## JUROR STATES ATTEMPT MADE TO BRIBE HIM

Witnesses Also Approached Declares Prosecutor of W. D. Shepherd.

INQUIRY IS ORDERED

Slow Progress Being Made Selecting Trial Panel—Missing Witness Probe Begins.

CHICAGO, May 21.—An alleged attempt to tamper with an alleged prospective juror is the latest sensation of the trial of William Darling Shepherd, charged with killing his millionaire foster son, William Nelson McClintock with typhoid germs.

Robert E. Crowe, state's attorney charged some one connected with the defense with making the attempt and he has directed a complete investigation. Detectives were expected to arrest a man named by Philip J. Berry, a venireman, as having been approached Tuesday before he was questioned for jury service.

Harry said he was acquainted with the man who urged him to "work your way onto the jury" and promised to "make it worth your while" after he had told a detective that he had been approached by Barry and later made his statement to the prosecutor. The state's attorney said Barry's was not the only information he had and that his inquiry also included alleged tampering with witnesses.

Investigation of the first sensation of the trial, the disappearance of Robert White, one of the chief state's witnesses, were under way at a special grand jury session yesterday. Arthur Byrne, an investigator for the law firm defending Shepherd, and Mrs. Sylvia Adams, who previously had said White told her and her husband that he had been offered \$25,000 to leave Chicago, were called before the jury.
