STRAWBERRY CARNIVAL WILL OPEN ON THURSDAY MORNING; GOOD WEATHER IS PROMISED

Weather Bureau Station Reports Indications Good for Clear Weather on First Day; Fireworks Display to Be Given; Bomb Salutes to Announce Parades.

Roseburg's annual strawberry carnival opens most auspiciously tomorrow, and every indication points to the most successful event of this kind Roseburg has ever known. Every detail is complete, decorations were placed today, and everything is in readiness.

Wm. Bell, meteorologist in charge of the local weather bureau, stated this morning that the weather prospects are good. The barometer started upward this morning, indicating the passing of the storm center while a shift of wind suggests well for the weather. Although there are prospects of further unsettled weather, the forecast is for fair weather on Thursday. Mr. Bell states that it is quite probable that the remainder of the week will be clear and cool, and if such is the case the weather will be perfect, the cool weather being much more desirable than extremely warm weather.

Although Mr. Bell could give no definite assurance for the latter part of the week, he stated this morning that all indications that the opening day will be fair and clear and a very enjoyable day from the weather standpoint.

The carnival will be officially opened in the morning by a salute. The carnival committee is introducing a new feature this year: that of a morning salute, and bombs to announce parades and events.

Every morning, fifteen minutes before the opening parade, a huge bomb will be fired into the air, releasing an American flag which will float over the city. There will then be four big salute bombs released in a few minutes before the parade starts, giving people from all parts of the city time to reach the line of march by the time the procession starts off.

Each afternoon there will be a display of daylight fireworks preceding the sports program. A number of large ideas have been conceived and will be released. There will be the drunken sailor, the cow that jumped over the moon and other amusing fireworks displays.

These in the form of large bombs fired into the air, releasing colored smoke forming the devices which float through the air for several minutes, visible from all parts of the city.

The first carnival parade will be the opening procession at 9:30 a. m. by the Umpqua Chiefs and Squaws, led by Queen Thelma and her Indian attendants.

This will be followed by the baby parade, which is always one of the most enjoyable events of the carnival. Mrs. Berg, who is chairman of that committee, urges all parents to have their children entered in this parade, which will march from the Umpqua Hotel to the Grand Hotel. Valuable prizes are offered for entries in six divisions.

Those in charge of this event state that it will be the biggest parade of its kind ever held in the city, the number of entrants being larger than ever before. In the event of rain the parade will be postponed until Saturday, so that those parents who have been planning to enter their children, should not drop their arrangements because of the threat of rain.

At 11 o'clock there will be the coronation of Queen Thelma at the court house grounds followed by a concert by the Douglas County Concert Band.

At 1:30 p. m. the auto and float parade will take place. This is expected to be one of the best parades of the carnival, arrangements being in the hands of C. A. Lockwood and H. S. French. All automobile dealers are urged to enter cars, while all auto owners are invited to put in decorated cars or floats.

The afternoon sports program starts at 2:30 p. m., continuing throughout the greater part of the afternoon.

In the evening there will be the Queen's ball at the Army, at which time the drawing will take place for the \$100,000 prize, which is to be given away to the person holding the lucky number.

Throughout the entire day the carnival concessions, shows and riding devices will be open at the carnival grounds. There will also be frequent band concerts at the band stand on Cass and Jackson streets throughout the day.

Booths are being erected throughout the business streets where the Umpqua Squaws will sell strawberries and short cake with cream.

The committee in charge has a number of surprises to present during the three days, and everyone is assured of a real time.

The Boy Scouts are in readiness for their three days of service during the strawberry carnival, and

ROSEBURG BAND IS CHOSEN FOR THE STATE FAIR

Will Be Official State Fair Band During Week's Event This Fall.

CHIEFS WILL ASSIST Umpqua Chiefs and Squaws Will Put on Play and Wild West Show on Hospitality Day.

UNIQUE FLOAT TO CARRY QUEEN AND HER MAIDS

Huge Birch Bark Canoe to Be Vehicle Leading All Carnival Parades.

INDIAN THEME USED Queen Thelma Will Appear As Indian Ruler in Parades—Ball to Be Ancient Court.

Nothing is being overlooked to make the reign of Queen Thelma stand out as one of royal splendor, and through all the festivities of the three days an effort will be made to strew her path with gaiety as well as to impart the dignity incumbent on the reign of one who has at her command the vast resources of such a rich and productive country as the Umpqua Valley.

The Queen's float and coronation this year will be a new departure and one that will undoubtedly meet the favor of everyone as well as bring to the Carnival a refreshingly new note, one in keeping with the early history of Douglas County. The Queen will appear in the parades and at the Coronation Thursday morning as Princess Thelma, an Indian maiden, and her four attendants will be princesses of a lower rank. The float for the royal party is the largest ever to be used here, and is a huge birch bark canoe, mirrored in a lake of water. As the Umpqua Chiefs have complete charge of the Carnival, it is thought only appropriate that the Indian lore on which the Chiefs organization is built and in which the early history of this country is so rich, should be brought into the Carnival in some manner. The float far surpasses in beauty any previous attempts, and the novel idea has already received widespread publicity. The Coronation on the Court House Lawn Thursday morning will be in keeping with the Indian theme, and be entirely different from anything in former years. Beautiful Indian costumes have been ordered for the maids, and the unique float will, as usual, lead all the parades during the three days.

For the Queen's ball on Thursday evening, the Queen will revert to ancient days, and the royal pageantry of olden court times will be used to usher in the evening of pleasure when the Queen commands her subjects to forget their troubles and sorrows and think only of merriment until the stroke of twelve.

For this affair, Queen Thelma I. will wear a beautiful formal court gown of white crepe back satin with gossamer of silver lace, and her crown and royal robes. The four maids, Princesses Fern, Catherine, Iris and Adele, to wear evening gowns in pastel shades. To the huzzah blast of courtesiers the Queen and her party will enter of the court, and other entertainments where entertainment by some of the talented members of the court will precede the grand march. The mysterious King will be revealed by the Prime Ministers of the court, and other entertainments will be offered to the vast crowd.

The patrons and patronesses for the ball are: Mayor and Mrs. George Honck, O. D. Newhard, Mrs. C. G. Reymers, Mr. and Mrs. W. R. Day, Mr. and Mrs. C. S. Heinline, Mr. and Mrs. C. A. Lockwood, Mr. and Mrs. George Smith, Mr. and Mrs. Frank Hill, Mr. and Mrs. A. H. Crawford, Mr. and Mrs. O. C. Baker, Mr. and Mrs. T. H. Ness, Mr. and Mrs. Bert Lawrence, Mr. and Mrs. H. S. French, Mr. and Mrs. Roy Young, Mr. and Mrs. L. B. Moore, Mr. and Mrs. Fred Hayes, Mr. and Mrs. J. W. Bates, Mr. and Mrs. J. W. Perkins, Miss Agnes Mitchell, and Joseph Murphy.

OREGON LAWYERS CHARGE BIG FEES TO AID FARMERS

SALEM, Ore., May 20.—Because of the size of the fees they are asking for their work in connection with state loans to farmers for the reseeding of wheat land, attorneys of several counties drew the fire of state board members today, particularly of State Treasurer Kay.

In counties where loans have been made under the aid act of the 1925 legislature, the state board appointed for each county an attorney to guide the farmers in making their applications to the state. A number of these, it developed today, claim fees of \$500, which Mr. Kay thought excessive, but when the mails revealed one or two asking for \$1,000 the state treasurer expressed himself in strong terms. Just what will be done about it hasn't been decided.

SEARCH BEGINS FOR WITNESS IN SHEPHERD CASE

Germ Seller's Assistant Is Missing With Family as Trial Commences.

NEEDED BY THE STATE

Bribe of \$25,000 and Home Reported Offered Him—Threat of Death Also Implied.

CHICAGO, May 20.—Robert E. Crowe, prosecutor in the trial of William Darling Shepherd on a charge of slaying his foster son, William Nelson McClintock, with typhoid germs, is determined to locate Robert White, one of the state's chief witnesses, whose disappearance has brought the first sensation of the trial.

Information has been obtained that White, with his wife and two children, abandoned his home and vanished with a rented automobile last Friday. A letter, written by Mrs. White to Mrs. Marie Budlove, said: "We have to leave; our lives were in danger."

Mrs. Budlove has turned the letter over to the prosecutor. He said every effort would be made to find White and when he is found "there will be action," he warned. He put several detective squads on the search and a police message was broadcast asking White's detention if located.

The Chicago Herald and Examiner says it learned from William Adams, a blind news vendor, of an alleged \$25,000 offer made to White ten days ago to leave for Florida. The offer included a furnished bungalow which would be given him upon his arrival there, Adams said White told him.

Adams quoted White as saying he would accept "if they mean business."

White was known as the hoodlum of C. C. Faiman, science school head, who confessed he supplied typhoid fever germs to Shepherd and taught him how to administer them. White and Shepherd at one time nearly came to blows when they confronted each other and White identified Shepherd as the man he had seen at Faiman's school.

Thirty six venturers have been examined to obtain three tentacles jurors.

White's mysterious disappearance was in line with other intimations and efforts to bribe state witnesses, said the state's attorney.

Earl P. Clark, former salesman for Faiman's school, reported recently he had been offered a bribe of \$17,000 if he would make affidavit that the entire prosecution against Shepherd was "framed."

Shepherd's attorney, William Scott Stewart and W. W. O'Brien, denied knowledge of White's whereabouts or what made him disappear.

Grand Jury investigation of the disappearance of White is understood to have been ordered by Crowe today.

Lamar Toole of Eugene and Mr. Rockey, of Portland, stopped over in this city last night and visited with Mr. and Mrs. Walter Fisher. Mr. Toole is a brother of Mrs. Fisher. The party were enroute to Medford by auto.

TITLE TOBACCO TAX ACT KEEPS ORIGINAL FORM

Application for Change in Referendum Petition Is Denied By Court.

AVOIDS BAD EXAMPLE Time Limit for Objections to Any Law Cannot Be Ignored, Ruling of Judge McMahan.

SEARCH BEGINS FOR WITNESS IN SHEPHERD CASE

Germ Seller's Assistant Is Missing With Family as Trial Commences.

NEEDED BY THE STATE

Bribe of \$25,000 and Home Reported Offered Him—Threat of Death Also Implied.

CHICAGO, May 20.—Declaring that to grant the prayer of C. C. Chapman in his attack on the ballot title on the referendum petition on the cigarette license law "would establish a precedent which would within itself constitute the gravest assault ever made upon the people of direct legislation," Circuit Judge L. H. McMahan today dismissed the petition.

In his order of dismissal he called attention to the fact that the code grants 20 days after certifying of the ballot title to take an appeal from the ballot title of the attorney-general and that there could be no appeal from the decision of the circuit court in such cases. He points out that in the present case the relator failed to file his appeal within the time allowed by the code and attempted to secure an order by injunction, which, if allowed at this late date, "would render all signatures now obtained by the proponents of the measure valueless and deprive them of the opportunity to complete their petitions within the time prescribed by law therefore. If this can be done in this case it can be done in all cases and every attempt to invoke either the initiative or referendum could be defeated by such proceedings and a complainant judge."

Chapman's petition objected mainly to that portion of the bill's caption embracing the words "excise tax" and asked for substitution of the words "stamp tax", which, it was contended, would be fully understood by the voters as a direct tax upon the actual users of tobacco. The words "excise tax," it was argued, would not be understood by the voters generally and would be misconstrued by most of them to mean a general rather than a specific tax.

Next Fight At Polls

PORTLAND, Ore., May 20.—Officers of the Oregon Retail Cigar Association, who were responsible for circulating a petition for a referendum on the cigarette tax law, passed at the last session of the legislature, said when informed of Judge McMahan's decision that it meant that the cigarette tax referendum would go on the ballot. The cigar dealers obtained 16,000 signatures to the petition which must be filed before May 27.

C. C. Chapman, who attacked the ballot title, claimed it was void because it described the measure as the "cigarette and tobacco tax bill," and contended that the title should have been "cigarette, snuff and smoking tobacco tax bill." Judge McMahan granted a temporary restraining order last Friday, when the suit was filed.

Stating his reasons for attacking the referendum, Mr. Chapman said today:—

"I was fighting to uphold the cigarette tax because I believe that every legitimate effort should be made to protect the revenue of the state and I favored the cigarette tax because it falls with less severe burden upon the pocket-books of the people than any other measure. Industries, property and necessities are carrying all the burdens they should carry and the tax on cigarettes is neither onerous nor does it strike industry, property, nor necessities."

Chapman said that the situation now is that the measure will go to election and the fight will have to be made there.

SHEEP ILLS DUE TO IMPROPER FEEDING.

(Associated Press Associated Wire.) WASHINGTON, May 20.—Faulty feeding methods, in the opinion of Department of Agriculture experts, from the source of 75 per cent of the troubles affecting range sheep.

"Efforts to diagnose properly much of the sheep sickness," a department statement said, "caused by digestive derangement has led sheep men to resort to medicine and vaccination as a way out of their difficulties. They have spent thousands of dollars for medical remedies when the real preventive was in proper feeding."

GIRL, 15 YEARS, KILLS FATHER'S WOMAN FRIEND

Mother, Trying to Prevent Daughter's Act, Also Shot, So Is the Husband.

Gibes of Schoolmates Over Relations of the Pair Cause Tragedy.

FOLLOWS AUTO RIDE

CHICAGO, May 20.—When Lucille Wunsch, 15-year-old high school girl, last night with her mother, company with Miss Agnes Simmeck, 28, she shot and probably fatally wounded Miss Simmeck and slightly wounded her father and also her mother who attempted to interfere.

The girl was held by the police. Her mother, who threw herself before the girl to prevent her shooting the father, said she did not know the daughter was carrying the weapon, when they confronted Wunsch and Miss Simmeck.

Miss Simmeck, wounded in the side and in both lungs, will die, hospital surgeons said.

Lucille was detained by the chief of police at his home and Riverside officials were said to be reluctant to prosecute the girl, at least pending some development in the condition of Miss Simmeck. She is one of Riverside's younger village belles and her father is a member of the village board.

The girl is said to have been goaded to shooting because of gibes of school mates who knew of her father's friendship for Miss Simmeck. The latter and Wunsch had returned from an automobile ride when the shooting occurred.

Miss Simmeck told hospital doctors that Mrs. Wunsch and not Lucille, did the shooting, and while the county highway police accepted this version, the Riverside police said both Lucille and Mrs. Wunsch asserted the former had shot Miss Simmeck.

"BUSH" DEBAR AND MISS RICE MARRIED

Bryant G. DeBar, of Roseburg and Miss Vie Elizabeth Rice of Myrtle Creek, were quietly married Saturday evening at Portland. Mr. DeBar went to Portland on Saturday after resigning his position here with the Standard Oil Company to take up another line of work. He was met in Portland by Miss Rice, who has been teaching school at Gresham for the past year, and they were married in the presence of a few close friends. Mr. DeBar returned to Roseburg Monday to complete work here and tried to keep the marriage a secret, but the news leaked out today. His wife is the daughter of J. A. Rice, of Myrtle Creek, a member of the firm of Rice Brothers and Adams, and for many years made her home at Myrtle Creek. She has been teaching school at Gresham during the past year and as soon as her school ends Friday she and her husband will take a short wedding trip before Mr. DeBar takes a new position.

24-HOUR PERIOD CROWDED WITH TRAGEDY LIST

Los Angeles Records Three Suicides and Series of Fatal Accidents.

DEATH MEANS VARY

Two Die Over Wrecked Homes, Third to Escape Shame—Ice, Beef Autos Take Toll.

LOS ANGELES, May 20.—A strange mixture of suicides and peculiar accidents crowded police blotters in this section during the past 24 hours, a period which also was remarkable for most unusual, dark overhanging clouds and rain.

Mrs. Jean Cahill, 23-year-old wife of William Cahill, electrical engineer, was taken to the receiving hospital early today with what police surgeons said was a self-inflicted bullet wound in her breast. She told officers she had shot herself so that her husband might be free to go to another woman. Surgeons say she cannot live.

Chester M. Cate, member of a prominent Massachusetts family, head librarian of the nationally famous Huntington library at San Marino, near here was found shot dead near his auto on a lonely road in the suburbs. Officers say all evidence pointed to suicide. Cate was scheduled to appear in court today on a charge of contributing to the delinquency of a minor.

Edgar Collier, tourist from Michigan, 68 years old, died of heart failure at the wheel of his auto on a crowded street here today. The machine continued down-grade disorganized traffic, broke a woman pedestrian's leg and wrecked itself against the side of a building.

Russell Smart, taking the only time available to move from one home to another, started to do so in the early morning hours. A policeman patrolling a beat with a friend saw Smart carrying parcels and grips in the dark from a house to a waiting auto. The officer arrested Smart and left him in charge of his friend while he went to call the patrol wagon. When he returned he found Smart on the ground with a bullet smashed knee. The friend said that Smart had attacked him and that he had fired in self-defense. Surgeons said that Smart would be crippled for life.

W. J. Brown of Culver City, a suburb, was served with divorce papers by his wife a few days ago. Neighbors found his body on the floor of his home last night, the room filled with gas from an open jet.

Edward Walker, 23, tried to hoist a 100 pound block of ice into a refrigerator. It fell on his head and he died in the receiving hospital.

Walter Cowles, veteran cow-puncher, slipped as he hoisted a 200-pound side of beef from a hook in his meat market. It dropped on him and he is believed by receiving surgeons to be fatally injured.

Joe Bujan, motion picture director, was hit and injured by an auto. Another car was rushing him to a Glendale hospital and crashed into a third machine, throwing the already injured Bujan out on the pavement. Bujan now has a skull fracture, concussion of the brain and numerous cuts and bruises. He is in a critical condition.

Among the visitors here from points north yesterday was Harry Hart spent a few hours in Roseburg looking after business matters.

C. A. Leonard, formerly of Los Angeles, who has been here for the past week or so looking for a homestead location, left this morning for Korb, where he will locate on a homestead.

CALIFORNIA MEN BUY LARGE TRACT NEAR SUTHERLIN

W. D. Valentine and son of Alameda, Cal., have purchased 2,000 acres of land lying southeast of Sutherlin, in Douglas County. The tract is in the well known Frank Waite home and all of the bottom land adjoining. This property comes down to a corner in the city, within a block of the hotel, and runs well back into the hills, affording ground for a wide diversity of products and development of an agricultural nature. The deal involves more than \$50,000 and is the purpose of the new owners to develop the land agriculturally. Mr. Valentine expects to remodel the old Waite home into a fine, modern home for himself and family. He has several business associates who are also desiring to invest in Oregon land, and after a careful search they have decided that Douglas County offers the greatest advantages, and are now interested in purchasing suitable tracts in the county.

Mr. Valentine plans to go into the development of this property on a large scale, using the ranges lands for sheep and the lower lands for broccoli, prunes and other crops and fruits.

This sale is a great boost for the Umpqua Valley, as the purchasers have ample capital to go ahead with their plans, putting the property among the heavily productive lands of the county. Roseburg and Sutherlin men have cooperated in negotiating this deal which will doubtless mean much in the future of the county.

This, it is believed, is only the forerunner of numerous other deals in the near future, as capital is rapidly moving into the state. The land settlement office of the state chamber of commerce in Los Angeles reports a growing interest in California in the State of Oregon, and with capital and industry looking in the direction and investment in the untold potential wealth of Oregon, there is no question but that the future will bring great things.

TWO KILLED IN FIGHT AT POLLS

WILLIAMSON, W. Va., May 29.—Sherman Parsley, a merchant of Kernit, near here, and Bush Kirk, president of the board of education, are dead and three other men are wounded, while six are under arrest on a charge of shooting as the result of yesterday's pistol fight at a poll at Kernit, where an election was held upon the question of creating an independent school district. The fighting is understood to have started when Lee Curry took two negroes to the poll. Dr. E. T. Stepp, an election official, questioned the negroes' right to vote and Curry struck him, witnesses reported.

DELEGATES ARE CHOSEN FOR STATE LEGION CONVENTION

Umpqua Post of the American Legion held a short meeting last night for the purpose of electing delegates to the state convention to be held in June at Prineville. The delegates chosen were Guy Gordon, Oscar Ferris, Leon McClintock, E. B. Stewart, E. A. Post. The other delegates are Harry Booth, W. H. Gerrierson, John Fitzmy, Carl Wimberly and Rudolph Flurry.

FATHER LOGAL MAN DEAD

Fred Simpson Pierce, father of Grand M. Pierce of this city, passed away at Portland on Saturday, May 16. Mr. Pierce was 59 years of age and leaves a widow and two sons. The funeral services will be held Thursday, May 21, at 3:30 p. m.

Visits Overnight—Mrs. G. W. Girard, of Independence, stopped over in this city and was a guest at the home of Mrs. O. Martin. She is enroute to Riddle, where she will spend the next month or so visiting with her daughter, Mrs. A. F. Becker.
