

Ride on GENUINE LOW AIR PRESSURE

IF YOU can cut down the air pressure in your balloon tires it will add just that much more to their cushioning effect.

Maybe you can't do this safely with your present make of balloon tires.

But you can with the new U. S. "Royal low-pressure Balloons—

Because—

These tires have the new U. S. "Low-Pressure Tread." This tread gives a much greater area of road contact than a round tread.

It distributes the load evenly over the tread surface and reduces the weight on the individual tread blocks. This does away with early, uneven and disfiguring tread wear.

U. S. Royal Balloon gives long service even at lower air pressures than have been recommended in the past.

For in addition to this new Low-Pressure tread they are built of Latex-Treated Web Cord. The only cord construction in which the cords are webbed together with pure rubber latex. This gives maximum strength and maximum flexibility.

Don't compromise on balloon tire pressures any longer.

Ride on genuine low pressure.

It will surprise you to know what a difference it makes.

BROCCOLI RATE UNDER FIRE AT WASHINGTON

Umpqua Broccoli Exchange
Files Brief Protesting
High Freight Rates.

COST IS EXCESSIVE

Butner Declares Amount
Charged by Roads Out

WASHINGTON, D. C., May 12.—The first plea from Oregon for lower freight rates on agricultural products under the power granted by the Hoch-Smith resolution reached the interstate commerce commission today, filed by the Umpqua Broccoli exchange of Roseburg, in accordance with the commission's request for views of interested parties.

The brief sets forth that the cost of producing broccoli in the Umpqua valley is from 50 to 90 cents a crate, while railroads receive \$1.00 a crate for hauling it to Chicago. During the heaviest shipping period of last year, the rate on broccoli f. o. b. Oregon points, is declared to have been from 60 cents to \$1.00 a crate.

Douglas county produces between 350 and 400 carloads of broccoli each year, 1925 having been an exception on account of the unprecedented freeze which practically ruined the crop, says the association's statement over the signature of Foster Butner, its secretary-manager.

After encountering all hazards and expenses in producing the crop, requiring 12 months, the grower receives approximately the same amount as the carrier.

Present plantings are estimated at 5000 acres, and without disaster the 1925 crop will total from 700 to 800 cars. But unless the freight rates are reduced the grower will encounter heavy loss.

The commission is also informed by the Roseburg organization that such are prohibited as crops for truck farmers by the present level of freight tariffs on them. Broccoli in some years has been a profitable vegetable, it is declared, but must compete in the eastern markets with early legumes from all southern and southwestern states, which in most instances sell for less by the pound than the Oregon product.

Complaint is centered chiefly against the present rate of \$1.45 a hundred pounds on fruit and vegetables from the Pacific coast to Chicago.

"We have hundreds of carloads of fruit that could be marketed if the transportation companies would reduce their rates to the extent that we could at least come out whole on our production and clear a profit of say, 2 per cent," say the broccoli growers. "The railroads are grieved because they cannot make at least 5 per cent net on their investment, and practically all the public service companies of several states have held they should be allowed at least 6 per cent on their investments. But producers of agricultural products should have a rate of return equal to that of the transportation companies."

COUPLE DEPARTED.

SEATTLE, May 12.—Departure of John Francis Loughran, and Mrs. Mabel Meyer, with whom he went to Vancouver, B. C., Sunday, was announced in Canadian press dispatches here today. Mrs. Olive Wick, who went with Loughran was killed by Andy Neilson, who summoned Mrs. Loughran and followed the trio to Canada, shooting himself dead after he found the Wick woman with Loughran. British Columbia put the survivors of the Seattle Sunday excursion to Canada under a perpetual ban and police conducted them to the border.

GOLF TOURNEY TO BE PLAYED HERE NEXT SUNDAY

Golfers from the Marshfield Country Club will be in Roseburg on Sunday for a return match with the Roseburg Country Club team. The Roseburg golfers were defeated at Marshfield two weeks ago, by a close score, and the Coos Bay Club members are coming to Roseburg determined to win another victory. C. A. Lockwood, who is in charge of the tournament, stated this afternoon that he wants all of the men who played at Marshfield to be out again next Sunday, and as many more of the local club members as can make arrangements to be present. A team composed of five ladies will also be formed here to play five lady golfers from Marshfield.

++ +

TUESDAY, June 16th, is Oregon Night, when every community in Oregon is expected to be represented in the audience.

Plan now to attend Rosaria!

IF THERE is a place in your life for big things—big spectacles, great music, high emotions—you will want to witness Rosaria. It is a magnificent pageant of the rose—the feature of Portland's 1925 Rose Festival. Plan now to attend!

Doris Smith, of Portland, author of the epic-story, has created breathless moments in some of which 5,000 persons appear in episodes of great artistry and soul-stirring human interest.

Charles Wakefield Cadman, one of America's greatest composers, has written the operatic score to be rendered by a magnificent choir of 2,000 trained voices and a grand symphony orchestra.

Montgomery Lynch, noted producer, has trained the cast and chorus perfectly to interpret this wonderful story and beautiful music.

The seating accommodations of Multnomah Stadium are limited. Seated audiences are expected every night. To avoid disappointment, and insure getting the seats you want, mail your reservations now. Prices: \$2.00; \$1.50; \$1.00; 75c. Remit to 605 Oregon Bldg., Portland.
