Your work hard for your money. Make your money do the same for you—in this bank.

UMPQUA VALLEY BANK

ROSEBURG, OREGON

AGRICULTURAL CONFERENCE TO BE HELD IN CITY

(Continued from Page 1)

Shipments of fruit of all kinds had increased in the United States from 275,231 cars in 1917 to 432,397 cars in 1923. The acreage of nuts had increased 100 per cent in 19 years. Carlot shipments of apples in the same period had increased 100 per cent. These facts indicate that commercial fruit production was increasing rapidly. It was also brought out that the success of the prune business has for some time depended upon an export market. In view of these facts the delegates, most of whom were producers recommended materially needed increases in acreage in those products for which the state of Oregon is particularly adapted and among these were berries, sweet cherries, walnuts and filberts and certain varieties of pears. It was recommended that apple production be not increased and only the best paying orchards of the best varieties be retained. Similar conclusions were reached on various lines of agricultural industries.

A resolution was unanimously adopted asking that these facts be carried to the people of the counties and that a similar study of each county be made to determine its relation to the possibilities of the state. Many matters of fundamental and economic importance have been brought out as a result of these county meetings. In one county analysis of production records showed an import of \$750,000 worth of alfalfa hay in several years, but 50 farmers in the county were growing hay, and a survey showed that their average yields were four tons to the acre. All points in this county, Washington, are now directed towards the growing of an acre of alfalfa for every producer cow in the county, and already between five and six hundred farmers are successfully growing alfalfa.

Horticulture, general farm field crops, livestock, dairying, poultry, lumbering and fishing were the major projects decided upon by the meeting Saturday. A committee with membership covering the entire county will be appointed to consider each of these industries. A statistician from the Oregon agriculture college extension service will spend at least three weeks in the county working with this committee determining necessary facts and figures. Arrangements have been made for obtaining sheets from the bureau of census for Douglas county in order that the latest census report may be available for the committees. The findings of the state meeting at Corvallis will be available through County Agent Cooney.

Card of Thanks.

We wish to thank our friends for their kindness and sympathy, and for the many floral offerings, in our bereavement, the loss of Dora Margartie, our baby twin daughter. Mr. and Mrs. Dexter Baughman and family.

Hay fever, asthma, catarrh. Relief guaranteed within 24 hours or money refunded. Lloyd Crocker.

TO SPEAK AT KIWANIS PICNIC AT BANQUET

W. E. Hobbitt of Klamath Falls arrived in Roseburg this morning, and will go with the Kiwanians to look creek tonight for the joint picnic, and will speak there at the program which has been arranged. Tomorrow night he will be one of the speakers at the reception and banquet to be tendered by the Kiwanis, the new chamber of commerce secretary here. Mrs. Hobbitt is with her husband on the trip.

LEGION POST TO MAKE SHOWING AT CONVENTION

Drum Corps and Post Delegates to Go to Prineville on Wednesday.

TO BOOST CANDIDATE

Will Make Vigorous Effort to Elect Dr. E. B. Stewart to Office of State Commander.

Between 25 and 40 members of Umpqua Post of the American Legion will leave on Wednesday of this week to attend the state convention of the American Legion in Prineville. The Roseburg delegation will include the members of the drum corps, and the five appointed delegates, together with their alternates, as well as several other members of the post.

The Roseburg post hopes to have the largest attendance of any of the western Oregon posts, and from the present indications it appears that there will be the largest representation this city has ever had at any of the conventions of this organization. Dr. E. B. Stewart, commander of the local post, is a candidate for the office of state commander, and the local legionnaires are determined that he shall obtain the office, and to that end the entire party will work vigorously during the days of the Prineville meeting. Dr. Stewart has been given assurance that he will receive the support of some of the most influential posts of the state. He is known as one of the most active and able American Legion workers in the organization, and in his conduct of the local post has

GOVERNOR PIERCE REFUSES HOLIDAY FOR ELKS PARADE

SALEM, Ore., June 22.—Governor Pierce today decided, notwithstanding an appeal from the Elks organizations all over the state, not to proclaim a holiday on July 14, the date of the parade of the national Elks convention in Portland. The governor sent a letter to Ben S. Fisher, of Marshfield, president of the State Elks Association.

"My first inclination," says the governor, "was to grant your request, but my duty as governor demands that I must serve the best interests of the entire people of the state. The declaration of a legal holiday is a serious matter to the business interests of the state. It means financial loss to many institutions, mills and factories, if closed, suffer losses. Banks closed for a day mean interruptions of clearances and such annoyance to regular patrons. An extraordinary holiday such as this presents serious difficulties to the farming and stock interests of the state, in the care of stock, crops and fruit harvests. The closing down of the mills and factories alone for one extra holiday, would result in a loss not less than a million dollars to their owners."

RAIL OFFICIALS COMPLETE SURVEY

REND, Ore., June 22.—Completing an inspection trip through central Oregon country through which they propose to extend their railroad line, a large party of Great Northern and Northern Pacific railroad officials arrived in Bend last night from Slatkath Falls and left an hour later by special train for Spokane.

While in Bend they met with a number of city officials and officials of the Bend Commercial Club.

REVENGING FOX DEVIL BLAMED FOR FOOCHOW FIRES

FOOCHOW, June 22.—The fire has been busy in the provincial capital of Fochow, where electric lights, auto buses and modern education have gone a long way towards building an ancient superstitious. Rumors in Fochow are of "fox devil" and "ghosts" which are held responsible for many mysterious troubles in and around native homes. It is credited even with going so far as to take possession of human bodies and in such disguise carrying on its malevolent work.

In its latest demonstration which has aroused the populace of Fochow the fire-devil has appeared as an incendiary. Three fire-alarm offices in recent weeks are attributed to its machinations. One which started in the Annual Guild hall in the center of the city caused a panic because of its proximity to wealthy shops and homes. The next day an accusation was made before one of the officials of the city against the owner of an oddities store near the guild hall.

In the bill of the fire-devil was alleged that on the evening of the fire two cats fighting on the roof of this shop, and that they fell into the "heaven well" or area. Certain clerks in the shop seeing that one was a very large cat with long white fur, killed it with a wooden stick of sealing the well. It transpired, however, that the cat was not a cat but a human, and that in revenge the spirit set fire to the guild hall.

There is said to be a question whether the native fire insurance companies involved will pay the claims arising out of the fire or dispute them on the grounds that the fire was "an act of God."

CHINESE FOREIGN SETTLEMENT IN A STATE OF SIEGE

(Associated Press Local Wire.) CANTON, June 22.—Shamoen, the artificial island which is the Canton foreign settlement, today was in a state of siege. Two gunboats, one British and one French, held commanding positions in the creek separating Shamoen from the city. All approaches to the island were fortified, with piled-up sandbags and quick firing guns testifying to the preparedness of the foreign forces for emergencies.

All Europeans have been warned not to enter Canton itself. In Shamoen, it is believed they will be safe. The planing of the two gunboats is supposed to make impossible any landing by Chinese, on the question. Fresh contingents of French sailors arrived this morning and took up quarters in Shamoen.

Foreign residents in the Y. M. C. at Canton insist that they are urged to leave for some safer location. The general strike is continuing, under the pressure brought to bear on workers by the Kuomintang, (People's party) the present ruling faction in Canton. Some Chinese say that much of the anti-foreign feeling being reached is the result of Kuomintang coercion.

Anti-foreign feeling is especially strong against Japanese and British nationalists and interests. The American are reported to be feeling better.

NEW YORK, June 22.—Foreigners are streaming out of Canton, which threatens to become a new danger spot in the Chinese anti-foreign movement. Steamers leaving for Hong Kong and Macao are crowded with whites, mostly missionaries, but including also business men and their families. Direct Canton dispatches say the situation is "extremely grave." The exodus coincides with the beginning of an announced general strike in Shamoen, the foreign quarters of Canton, where all the native servants and clerks have walked out. Their action, according to reports, is in sympathy with approval of the Canton government. Strong anti-foreign feeling is prevalent among certain classes and one dispatch reports the assassination of M. Nakadsky, a Japanese, by an unidentified Chinese at the Shamoen gate.

Indicative of the seriousness of the situation is a report received by young Chinese abroad, is a dispatch from Paris, telling of the invasion of the Chinese legation there by 100 youths who forced the minister to sign a number of documents.

These including a proclamation, expressing sympathy with the foreign movement, a letter to the Chinese premier saying all of France's Chinese residents were ready for a war against foreigners, and last, but not least, a letter to the French police setting forth that the minister's unwelcome guests had entered the legation peacefully and should not be molested. But the leader of the band was arrested.

HONG KONG, June 22.—The government here today issued a notification guaranteeing full protection to life and property during the sympathetic strike now being carried on here by Chinese students and workers.

The family of any person killed while engaged in carrying on a customary work, will be paid \$2,000, the notice said.

Chinese seamen employed on the liner Empress of Asia, deserted the ship here today and it is probable the ship will be unable to sail on schedule dates.

The Ladies' Emergency Committee was formed today for the purpose of assisting residents of the Peak district, the British administrative area, which has been affected by the strike.

Girls have replaced the Chinese strikers at the Hong Kong hotel today, while the hotel bandmen, Filipinos, put down their instruments and substituted for Chinese table boys who left their posts.

A number of British and Portuguese boys volunteered for the jobs in other departments of the hotel, but the strike, as well as a Whisman's Cafe.

EXPLORER STARTS NORTH IN BLIMP; N. POLE NOT GOAL (Associated Press Local Wire.) LIVERPOOL, June 22.—Gretir Algarsson of Victoria, B. C., explorer, who has been planning an effort to reach the North Pole in a small dirigible, sailed from the Mersey this afternoon in what he said was an attempt to reach "farthest north." Algarsson said he would not attempt to fly to the North Pole, but would attempt to reach the most northern point of any Arctic expedition this year. Algarsson was accompanied by Commander Worsley and several others.

ANTLERS THEATRE. Beautiful Betty Blythe gives an exceptional portrayal in a characterization somewhat different from those she has recently essayed. She is Mrs. Whipple, the dashing young mother of a semi-wild daughter and a son whose only interest is in Jazz music. Pauline Garon, famous for her flapper roles, adds another bit to her reputation as one of the foremost interpreters of young girl parts. William V. Mong ably depicts the father who is well-named "Stuffy" by his daughter, and other male roles are taken by Eddie Phillips, Arthur Rankin and Robert Ellis who is the hero, Stella of Lanti, a real Duggee, and Fred Becker are the villainous Spanish pair who almost ruin the family. At the Liberty theatre tomorrow and Wednesday.

Algarsson's original plans were to go north by boat and then fly to the North Pole in a semi-rigid airship. Recent reports have left some uncertainty regarding his exact intentions. At one time it was reported that delays in the construction of the dirigible had caused him to abandon the project. Binding twine at Wharton Bros. REMOTE MOUNTAIN LAKE GIVES SALT OF MANY USES WENATCHEE, Wash., June 21.—The world's greatest deposit of Epsom salts is being mined from an ancient lake bed in the mountains of the extreme north central part of this state. Under a 12-foot covering of mud, itself testing 55 per cent Epsom salts, is a layer of from 13 to 23 feet of the product which assays 95 per cent pure. Development was recently started. Tunnels have been run through the solid crust formation, dynamic being used to loosen it, after which it is shipped ten miles away to Oroville for refining. Besides being a base for over 100 chemicals, these salts have a wide commercial usage, ranging from face powder to brake linings. Chocolates made especially for us. Hand rolled and dipped in Hershey's chocolate. Pure and wholesome. Lloyd Crocker.

MAJESTIC THEATRE. Audiences at the Majestic theatre yesterday gasped, craned their necks in excitement and held their breath as "The Monster" unfolded its mysterious and gripping story on the screen. This is a Roland West production distributed by Metro-Goldwyn, and the pictureization of the stage play written by Crane Wilbur. Lon Chaney, famous for his characterization in "The Hunchback of Notre Dame" and "He Who Gets Slapped," appears in the title role, portraying a mad surgeon whose twisted brain manufactures a scheme whereby he lures victims to his sanitarium that he may perform operations upon them. He is superb as the suave and evil Dr. Ziska. Johnny Arthur, noted as a stage comedian, makes his second cinema appearance in the role of the hero, who longs to be a detective and whose ingenuity finally solves the town mystery and wins him the town beauty. Small town mystery, romance and the thrilling experiences of two men and a girl in the haunted den of the Monster, make up a story which holds interest by its tense moments, harrowing incidents, and comedy relief.

Use range for \$25. at Powell's. Toys! Now! Let the kiddies have a new toy to play with. Roseburg's complete line at Carr's. Hay fever, asthma, catarrh. Relief guaranteed within 24 hours or money refunded. Lloyd Crocker.
