good troop of scouts very soon. The executive will meet with us Thursday evening and has promised to bring four of the Roseburg patrol leaders with him. They will be able to tell us a lot of things that we want to know.

SUTHERLIN TROOP NEWS.

Sutherland in reality has not had a scout troop for some time. Our scoutmaster left town and we have just secured another man for that job this week. Mr. Isaac Quick has consented to serve and Mr. Archie Carrier has agreed to help him whenever he can find the time. Mr. Quick has the boys' interest at heart and since the boys are anxious to get started the troop should soon be going in fine shape.

DRAIN TROOP.

No news has been received from Drain this week. One thing is sure, we know that the boys there are working for they always do and what they do, they do well. Drain expects to make a big showing in the next rally which will be a County affair.

MELROSE TROOP.

Last Friday night the executive was supposed to have visited us and assisted with the Tenderfoot tests. Early in the evening he received a telephone call from the Coon Bay executive, Fred Gamas. He was in trouble with his car so our executive went out and towed him in to Roseburg. When that was done it was too late for him to come to Melrose. We are hoping that those tests will be completed soon. What do you say executive?

CAMP COMMITTEE MEETS.

The Camp Committee composed of J. F. Byrd, Earl Pickens, chair-

man and K. Quize met at Scout headquarters Tuesday evening and discussed matters pertaining to this year's summer camp. Since two of the members have not seen the Wolf Creek site, it was decided that the committee should take a trip up there and look it over. Mr. Johnson, Mr. Runyan, Mr. Jackson and the executive will probably accompany them.

The time of camp has not yet been decided and the cost of camp is not known, but it will be approximately ten dollars for two weeks. The price last year was seven dollars but that was not enough to cover, there being a bill for food of eighty three dollars to pay from this year's budget.

Mr. Shotwell, of Portland, who cooked for the boys last year made such a hit with them that it was decided to try to secure him for this year.

This camp is open for scouts all over the county. As soon as the time has been set, registrations should begin at once. Save your pennies, scouts.

There is a boy who is not a scout out at Rose school who is giving second class badges away to his friends. Through some means unknown to us, he has secured these badges. When you see a boy wearing one of these (if you think he is not a scout) ask him to prove himself. You know how. A badge means nothing unless the wearer can prove up.

The Resinol Soap Company has sent us a bunch of sample cakes of soap and tins of ointment for use at summer camp. We are getting quite a collection on hand.

A letter boasting this county and urging greater care with fire in the forests is being prepared for scouts' signatures. These letters will be mailed to eastern Chambers of Commerce for publication. We will let you know when they are ready and ask you to sign them for us. Every Scout a booster.

The next Court of Honor will meet at the city hall Friday evening, May 15th. All applications must be in at headquarters by the 12th and all reviews taken before the executive before seven o'clock of the 14th.

A committee met with Mr. Darr, chairman of the Carnival committee Tuesday evening and were advised what is wanted of the scouts. There will be eighteen ticket-taking stations. We should have at least thirty-six scouts (in uniform if possible) to handle that job. Arrangements can be made for substitutions if necessary. Complete details will be given your scoutmasters for your information. Get this information from your own scoutmaster.

The executive has a good job for a few scouts about June first. This job is a paying job and spells money for you. Look it up.

THE SIXTH SCOUT LAW. A Scout is kind. — He is a friend to animals. He will not hurt or kill any living creature needlessly, but will strive to save and protect all harmless life.
