VACATION BIBLE SCHOOL TO START AT BAPTIST CHURCH

The fourth annual Daily Vacation Bible School will begin at the Baptist church next Monday, June 8th at 9:00. It will continue every school day from 9:00 to 11:30 o'clock through June 26th. It is open to all children of school age. Whether they go to any Sunday school or to no school all children are equally welcome. The first coming will be the first served. It has been necessary to limit the registration in years before be-

cause of the numbers who came. It is hoped that all can be taken care of this year. The program of the Vacation Bible School is to direct the energies of the children into wholesome channels. Patriotic songs and church hymns are taught them, memory work in the scriptures, Bible stories, character talks, and hand work adapted to the age of the child, and other features. Miss Bertha Pentney will be the Supt. of the school this year. She has had experience as a public school teacher, three years in this kind of work, and special training in college for it. A splendid corps of teachers will assist her. The most of them are either public school teachers or ex-school teachers who are expert at handling children, and experienced in this kind of work. The children like this kind of work, and they learn a great deal in these three weeks of intensive

work and recreation. For further information telephone Mr. Caldwell, or ask someone who has attended the school. There is no registration fee. The expense of the school does not amount to more than seventy five cents per pupil and is met by free will offerings. Hay fever, asthma, catarrh. Relief guaranteed within 24 hours or money refunded. Lloyd Crocker. NEVER BE WITHOUT IT for it immediately eases sudden, severe, colicky pains and cramps in stomach and bowels, deadly nausea and weakening diarrhoea. For children and grown-ups use CHAMBERLAIN'S COLIC and DIARRHOEA REMEDY Take it with you when you travel. Keep it always in your home.

WORK ON BANK BUILDING TO BE COMPLETED SOON

The general contract work on the Douglas National Bank building will be completed by the A. Pajunen firm in about two weeks, according to James Dorney, superintendent. The terra cotta is now in place, and practically all exterior work has been completed. It is planned to remove the scaffolding Monday. Plasterers are now busy on the interior, the partitions all being in place and the rough work completed. It is expected that within two weeks the general contractors will turn the building over to the Northwest School Furnishing company, which has the contract for finishing the interior. This company will install the marble and woodwork, and the new cages and equipment which the bank is to secure. The entire job will be completed in about two months. It is expected and the bank will be back in its original location. Dr. Stewart will probably be back in his offices within three or four weeks, it was stated this morning.

OREGON BOARD HAS REOPENED FIGHT ON S. P. CO.'S PROJECT

(Associated Press Leased Wire.) WASHINGTON, June 4.—A petition for re-opening of the proceedings by which the interstate commerce commission has allowed the Southern Pacific railroad to retain control of the Central Pacific, was filed today by the public service commission in Oregon. In approving continuance of the merger of the two railroads, the commission attacked certain conditions and the Oregon petition asked for the enforcement of rights to use Central Pacific property which other railroads may be entitled to exercise. The Southern Pacific now has a line through Oregon, the petition said, which the Oregon Trunk railroad has been entitled to use between Skookum and Klamath Falls. The general complaint was made that the merger in Oregon had reduced competition in railroad service.

SALEM, Ore., June 4.—"If our petition for a re-opening of the Central Pacific control case is granted," said William P. Ellis, attorney for the Oregon commission today, "a hearing will undoubtedly be had on the several cases within the next sixty or ninety days, at which time, both the Strahorn and Hill line applications will be considered together with the commissions petition. This hearing will be vastly different in many respects than the one held last summer on the Oregon commission's complaint. There the issue was whether Oregon was to have additional railroad lines. In the forthcoming hearing the question will be not whether we are to have the railroads, but rather who is to be permitted to build them. Examiner Kephart in his report suggested that both the cross-state line from Crane to Odell and the line to Lakeview should be built by the Union Pacific System. Both the Southern Pacific and the Hill systems demand the right to participate in handling the tonnage. The interstate commerce commission must decide as to the location of the new lines and which of the several rail systems is to handle the traffic. The re-opening of the Central Pacific control case will permit the commission to fully consider the entire question from every possible angle."

WOMAN POISONER OF 3 SONS FACES MURDER CHARGES (Continued from page 1.) CROWN POINT, Ind., June 4.—Mrs. Anna Cunningham, 49, Gary, Ind., widow, was indicted on three first degree murder charges yesterday by the Lake county grand jury. The state charges that she slew three of her children by poison. Mrs. Cunningham was held without bail by Judge Martin Smith, of the superior court. The indictments charge that the mother killed Isabelle, 18, Charles, 19, and Walter, 13, upon whose deaths insurance policies were collected. In her confession, Mrs. Cunningham said she killed only the ones she loved best and attempted to kill herself by poison, so that they might "join in Heaven."

Her husband, David Cunningham, Sr., whom she called "Pa," died July 2, 1918, when the family lived at Valparaiso, Ind. After his death, Mrs. Cunningham and the children moved to Gary, where all of the other deaths occurred.

PICNIC GIVEN BY ROTARY CLUB FOR BOYS LAST NIGHT

The Lads and Dads picnic held yesterday evening at Bellows grove, was attended by a "gang" of youngsters which exceeded the expectations of the committee. The boys were the guests of the Rotary club, and were shown a real time. During the early part of the evening the boys entered heartily into games and sports arranged by "Doc" Finlay, assisted by E. A. Britton, scout director. The boys ran races, competed in contests, and played games of baseball until all were tired. The committee, in spite of the large attendance, had ample "eats" for the crowd, supplying 800 buns, 100 pounds of wieners and 35 gallons of lemonade, all of which disappeared during the course of the evening.

One of the most enjoyable features of the evening, was an impromptu concert by the young son of Wm. Black. The boy was asked to sing and after once getting started was not allowed to stop. He was finally hoisted to an improvised platform and for almost an hour entertained the crowd of men and boys who were delighted with the music. These annual picnics are becoming a thing looked for by the youngsters, for they are always assured of a good time and plenty of eats and entertainment.

TEXAS EMBARKS UPON NEW VENTURE IN STATE EDUCATION

LUBBOCK, Texas, June 4.—(A. P.)—"The College That Is to Be," soon is to open its doors out here on the plains of west Texas, where the landscape is as level as a table and the vision is as far as the human eye can see.

A state institution with more than 2,000 acres and \$1,000,000 to start, without "scholarship fence," but with "scholarship steps," without a Greek letter fraternity but with a burning desire to instill character and teach democracy this is the ideal of the College-That-Is-to-Be, which is the name given the new Texas Technological college by its first president, Dr. P. W. Horn. The college is being built to meet the demands of this vast section for a public institution of general higher learning. The legislature appropriated \$1,000,000 and the citizens of Lubbock chipped in, at a low price 2,000 acres of the plains to start it on its way. The first buildings are now about completed and the college expects to open its doors for freshmen and sophomores next September.

In a new country and with a new school, Dr. Horn has set out to build what he believes is a new brand of college. As a warning of what he expects to make it, he has issued what he calls some "Horn-herays." First of all he proposed to the board of directors that Greek letter fraternities be excluded, and the board promptly adopted the proposal. There is to be no hazing of freshmen at the new school. No one is to be summarily dismissed because of poor scholarship, but the school is going to attempt to adjust itself to the needs of the student and find a place for him, Dr. Horn said. The present system of dismissing about one-third of the freshman class and sending them home hopeless failures is "indefensible and well-nigh criminal," he declared. The faculty is to be composed of "manly men and womanly women above pettiness, strife and jealousy, gifted with the ability to get along in the little world of the college and in the great world outside."

BANDIT TRIO IS TAKEN; ONE SLAIN, ANOTHER IS DYING

(Associated Press Leased Wire.) CANTON, Ill., June 4.—Clyde Duncan, 28, of Peoria, was killed, his stepson, Guy McConkey, 25, was probably fatally wounded and Joe Diamond was captured at Norris today after they had robbed the Chicago, Burlington and Quincy station of freight and money.

GOOD LAUNDRY WORK MAKES HOME LIFE BRIGHT AND YOU'LL AGREE THAT WE ARE RIGHT.

Superior laundry brightens up the home life as well as your personal appearance. Let us undertake to show you what laundry quality and service really means. Phone us. Roseburg Steam Laundry Phone 79 Roseburg, Ore.

Cooking to be proud of

For more than a generation Perfection Oil Stoves have fostered women's pride in cookery. Their fine cooking results and complete reliability are known in millions of homes.

With the coming of the modern Perfection Range—the latest achievement in oil stove progress—those extra service features are now added which bring to homes without gas the full cooking convenience of city kitchens.

Recently invented burners which give the cooking speed of gas, improved designs which lighten work and shorten kitchen hours—with these advantages Perfection Oil Ranges give a cooking service unsurpassed even by the finest gas stoves.

Your dealer will be glad to demonstrate Perfection's gas-like service and simple operation. See him today.

American Pilgrims See Rare Sight in Rome

A scene of matchless beauty was spread before the eyes of thousands of American and other Holy year pilgrims in Rome when St. Peter's was illuminated for the first time since the fall of the temporal power in 1870. Thousands of torches provide the light. Huge crowds are seen in the square.

Hindenburg Still Kaiser Symbol, Despite Disavowal

Despite Hindenburg's inaugural profession of faith in the republic, he still is a symbol of monarchy in Germany, and Berlin continues to be the scene of monarchist demonstrations. Former soldiers of his command—the "Hindenburg Line," are seen above celebrating his inauguration as president. At right is a photo taken in a flag store in the capital, showing the rushing business being done in the sale of the imperial eagle of the monarchy.
