suspended by the dockers' strike. Only a small quantity of cargo is being moved and that slowly as the Chinese banks and firms financing the cargoes have closed.

SHANGHAI, June 9.—Outbreaks of Chinese students at Shanghai were the result of Bolshevik activities—school boys made the ignorant tools of Bolshevik plotters—the police prosecutor in the mixed court said today in outlining charges against defendants arrested as the result of disturbances.

H. C. Che, a Chinese surgeon at the police hospital, testified that riot victims received wounds while facing guns as all wounds were from the front portions of the bodies. This testimony contradicted statements issued by the students last Saturday saying the victims of the Louza police station riot, the scene of the first outbreak, were shot in the back.

Harry Westridge, for 15 years a missionary and a member of the staff of the China Inland mission, was on a tram car which was stalled in front of the Louza police station when the riot started, he testified.

Had the police hesitated an instant longer before firing into the crowd of enraged students they would have been trampled upon and the mob would have seized the police station, Westridge testified.

The police had no other option than to fire, he added. This testimony was supported by other witnesses.

Chinese volunteers today fired on Chinese workers in a Belgian mill for refusal to join the general strike, killing one and wounding several others.

PEKING, June 9.—The vernacular newspapers report that General Feng Yu-Hsiang, "Christian General," has issued a circular dispatch, supporting the student agitation against foreigners and also that he has wired to Chang Tso-Lin, Manchurian war lord, urging that the

LONDON, June 9.—Foreign police in Shanghai fired into crowds of students during the first outbreak of the present disturbances, "at a moment when the mob was forcing entrance into the police station and shouting 'kill the foreigners.'" Ronald McNeill, under secretary for foreign affairs, informed the house of commons today.

LONDON, June 9.—Dispatches received today from China indicated the situation there had improved over the week end, but that there still was danger of general uprising throughout the interior. Shanghai was said to be quiet at present. The situation at Chinkiang had been relieved by the arrival there Saturday of the American destroyer, Paul Jones. Foreign women and children at Chinkiang who had taken refuge on foreign ships during the trouble, had returned to their homes and it was not found necessary to land troops from the Paul Jones, the message said.

A Tokio dispatch to the London Daily Telegraph today refers to the Washington dispatch of June 5, dealing with Chinese affairs and detailing the reported alignment of Soviet Russia with Feng Yu-Hsiang and of Japan with Chang Tso-Lin, and adds: "This statement has been the cause of a number of important and hastily called conferences in high places here. There is every reason to believe the disclosure did not cause surprise, but rather consternation because it is dangerously exact, although it is also premature."

LONDON, June 9.—An exchange telegraph agency dispatch from Shanghai says that Chang Tso-Lin, the Manchurian military dictator has ordered two battalions of troops to Shanghai to maintain order.

NEW YORK, June 9.—A dispatch to the Evening Post today from Hong Kong said four Americans in a launch flying the American flag had been fired on by Yunanese at Canton, China.

The party, composed of Frank Crampton, head of an American contracting firm at Hong Kong, and Montgomery Ogden, Bursar of the Canton Christian College, and their wives, was endeavoring to

cross the river at Canton from Honan Island to Shamen, the foreign settlement, when the firing started.

Mr. Crampton was wounded in the arm. The others of the party were injured by splinters of glass. The firing continued thirty minutes and compelled the party to return to Honan and take shelter in the Canton Christian College, the Evening Post dispatch said.

Mr. Crampton was said to have told friends the anti-foreign feeling was intense and that he hoped the United States would intervene.

THEY OUGHT TO PUT UP EARNEST BATTLE For Loser in Wells-Weinert Battle Faces Oblivion; Winner Merry Future

By NORMAN E. BROWN. There is no title at stake in the approaching battle between Harry Willis and Charley Weinert. Neither one of these men has set the boxing world on fire.

And yet the bout should be one of the most interesting ones of recent years for one reason alone. That is that both men should be out to win as decisively and as quickly as possible.

Willis, perennial negro challenger for Jack Dempsey's title, must lick Weinert and lick him good or forfeit whatever legitimate and paper claims he has to a chance at the championship.

But neither Willis nor Weinert has a popularity that will stand a defeat at the hands of the other. And neither has records that will back up such a blow.

Willis claimed, in explaining his poor showing against the veteran war horse, Bartley Madden, last June, that he was saving his hands.

The negro used the same excuse to explain his inability to drop Luis Firpo, Busted Bull of the Pamper, last September.

Now he must choose between risking loss of a bout with Dempsey through injury to his hands and loss of the aforementioned chance through taking a sock on the chin from Mr. Weinert.

Willert, starting his comeback last year, included Firpo in his list of adversaries and gave that gentleman a royal battle for 12 rounds. Which gives him about as much claim to a title match right now as Willis has.

A victory over Willis will send Weinert hurtling over the heads of a dozen other logical and illogical contenders to the front row of chairs in the waiting room outside Dempsey's headquarters.

So there ought to be an air of earnestness in the Willis-Weinert affair. Which alone will make it an unusual bout in these days of dancing acts and ring Charleston.

FEDERAL JUDGE RAZZES FLAPPER

(Associated Press Local Wire.) ATLANTA, Ga., June 9.—Speaking to members of the graduating class of Emory University on "modern freedom" today, Judge Samuel H. Sibley, United States District Court declared that "Romance, faith, worship, full admiration is giving place to cynicism."

"A girl, it is said, is no longer to be protected," he said. "She knows as much and is as well able to take care of herself as anybody. She is not treated with real courtesy and respect, for little is felt for her. The hat when raised to her is a mockery—she is as bad as he who wears it."

"Her short skirts," Judge Sibley said, "have the sanction both of trimness and freedom, but nude stockings and bare knees look like plain vulgarity. A clownish coat of paint and powder over the face does her no credit."

Many Here Poison Themselves Daily

Carelessness of Modern Living Results in Digestive Disorders, Sick Headache, Gas, Bilioussness—Dr. H. S. Thacher's Remarkable Prescription Relieves Many.

A neglected liver can often cause more trouble than a bottle of poison. When the liver is clogged and inactive, it fails to secrete the juices necessary to digestion and elimination. Worst of all, it fails to purify the blood properly. When this happens, annoying symptoms tell you that a state of self-poisoning exists in your body.

Symptoms Lead to Sick Bed. It explains why a sluggish liver is attended by such symptoms as constipation, bilioussness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition—symptoms that lead to the dangerous and expensive sickbed unless corrected in time.
