### AMUNDSEN REACHES WITHIN 150 MILES OF NORTH POLE

(Continued from page 1)

son had the right idea in suggesting submarines as the best means for Arctic explorations. Captain Amundsen, who returned to Spitzbergen yesterday after his sensational Arctic flight, is dissatisfied with the results attained and is quite determined to resume the attempt to reach the Pole. The explorer is quoted as declaring that the experience gained in his present attempt would enable him to attain his goal.

The other members of the expedition, the account continues, appear equally animated by a desire to beat the aerial Polar expeditions planned by other countries.

They expressed the view that important scientific results had been achieved thus far. Captain Amundsen himself was reticent. Amundsen's comrades were unanimous in their appreciation of his leadership. The American member of the party, Lincoln Ellsworth, was saddened by the news awaiting him of the death of his father during his stay in the north, but said that he would continue his financial backing of Captain Amundsen.

### STATE RESTS CASE AGAINST SHEPHERD

(Continued from Page 1)

He said she said Shepherd told her he had studied "typhoid."

CHICAGO, June 19.—Chief Justice Harry Olson of the Municipal court, who has been the chief figure in the prosecution of William D. Shepherd, accused of causing the death of William N. McClintock, declared today that regardless of the outcome of the Shepherd trial, "Isabelle Pope, McClintock's fiancée, will come into possession of the McClintock fortune." Judge Olson said Miss Pope eventually will be declared McClintock's lawful heir on the ground that Shepherd obstructed and held back the wedding contract.

"That wedding contract will be held binding in my judgment," he said, "and when Isabelle Pope will receive all the personal property, one half of the real estate and a life interest in the other half of real estate. All except about \$200,000 of the estate will go to her. She will receive the full rights of a widow."

"It was out of kindness of her heart that she gladly agreed to divide the estate with the other heir."

Testifying at the trial, Miss Pope admitted that the prosecution of Shepherd was preliminary to an attempt to break McClintock's will, in which he made Shepherd chief beneficiary.

### WHOOPIING COUGH FATAL TO ONE CHILD; TWO MORE ILL

Doris Marjorie, 5-year-old daughter of Mr. and Mrs. Dexter Haughman, ranchers of the French Settlement section, near the end of the Callahan trail, died at the family home yesterday of whooping cough and complications. The remains were brought to this city today and interment will follow at 10 o'clock tomorrow morning at the Odd Fellows cemetery, with services which were being arranged this afternoon. Besides her parents, the deceased child is survived by several brothers and sisters. Two of the surviving children—one a twin sister of the decedent—are reported to be seriously ill of whooping cough and are being brought to this city, under the direction of County Health Officer Dr. W. C. Belt, to facilitate medical treatment.
