ROSEBURG—OAKLAND

CONTROVERSY OVER LATEST MOTOR FUEL UP TO U. S. EXPERTS

(Associated Press Leased Wire.)

WASHINGTON, May 20.—Ethyl as a motor fuel, about which controversy has raged for months, went under the miscroscope today at the public health service with a long line of scientists, doctors and industrial experts in consultation to pass on its merits or dangers.

The primary problem of the conference was to determine definitely whether the fumes of the gas are injuries to health and many were on hand to take sides in the debate.

Thomas Midgley, Jr., vice-president of the Ethyl Gas Corporation, said his company had experienced trouble with the gas in its early stages of development but that difficulties had been overcome and the gas could be handled safely if proper safeguards were taken. Mixture of the ethyl gas with gasoline, he added, presented no difficulty if carelessness in the handling were reduced to a minimum.

$60,000 DIAMOND ROBBERY TAKES PLACE IN CHICAGO

(Associated Press Leased Wire.)

CHICAGO, May 20.—A $60,000 diamond robbery on the eleventh floor of the Capitol Building the former Masonic Temple, was reported to the police today by four victims. Charles P. Goldberg, New York, was the largest loser, reporting that he was robbed of unset diamonds valued at $50,000.

Goldberg and three other men, including the proprietor of the Heinsius jewelry shop, told the police they were held up in Heinsius' shop by three men who took only unset diamonds.

Baby Parade. If raining morning of May 21st, call 265-L for orders.

GOOD ATTENDANCE AT REVIVAL

In spite of the awful downpour of rain last night the revival service at the Bible Standard Mission was well attended and everybody seemed to enjoy the first service of the revival.. There was a good spirit in the service and everybody helped in the singing of some good old time gospel songs. The Evangelist Rev. Crook and Mrs. Burror sang a special number which was greatly enjoyed.

The Evangelist took for his text the story of the Prodigal Son and emphasized the fact of him "coming to himself;" as the need of the world to come to itself and turn to the Christ. In closing he said that there would be no denominations in heaven, that there we would all be one and thus we must here begin loving one-another. He said that he was interested in a revival in Roseburg and wanted everybody to attend irrespective of there creed or belief and wanted there co-operation that this might be the greatest revival Roseburg has over seen.

The subject for tonight will be "The Two Ways." Come to the afternoon teaching on doctrinal points. Bring pencil and paper.

Subjects will be announced daily for p. m. and evening services.

Miss Mary Vandusan of Eugene, Ore., is assisting in revival as pianist. Rev. L. F. Burror, Pastor.

INLAND OREGON GOAL

Officially Announced Plan Will Lessen Haul From Eastern States by 413 Miles.

(Associated Press Leased Wire.)

PORTLAND, Ore., May 20.—The Southern Pacific announced here and at San Francisco last night, that steps had been taken to "take a substantial interest" in the Nevada, California, Oregon railway, which is to be converted into a standard gauge line and that arrangements had been completed with President R. E. Strahorn, of the Oregon-California and Eastern railway, under which funds will be advanced to aid in the construction of the line of his company from Klamath Falls to connect with the Nevada, California-Oregon railway. Both these arrangements are subject to approval of the Interstate Commerce Commission.

The arrangement with President Strahorn will give the Southern Pacific a substantial stock interest in the Oregon-California and Eastern, which now extends forty miles from its connection with the Southern Pacific at Klamath Falls easterly to Sprague river, Oregon.

Under the arrangement with President Charles Moran of the Nevada-California-Oregon line, the Southern Pacific will aid him in securing the money for the work of rebuilding the line as a broad gauge railroad its entire distance of 156 miles between Lakeview, Ore., and Wendell, Cal., where it connects with the Southern Pacific.

These deals will provide a new rail line through Southern and Central Oregon for through traffic between Oregon and eastern states reducing the present haul by 413 miles.

Mr. Sproule's announcement follows:—

"The Southern Pacific Company announces through its president, William Sproule, that arrangements have been made with Charles Moran, president of the Nevada-California-Oregon Railway, to aid him in securing the money needed to carry out his plans for changing that road from narrow gauge to standard gauge.

"The arrangement, is of course, subject to the approval of the interstate commerce commission. If approved, it will give the Southern Pacific a substantial interest in the Nevada California-Oregon Railway, which will be rebuilt as a broad gauge line under Southern Pacific auspices. Its distance is 156 miles between Lakeview, Ore., and Wendell, Cal., where it connects (23 miles east of Susanville) with the Fernley branch of the Southern Pacific. Mr. Sproule announces at the same time that the Southern Pacific Company has completed negotiations with R. E. Strahorn, president of the Oregon, California and Eastern Railway Company which funds will be advanced to Mr. Strahorn to aid in the construction of the line of his company from Klamath Falls, Ore., to connection with the Nevada-California-Oregon Railway.

"This will likewise require the approval of the interstate commerce commission and if approved, will give the Southern Pacific Company a substantial stock interest in the Oregon-California and Eastern Railway, which now extends forty miles from point of connection with the Southern Pacific at Klamath Falls easterly to Sprague River, Ore.

"The completion of the Oregon, California, and Eastern, which is a standard gauged line, coupled with the conversion of the Nevada-California-Oregon to a standard gauge line, will provide a new artery through Southern and Central Oregon for through traffic between Oregon and the eastern states.

"Application will be made in due course for permission and authority to put these plans into effect.

"These transactions are in accordance with the policy of the Southern Pacific Company, which looks to the development of the territory it serves, as already shown by the transportation facilities it has provided in Oregon and those under construction, to which new additions come in natural sequence."

X-Ray Equipment Installed—
The x-ray equipment, which was ordered from the Vicor X-Ray company of Chicago, by Dr. L. A. Dillard, has arrived and is being installed by L. Everhart, representative of the company. Installation will be completed about Thursday. This is a new type of machine, from which it is impossible to receive a shock, and is extremely light weight. This is a type used by the U. S. navy in all their new battleships, and is the first to be installed in Southern Oregon. One of the biggest features of this new apparatus is the use of the voltage stabilizer, which eliminates the variable quality of the picture, which the x-ray machines formerly had.

ICE CREAM is richer-and tastier made with Nestle's ALPINE

DUNCAN INDICTED ON SIX COUNTS BY THE GRAND JURY

The grand jury this afternoon returned six indictments against Lee Duncan, a prisoner in the county jail. Duncan was indicted on four counts for burglary, one for larceny in a dwelling and one for assaulting an officer. Duncan is alleged to have robbed four Roseburg business houses, to have assaulted Deputy Sheriff George Sewell in an escape from the county jail, and to have broken into the residence of Mrs. Steele, on South Main Street before his recapture. His bail was fixed at $3,000, the bonds being fixed at the rat s5oof $x eo0 fr.©))3 rate of $500 for each indictment. George A. Hudson, who is accused of having aided Duncan in a second attempt to escape was indicted for aiding a prisoner. His bail was fixed at $1,000. One secret indictment was returned, and as the defendant is not in custody the name was not made public.

MUCH INTEREST IS SHOWN IN TRACK, FIELD MEET FRIDAY

A great deal of interest is shown in the track and field meet to be held in this city on Friday, as a part of the strawberry Carnival. Contestants will come from every part of the county, representig schools in each of the nine sections. A great number of events have been arranged, taking into consideration the age and size of the pupils. Special events are arranged for girls as well as boys.

The Roseburg schools will bt dismissed all day Friday, although students will be required to report at their various buildings on Friday morning to march in the school parade. As soon as the parade is over they will be released to attend the track meet in the afternoon.

SLIDE KILLS THREE MINERS

ARIZONA, May 20 —The body of one of three miners buried under a rock slide at the Inspiration Copper mine was removed from the mine early this afternoon. Bodies of the other entombed miners probably will be reached soon, it was said.
