FOUR MORE QUAKES HIT SANTA BARBARA

STRICKEN CITY GETS ANOTHER JOLT EARLY TODAY ALMOST AS HARD AS FIRST DESTRUCTIVE ONE

Several Mansions Suffer From Today's Temblor—Women Go Into Hysterics as City Shakes With New Tremors—Ruins Totter to Ground Under Force of Shakeup.

(By Associated Press Leased Wire) **SAN FRANCISCO, Cal., July 3.**—Santa Barbara went through four more earthquake shocks today. The first was at 8:35 a. m., and the other three were at 10:21, 10:41 and 10:46 o'clock. Up to 11:30 o'clock no great damage had been reported and no persons were injured.

LOS ANGELES, Cal., July 3.—The chief of the Pacific Telephone and Telegraph company's toll lines here said that owing to renewed temblors at Santa Barbara the telegraph instruments of the Associated Press in the Daily New building there were moved outside.

The wires, however, were still intact.

SANTA BARBARA, Cal., July 3.—Santa Barbara was rocked again by a heavy quake at 8:35 a. m. The quake lasted about six seconds and shook the city rather violently.

The vibration, consisting of two shocks, appeared to be from east to west and swayed the buildings perhaps more severely than any of the shocks following the major disturbances of last Monday morning. So far as reported no further damage has resulted. Occupants of buildings rushed into the open for safety and several girl employes became hysterical.

Because of continued earthquake shocks telephone service was discontinued for a time this morning. The frayed nerves of the operators would not permit them to remain in their already damaged building. Service will be resumed soon officials say, no damage having been done to the interior of the telephone building.

The city has suffered no further damage and all reports of loss of life today are incorrect.

The people generally have sought the open spaces until the earth settles down a bit. They are cheerful but nervous.

PASADENA, Calif., July 3.—A slight earthquake occurred here at 8:30 a. m., the movement was apparently north and south.

SANTA BARBARA, Cal., July 3.—A sharp earthquake shock occurred here at 8:35 this morning and lasted about five seconds. The vibrations loosened a few bricks and widened the cracks in some of the shattered walls. A few wrecked chimneys toppled to the ground but no other damage resulted as far as is known.

Reporters of the Santa Barbara News made a hasty survey of the city and found only nominal damage. The towers of the old mission shed a few more pounds of stone and mortar and the walls were cracked a little more but the old structure still stands as it did after the heavy quake on Monday. St. Anthony's college and the St. Francis hospital, which were badly wrecked on Monday, suffered little additional damage. Both are still standing. In one or two places, plumbing was wrecked and broken but the power lines and gas pipes that had been repaired were not disturbed.

As a result of the shock this morning there were witnessed rumors concerning the damage but they proved to be without foundation or exaggeration. One report said that the mansion of C. K. G. Billings of Chicago, which is located in Montecito, had been destroyed. A detail of police and newspaper men visited the place and found the buildings of the estate in practically the same condition they were after the original quake Monday. Some additional plaster fell but the employes say

HOTEL TO MAKE SPECIAL ROOMS FOR TALL MEN

(Associated Press Leased Wire.) **NEW YORK, July 3.**—The Hotel McAlpin has announced the conversion of part of its 22nd floor into special accommodations for tall persons. When completed, by the end of next week, there will be accommodations for fifty "oversized" guests. The change is being made under the supervision of Benjamin Ostland, Marshfield, Ore., president of the Tall Men's Association. Mr. Ostland stands six feet, five inches in his socks. Fellow club members, emboldened by the hotel's action, now plan to make a drive on theater seats and Pullman berths.

STATE OFFICERS ARE SEEKING BIG SALARIES

(Associated Press Leased Wire.) **SALEM, Ore., July 3.**—Action of the state board of control recently in increasing the salaries of Dr. R. E. L. Steiner, superintendent of the state hospital for the insane at Pendleton, has been followed by a demand from the superintendents of other state institutions that they also be granted increases. The salaries of Dr. Steiner and Dr. McNary were increased from \$3,000 to \$4,000 each. This was done because of an act of the 1925 legislature prohibiting state officials or employees from using state-owned automobiles for any purpose but state business.

Dr. McNary informed the board that since his residence is located several miles from Pendleton it is necessary that he use the hospital car for personal business trips, and that he would resign if denied that privilege with his salary remaining at the old figure. A condition of the increase in the salaries of both McNary and Steiner is that they provide their own automobile for personal business and pleasure trips.

MRS. COOLIDGE HAS A NARROW ESCAPE

(Associated Press Leased Wire.) **SWAMPSCOTT, Mass., July 3.**—Mrs. Coolidge barely escaped being run down by a motorcycle this morning during a walk about Swampscott. A leap to the side of the road saved her.

She was returning to White Court and had just turned into the private driveway when four members of the state constabulary on motorcycles turned into the lane behind her. Driving at a fast clip, according to witnesses the motorcycle officers were behind her almost before any one was aware.

The grinding of brakes and a yell by James Haley, her secret service man gave Mrs. Coolidge her only warning and as she jumped to one side of the road the leading machine shot between her and Haley.

The motorcycle detachment coming to White Court to escort the President to Cambridge, proceeded to the summer White House without stopping.

Motor To Coast.—Mr. and Mrs. Ray Roberts, of this city, left today for Bandon beach, by auto, and will spend the week end there.

CHARLES JONES DIES SUDDENLY HEART FAILURE

Lifelong Resident of Douglas County Falls Dead Near Home.

FELT ATTACK COMING

Was Out in Pasture After Cows When Heart Spell Came On—Funeral to Be Saturday.

Charles Jones, a life-long resident of Douglas County, died suddenly last night while out in the pasture driving in the cows. He apparently was overcome with heart failure. He felt the attack coming on, evidently, and lay down in a spell of weakness, and died quickly. The body was found about two hours later by relatives.

Mr. Jones left the house of his brother J. W. Jones, with whom he has been making his home, about 5:15 yesterday evening. It was his usual custom to go out for the stock at about that time of day, being required to go only a short distance.

When he failed to return relatives became anxious and started in search of him. He was found about 7:20 o'clock and evidently had been dead for some time.

He had been in failing health for several months, and was under the care of a physician a great part of the time. He had apparently felt weakened by the exertion of driving in the stock, and lay down on the ground and drew his hat over his eyes. His death came apparently without suffering. (Associated Press Leased Wire.) **LOUISVILLE, Ky., July 2.**—The Louisville Courier-Journal today says that Walter White, superintendent of schools at Dayton, Tenn., has invited the Rev. William "Billy" A. Sunday, evangelist, to assist in the prosecution of John T. Scopes, young high school instructor, on charge of violating the Tennessee anti-evolution law.

The newspaper says its information was received from Bob Matthews, Mr. Sunday's secretary, at Carrollton, Ky. Mr. Sunday is at his home in Hood River, Ore., where the letter containing the invitation has been sent.

POOR WIDOW WILL NOW GET FREE BOARD

PORTLAND, Ore., July 3.—Mrs. M. C. Dalton, who told Judge Bean she was a "poor widow woman trying to get along," was sentenced to four months in jail in Federal Court here today after she pleaded guilty to selling liquor illegally. Mrs. Dalton, together with William Jacques, after it is alleged they had sold liquor to prohibition agents, Mrs. Dalton insists she was solely to blame and that Jacques was innocent. Jacques pleaded not guilty and his trial was set for July 20.

In Thursday.—Mr. and Mrs. O. C. Brown, monitored from their ranch near Dixonville and spent yesterday afternoon visiting friends in this city.

GREG IS VICTOR OVER WALKER IN TERRIFIC FIGHT

Challenger Stays Fifteen Rounds With Title-Holder But in Groggy State.

LIKE WOUNDED LION

Came Back in Fifteenth Round Strong—Wills Knocks Out Weir in Second Round.

(Associated Press Leased Wire.) **NEW YORK, July 3.**—The world's middleweight ring crown was still snugly fitted to the head of Harry Greb today after 15 tempestuous rounds of fighting with Mickey Walker, welterweight king. Greb was the final bout of four thrilling struggles for charity last night in the ring of the Polo Grounds marked by two stunning knockouts.

Harry Wills, veteran negro heavyweight challenger, took only two rounds to dispose of the New York come-back, Charley Weirert, Jimmy Slattery, sensational Buffalo, New York, middleweight, fell an unexpected victim to a furious attack from the Golden Gate center in the fast flying flats of Dave Shade. Floored three times in the third round, Slattery was saved from a ten count when his seconds tossed in the towel.

Jack Sharkey and Joe Lynch, rival veteran bantams, fought a four round draw.

For 13 rounds of a bruising mill with Walker, Greb fought at close quarters.

Then he cut loose. Coming out of his corner in the 14th with a terrific right, he spun the challenger around with a blow to the jaw. Another right found the same mark as Walker went to the ropes, and for the first time since he became champion of 147 pounds, the Elizabeth (N. J.) boy was staggered and groggy.

Greb leaped upon Walker and drove him from rope to rope. The challenger, his face bleeding from steady pounding, strove to protect his face and then, in one final effort, he lashed out with right and left at the astonished Greb.

The rally kept the middleweight champion at bay until the bell and he went vigorously after a knock-out in the fifteenth, but instead of a willing foe, he found a wounded lion. Six times Walker ripped sledge-hammer drives into the Pittsburgh man's stomach until Greb, recovering, went back at his opponent.

A crowd of 65,000 was electrified by a spectacle of two champions belting each other. Thus the final bell found them—Greb, majestic in a clever and decisive victory over a foe he outweighed at 159 by seven pounds; Walker, great in an exhibition of vigor and pluck which cost him some of his prestige as a champion welterweight.

The battle had the spectators on their toes throughout with its speed. Walker, a dangerous hitter at a distance, was given few opportunities to mix as he would like to have done. Greb quickly took the fight to close quarters, where he used his weight and every trick he knew to outscore Walker with a flying right that never ceased in its windmill journey.

Wills, who has for several years perched patiently on Jack Dempsey's doorstep, has muscles that are still limber and strong. At 213 pounds he had a 283 pound weight (Continued on Page 8.)
