We wish to announce that we have leased the Myrtle Creek Flour Mills and have a full line of flour and feeds for sale at that place. We believe that we can give better service, and save money for our customers in Southern Douglas County by having a distributing point closer to them. We expect to maintain as low prices as possible and to give the same good service and quality products at the Myrtle Creek plant as in Roseburg.

### LOOKING GLASS ITEMS.

The play "Kindling The Heart's Fire", presented May 12th, by the Junior and Senior pupils of the High School, was a great success in every way. The audience was big, the music fine, and the play excellent. Every one taking part in the play, did his or her work with enthusiasm and yet with praiseworthy restraint. The progress of events was natural and unaffected. The humor is so fine

and hearty and the pathos is so natural and poignant that the audience left the Hall with nothing but feelings of great satisfaction and praise for the players and their director.

Mr. and Mrs. S. A. Jones, newlyweds, returned Saturday from their honeymoon at Vader, Washington, to make their home in the Valley.

Lucia and Dennett Rogers won first and second places at the Declamation Contest held at Ten

mile on the 16th. Lucia also won third place at the county-wide Contest in Roseburg on the 15th. Both are pupils in the grammar grades of the local schools.

W. B. Miller, who has been confined to his bed in account of illness, is now reported better.

Mr. and Mrs. Arthur Marsh, accompanied by Mr. and Mrs. T. H. Stokes, spent Sunday, May 10th, at Eugene with relatives.

The mother of Claude and L. A. Ramsdell is visiting them for a few days.

The program for graduation at the high school, is now being prepared. The exercises promise to be both excellent and entertaining. It will take place on the evening of Friday, June 12th. Everybody is invited. We shall have among other interesting things, a prominent Commencement Speaker. The Grange Hall is the place. Watch for further announcements. L. J. H. S.

## EFFORT TO FIND WHITE THUS FAR UNSUCCESSFUL

Missing Witness for State in Shepherd Case Not Located in Florida.

### TWO VERSIONS GIVEN

Prosecution Charges Bribe, Defense Says Threat by State for Refusing to Tell Lie.

CHICAGO, May 22.—The first 12-men jury to try William D. Shepherd on a charge of killing his wife's millionaire ward, William M. McClintock, with typhoid germs will be accepted by the defense.

Shepherd's attorneys said they would do so to halt talk of defense tampering with jurors and witnesses which has been investigated since Robert White, state witness disappeared, and Philip Barry, a ventriloquist, said he had been "approached" by a man who said he was acting for the defense.

James C. Callan, local politician, named by Barry, denied through his attorney that he had made any attempts to "fix" a juror. The attorney said he would surrender Callan to the prosecutor.

While the county grand jury continued its investigation of White's disappearance, search for him extended to Miami, Fla., where Robert E. Crowe, state attorney, was told he had found a Miami address and detectives were sent on roads to Jacksonville to intercept him should he come that way.

White gave the defense an affidavit withdrawing an original statement that Shepherd had been connected with C. C. Farman, head of a small science school, before he vanished, Arthur Byrne, a private detective employed by the defense, was reported to have told the grand jury. Byrne was said to have testified that White had told him his life had been threatened and that the original statement had been drawn from him by intimidation. The state planned to use White in corroboration of Palmer who confessed he supplied Shepherd with the typhoid germs for a promise of \$100,000 from McClintock's estate.

A different story of White's disappearance was reported to the grand jurors by William Adams, blind news vendor, who said White told him he had been offered \$25,000 and a furnished bungalow in Florida to leave Chicago. Adams said White told him he intended refusing the offer.

Meanwhile the progress of selecting a jury has been backwards. Two state peremptory challenges reduced the tentative jurors to ten one less than had been obtained last Monday when the trial opened. Seventy ventriloquists have been questioned.

The name of Henry J. Smith, who was a juror in the Simon O. Donnel labor trial a few years ago was fined \$1,000, was recognized in the venire list today by State Attorney Crowe. He summoned Smith to his office and when the latter admitted he was the man who was paid \$1,000 in the old labor trial, Smith was dismissed from the venire.

### 4.4 BEER HAS NOT THE "KICK"

TORONTO, Ont., May 22.—Thousands of Americans living on Ontario's border have satisfied their curiosity but not their thirst, "Fergie's Foam" is mostly froth. There is no kick in the "four by four" beer, legalized by the Ferguson government, which went on sale yesterday, "new beer's day."

After drinking steadily for seven hours on a wager to find out whether the beer was intoxicating, an Ogdensburg, N. Y., parched pilgrim at Prescott, Ont., insisted that he was still "plain sober." The 11 p. m., closing provision of the law ended the test.

All parts of the province reported no intoxication. Not one drunk was arrested in the city of Toronto.

"I'm going back across the river where I can get some real beer," said a yawning Detroitier in Windsor. "I've been drinking this stuff all day and there ain't no kick in it."

Another Detroitier said that it was perhaps like old wine. Fergie's foam would improve with age.

Wayne B. Wheeler, general counsel of the Anti-Saloon League of America crossed the line as an observer, he said. For thirty minutes he sat in a Fort Erie hotel with a bottle before him on the table but didn't drink. "The whole thing is a joke," he remarked on his return to Buffalo. "It was very apparent that this stuff doesn't satisfy the fellow who wants the real thing. Its sale is going to result either in a weakening of the present Ontario liquor law, or in a return to the sale of every type of liquor. Uncle Sam will observe the experiment with his tongue in his cheek and continue to speed up law enforcement."

Mr. Wheeler said he saw no one who was "staggering drunk," but several were a little wobbly. He characterized the beer as "slap."

# SKAGGS UNITED STORES

Money saving Cash stores

Forty-four per cent of the earnings of the family of moderate income is spent for food. There is no merchant more necessary in the general scheme of distribution than the food merchant—and probably in no other business occupation would be found as low an average intelligence and initiative. A great many stores in Roseburg are still operating as in the cracker-barrel age, still others who are quite content to sell to people of financial responsibility on credit at a 10% to 15% higher price than is necessary to handle the merchandise. These conditions will only be changed for the better by a thoughtful discrimination of the buying public.

## Engines Speak Well of It!

WHEN an engine starts quickly and easily; when it picks up smartly and surges with power; when it reels off extra miles per gallon—then you know it is speaking well of the gasoline you are feeding it.

Many months ago, when GENERAL Gasoline was introduced to motorists for the first time, we asked motorists to give it a fair trial. We said, "Fill Up Your Tank and Let Your Engine Decide!" And they did! Gasoline history has been made since then. The engines of thousands of motorists said "Yes!" emphatically. More thousands tried it and got the same answer.

Engines "speak well" of GENERAL because it gives them, for the first time, a fuel planned and made expressly for their requirements. GENERAL Gasoline is properly balanced, high-grade gasoline, refined for the purpose for which it is sold. It guarantees you quick, easy starting; clean combustion; maximum power and full mileage. Its high quality never varies.
