

to a Thoughtful man

What more practical gift could you give your wife than a shorter and easier washday?

Such a gift is the Maytag Gyroform Washer.

Not only is it a means to shorter washdays and spick-span washings, but it's the way to greater ease and more complete satisfaction with the world that's done.

Because of its astonishing speed, old-fashioned thoroughness and unusual ease women have termed the Maytag "the Miracle of Monday." It washes twice as many garments per hour as other washers—so clean that even cuffs, collars and wristbands require no handrubbing—so careful that makers of delicate, filmy undergarments recommend it as superior to hand washing for such garments.

No more practical gift could a thoughtful man choose—and she needs it more than you imagine. Get her a Maytag.

9 Outstanding Maytag Features.

Swim for Health and Pleasure

Come and swim or learn to swim in the best swimming water in Oregon, the Umpqua River just above the city where the water is clean and pure. If you have no bathing suit, you can rent one on the grounds for a nominal fee. Also nice clean dressing rooms for ladies and men with a board walk right into the water. Raft and spring board out in deep water for those who wish to dive. Swimming contests will be staged, so get in practice for these.

Directions by way of Oak street bridge, and follow the river to above the dam, or by way of Mill street and the swinging bridge.

Refreshments served on the grounds.

CITY COUNCIL PLANS TO PAVE MORE STREETS

Three Avenues in Laurelwood to Be Improved During Present Year.

PROTEST IS HEARD

Southern Pacific Company Objects to Plans for Paving Sykes Street Without Drainage.

The city council last night held a very busy session, considering a number of important matters. In addition to consideration of street work and paving contracts, the council took up a number of other propositions.

A letter was read from Dr. W. C. Belt, county health officer, stating that attention should be given to the city sewers, to see that the outlets are kept sanitary during the summer weather. It will not be necessary, he states, to prohibit bathing in the river, unless conditions become severe as last year.

A communication was presented by the Southern Pacific company, protesting the paving of Sykes street without plans being provided for taking care of the surface water, which, it was claimed, would flow directly on the S. P. right of way. The committee stated that they had investigated the complaint, but that there would be no more water flowing down the street than at present, and that the surface drainage would take care of it. The street committee will make a further investigation.

The Ways and Means committee stated that they had discussed with the city attorney the matter of cooperating with the county in the retooling of the Oak street bridge, and that they had been advised that the city could not participate in that improvement as the bridge is county property.

The city attorney, it was reported, is making a personal investigation of the status of the North Pine street crossing.

The council authorized the payment of \$25 per month to the city recorder to provide additional clerical assistance in the office.

The matter of providing better fire protection to the East Lane street district was considered. At the present time there is no hydrant at the top of the hill, and the council has ordered one installed. The water company, it is claimed, is preparing to run a main up the hill, which would permit only a very small amount of water to be secured; not enough to provide protection. The city desires a main run from the south reservoir, which would give plenty of water, at a pressure equal to that of the main should be laid up the hill. The committee on fire and water was instructed to investigate and take charge of this matter.

An electric light was ordered installed at the head of the street in Overlook Addition.

Plans and specifications were read for the paving of Casey Avenue, Bowen Avenue, and Riverside Drive, in Laurelwood, and Parrott street between Oak and Maple streets. The estimated cost on the Laurelwood improvements were Casey Avenue \$3,697.12; Bowen Avenue, \$2,507.91; and Riverside Drive, \$6,887.56. Ordinances for the paving of each of these streets were passed on first and second readings.

Ordinance for the paving of East 6th St., E. 6th St., E. 2nd St., Roberts St., and A Avenue, were placed on final reading and passage.

The council authorized Chief of Police Ketch to represent the city at the meeting of police officers in Victoria, B. C., on July 29 to 23, and provided for his railroad fare to and from the convention city.

EXONERATION OF WILSON SEEN BY GERMAN PAPER

BERLIN, July 7.—(A. P.)—Gradual exoneration of President Woodrow Wilson, whose reputation had been badly injured by the Treaty of Versailles, is pointed out by the "Frankfurter Zeitung" in its review of a book covering the statements, writings and publications of the American war president.

The "Frankfurter Zeitung" says: "This gradual exoneration is keeping pace with the growing realization of the danger, today besetting European politics by the very general disregard for his ideas. If the world wishes to live in peace it will have to return to Wilson's theories."

For concrete work call Taylor, 113 No. Flint St. Tel. 25-R.

IMPORTANT CHANGE IN FEDERAL GAME REGULATIONS IN OREGON

On June 22, 1925, President Coolidge approved an amendment to the regulations under the Migratory Bird Treaty Act prescribing an open season on waterfowl (except wood ducks, elder ducks, and swans) coot, gallinules, Wilson snipe or Jack snipe, black-bellied and golden plovers, and greater and lesser yellow-legs from October 1 to January 15, both dates inclusive, in that portion of Oregon lying east of the summit of the Cascade mountains.

This change is regulations provides for uniform open seasons on the above mentioned migratory birds for which there is an open season for the entire state. These regulations are effective immediately.

RIFFIANS ARE REPULSED

JOBS FOR WOMEN URGED IN CUBA

REGLA, Cuba, July 7.—(A. P.)—Cuban women need ample protection and should be provided with an adequate means of making a honest living. Mayor Antonio Bosch said in making public a plea to merchants and employers of the city to employ women wherever possible.

Mayor Bosch has asked the city council to adopt an ordinance making it compulsory for department stores and other establishments where women's articles are sold, to employ saleswomen, 75 per cent of whom must be of Cuban nationality.

Regla lies on the eastern shore of Havana harbor.

ADVERTISING CONSTRUCTIVE VALUE OF TEN COMMANDMENTS URGED

PORTLAND, Ore., July 7.—Modern advertising methods applied to the Ten Commandments would soon change them from stern prohibition laws to factors contributing to true happiness, declared Clarence C. Hamilton of Boston, speaking at today's session of the thirtieth International Christian Endeavor convention. "Modern advertising then should adopt the positive form of the commandments in order to convince the public that they were not prohibition laws," said Mr. Hamilton. "Too many persons regard them as prohibition laws and apparently take delight in violating them. They do not appreciate their constructive values and the contribution their observance make toward the true happiness of the individual and community."
