Oil-Cookstove Work —is "City Easy" and Cool!

WORKING with a good oil cookstove is cool work and a "snap"—no fires to tend,—nothing but a match to light, a wick to turn and you're done! Noiseless, simple, *safe!*

By using a good oil cookstove you make your kitchen-work as simple and "city easy" as it *should be!* And when your dealer recommends Pearl Oil as the *best* kerosene to use—he's right! Pearl Oil is specially refined and *re-refined* so it burns *clean!* And it won't corrode metal—no oily smell *—nothing* but bright heat-producing flame.

"Kerosene" or "Coal Oil" may mean any kind of kerosene—so insist on pure, clean-burning "Pearl Oil"—ask for it by *name!*

Make your home
—warmer in winter —cooler in summer
at practically no extra cost— with Celotex Insulating Lumber

The hidden comfort of costly homes—*now even the simplest home can have it.* Celotex Insulating Lumber makes possible, for the first time, complete heat-insulation at practically no extra cost.

Celotex replaces wood sheathing and lath, making a stronger house than the wood lumber it replaces. It reduces fuel bills approximately one-third. It makes homes warmer in winter and cooler in summer, bringing to *every* home a comfort only costly ones have had before.

Before you build, learn the facts about this amazing building material. Phone us for more information.

Americans Fired on By Chinese

Mr. and Mrs. K. Montgomery Ogden of Orange, N. J. (above) and Mrs. Frank Crampton of New York City (right) are reported to have been fired on by Yunnanese troops while in a launch flying the American flag near Canton, China, and Mrs. Crampton wounded. Another American was in the boat U. S. consular officials are investigating the matter, which is one of a series of incidents that are causing foreign governments grave worry.
