PIERCE'S VETO OF BILLS CALLS FOR FINANCING PLAN

(Associated Press Leased Wire.)

SALEM, Ore., June 2.—The state emergency board, at a meeting called for next Saturday by Secretary of State Kozor, will be asked by various state officials to replace financial bills that were vetoed by Governor Pierce through his item veto power when appropriation bills were placed before him just after the adjournment of the legislature. A total of about \$80,000 will be asked of the board Saturday, not all however, based on vetoed appropriations.

The most important item will be a request for funds to administer the act requiring that all motor vehicle owners file with the secretary of state certificate of ownership of their cars, showing all liens against them. Inasmuch as the act creates a new department in the secretary of state's office, which will be highly expensive, and since the act failed to appropriate money for the purpose, the emergency board is now called upon. Just how much will be asked has not been decided.

One of the items vetoed by the governor was a \$16,000 appropriation for a sewer system and sidewalks at the Monmouth Normal School. The board will be asked to provide for that. J. D. Mickle, state dairy and food commissioner will ask the replacement of \$4598 for his department, also vetoed by the governor and C. A. Park, chairman of the state board of horticulture, will ask \$5,000 to continue the fight against alfalfa weevil in Eastern Oregon, likewise a vetoed item.

The sum of \$600 will be asked to pay the pension of Raleigh G. Wilson of Corvallis, who was permanently injured while serving as a member of the Oregon National Guard.

Provision also will be asked for traveling expenses for circuit judges.

FOREST CENTRAL DISPATCHERS TO MEET AT GLIDE

(Associated Press Leased Wire.)

WASHINGTON, June 2.—State department advisers from Canton today described conditions there as "very critical." Reports from Shanghai said the foreign consular representatives had asked for sufficient naval vessels to land two thousand men for guarding property.

PEKING, June 2.—The Chinese government, through its foreign office here, today protested in a note to the other powers against the violence used in suppression of student demonstrations at Shanghai. The protest, sent through Italian Minister Cerulli, chief of the foreign ministers at Peking, declares the students are young men of good families, unarmed and full of patriotism and should not be treated as common malefactors.

The Chinese foreign office reserves the right to make claims on behalf of the student victims of violence at Shanghai, demands immediate release of students under arrest and that measures be taken by foreign powers to prevent a recurrence of similar affairs.

SHANGHAI, June 2.—Chinese agitators made public appeals tonight on the streets of Shanghai for a foreign uprising to drive out all foreigners.

Officials of the foreign settlements expressed confidence that they could handle the situation but admitted that the outlook was perhaps more grave than at any time in the city's history.

SEATTLE, June 2.—Dr. Thomas G. McMartin, a dentist shot today during rioting in Shanghai, when a horse he was riding was killed, served in France with the dental corps of the American army in the World War. He has lived much in Victoria, B. C., but is an American citizen.

McMartin graduated in 1915 from the North Pacific dental college in Portland, Ore., and began practice here the next year. After the war he was ill a short time in an army hospital at Camp Lewis, near Tacoma, Wash. He resumed practice here in 1919, but went to Shanghai as a referee who heard the divorce suit. This decision held Mrs. Stillman innocent of charges brought by her husband and ruled that the legitimacy of Baby Guy was not to be questioned.

Former Sub-Chaser, Sunk by Rammers in Chase, Gives Up Wet Wet Cargo

CHINESE RIOTS - DRAW IN BATCH OF AMERICANS

(Continued from page 1.)

tion Saturday after a demonstration over sentences passed on Chinese strikers by the Shanghai mixed court tonight were making every effort to effect a general strike, including all public and private services, including the domestic servants.

Street speakers could be heard telling crowds of coolies that they outnumbered the foreigners to such an extent that they could overwhelm them within a single hour, if they would join a general uprising.

Delegations of students are peering all roads into the city, intimidating incoming farmers and preventing the bringing of food supplies into the city. A delegation of about 100 Nanking students, alleged communists, arrived tonight from Nanking to reinforce the trouble-making elements.

Upwards of five thousand workers in Shanghai industrial plants are on strike. These include mechanics and fitters at the river-side power station in the eastern district from which the major part of the foreign settlement receives its electric current.

Strikers have also forced the closing down of many cotton mills and lesser industrial establishments.

A job of all sections of the city by The Associated Press correspondent at ten o'clock showed the situation generally quiet, but the tension brought by the disturbances unrelaxed. The armed guards were everywhere to be seen; streets for the most part were deserted; usually crowded theatres were empty.

BABY OF STILLMAN OR NOT, DECISION PROTECTS STATUS

(Associated Press Leased Wire.)

ALBANY, N. Y., June 2.—The court of appeals today handed down a decision affirming the ruling of lower courts in favor of Mrs. Anne U. Stillman in the divorce proceedings brought by James A. Stillman, New York banker, and ruling that the "judgment appealed from should be modified by striking out therefrom all reference to the legitimacy of the infant defendant" (baby Guy Stillman).

The legal status of baby Guy, whose legitimacy was questioned by Stillman, therefore remains the same as before the suit was brought. The court refused Stillman's appeal for a new trial of his divorce proceedings and at the same time flatly refused to pass upon the legitimacy of the child. The appeal was from the decision upholding in the main the decision of the supreme court made upon a report filed by a referee who heard the divorce suit. This decision held Mrs. Stillman innocent of charges brought by her husband and ruled that the legitimacy of Baby Guy was not to be questioned.

Mr. Stanley Baney and party were in the Park for the holidays. Mr. and Mrs. A. S. Coen and family reserved a cabin and had in their party Miss Fern Reymers.
