

Many Here Poison Themselves Daily

Carelessness of Modern Living Results in Digestive Disorders, Sick Headache, Gas, Biliousness—Dr. H. S. Thacher's Remarkable Prescription Relieves Many.

A neglected liver can often cause more trouble than a bottle of poison. When the liver is clogged and inactive, it fails to secrete the juices necessary to digestion and elimination. Worst of all, it fails to purify the blood properly. When this happens, annoying symptoms tell you that a state of self-poisoning exists in your body.

Symptoms Lead to Sick Bed

It explains why a sluggish liver is attended by such symptoms as constipation, biliousness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pain in the back and sides, and a nervous, irritable condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time.

Dr. H. S. Thacher, noted medical practitioner, perfected a whole-

some vegetable prescription to keep the liver healthy. It gives quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver and Blood Syrup, doesn't cost much, is pleasant to take and contains only ingredients that are known to physicians for their corrective and health-building properties.

Notice Quick Difference

Try this great prescription yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied, otherwise, there will be no cost.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by Nathan Fullerton, Roseburg, Ore.; Brain Pharmacy, Davis, Oregon.

CHANGE MADE IN ROAD LAW GIVES DISTRICT LESS

Instead of 70 Per Cent of Road Money Districts Get Only Half.

CITIES ARE AFFECTED

Under Former System 70 Per Cent of Road Fund Went Back to Districts in Which Raised.

Under the law passed by the Legislature the distribution of the county general road fund is changed so that 50 per cent of the fund goes to the county instead of 70 per cent as formerly. This law becomes effective when the taxes come in next year and instead of the road districts receiving 70 per cent as in the past, they will receive only 50 per cent.

Under the present arrangements the county has the right to levy 1 to 10 mills for the general road fund. The county under the old law was required to expend 70 per cent of the money so raised within the district in which the tax was levied, while 30 per cent could be used at the discretion of the county court upon any road where it might be desired to place the money.

Incorporated cities and towns are classed as individual road districts, and under the old law 70 per cent of the money paid by the cities into the road fund went back to the city councils, to be handled by them on city road and street work.

Under the law, as amended, the county is given 50 per cent, instead of 70 per cent, while the districts receive only one half, instead of 70 per cent as in the past. This will give more money for the county to handle in a discretionary manner, while at the same time many districts will have less money to spend within their own boundaries. This is particularly true of the cities, which have formerly received 70 per cent, for in the future they will get back only half the money raised within the municipality which will greatly reduce the money for the repair of city roads and streets, but will also save money to be spent on roads leading in to those cities and towns.

At the present time the county road fund amounts to \$88,925.39, this money being raised by a levy of 2.663 mills. The county court has the right to levy a general road tax up to 10 mills, but is restricted by the 6 per cent limitation on the budget has been used to raise more than 1/2 amount placed upon the budget this year.

FAMILY REUNION AT HODGE HOME

A family reunion was held at the home of W. F. Hodge, of Looking Glass, on July 4, all of the children and their families being present. It was also in the nature of a birthday party for Mr. Hodge, and the relatives and friends present had a delightful time celebrating. Two sons and a daughter of Mr. Hodge were there with their families, they being Mr. and Mrs. E. W. Hodge, of Berkeley, California, and they were accompanied by their two children, Harold E. and Vera Rose; Mr. and Mrs. Jas. W. Hodge and son, Oliver, of Campbell, California, and Mr. and Mrs. H. C. Lee, accompanied by their son, Glenn and daughter, Martha, of Grants Pass. In addition to these three families there were also present to enjoy the festivities of the reunion a number of friends of the Looking Glass country, where Mr. Hodge has made his home for many years.

BARONESS DIES IN FALL FROM 7-STORY HOTEL

Wife of Dutch Baron Topples From Window of Ritz-Carlton.

PROBABLY FAINTED

Went to Window for Fresh Air and Keeled Over Sill—Companions Look on Unable to Help.

NEW YORK, July 8.—Baroness Hilde Zur Muehlen of Java, Dutch East Indies, was killed today by a fall from a seven-story window of the Ritz-Carlton hotel.

She struck on the roof of the hotel's Japanese garden, which is on a level with the second floor. James M. Thompson, at one time a close friend of Miss Millicent Rogers, now Countess von Salm-Hoogstraeten, was visiting the baroness with other friends. He said she stepped to an open window for fresh air and fell.

The baroness, who was about 28 years old, was Helen Caruthers of New York before her marriage to the baron who is in the Dutch diplomatic service.

The baron is at present in Java, where he expected to be joined by his wife.

According to the hotel management baroness Zur Muehlen had gone to her apartment after having dancing late, being accompanied to the suite on the seventh floor by a number of friends.

Complaining of the heat, she went to the open window, and to the horror of her guests, toppled over the sill. Police after an investigation said it was believed she had fainted.

The young woman was elaborately gowned and jeweled. Her diamond ear rings were dashed from their settings in the fall and were recovered from the roof by detectives.

Miss Susan Welan, the baroness' companion, with whom she arrived at the Ritz-Carlton June 26, said they were to sail for Europe on last night the baroness gave a farewell party.

Besides the baroness, Miss Welan and Thompson, the party included Lester Conley, connected with a Fifth Avenue concern. The two men told the police the party of four had dined at the Ritz-Carlton together. Later they went to the baroness' suite.

Miss Welan left the room and after she returned a few minutes later the men said she whispered something to the baroness who in turn left the apartment and was gone about 15 minutes.

When she came back she went

AMENDMENT TO THE CONSTITUTION ON EVOLUTION IS NEXT MOVE

(Associated Press Special Wire.)

DAYTON, Tenn., July 8.—A move for a new constitutional amendment was seen today by defense counsel as the outstanding inference to be drawn from the address last night of William Jennings Bryan before the progressive Dayton club.

In a statement issued today by Dr. John R. Neal, chief defense counsel, in which he summed up the inferences drawn by the defense attorneys from the address of Mr. Bryan last night, he declared: "He forecast that he will move rapidly from the lower court to the supreme court of Tennessee, then to the supreme court of the United States and having lost his fight on account of existing constitutional guarantee of religious and educational liberties, he intends immediately to wipe out these constitutional immunities by new constitutional amendment."

into the living room and leaned out of the window, remarking that it was very hot.

Thompson said all three saw that the baroness was falling. Miss Welan screamed and the two men ran to grasp the baroness, but she slipped from their hold and plunged out of the window, Thompson said.

SAN ANTONIO, Texas, July 8.—Baroness zur Muehlen, who died from a fall from a seventh-story window of a New York hotel today, was Helen Caruthers of San Antonio prior to her marriage. Her father, J. W. Caruthers, was owner of a laundry here until about 19 years ago, when he moved to New York.

Her early education was obtained in San Antonio schools.

An inventor of the district attorney's office reported to District Attorney Banton this afternoon that the death was accidental. After two hours questioning of the two men who were in the room with the baroness when she fell, Mr. Banton announced his office would drop further investigation.

SMALL DAUGHTER OF P. W. BECKLEY IS BURNED BY ACID

Little Phyllis Beckley, the 6-year old daughter of Mr. and Mrs. P. W. Beckley, residing a few miles east of Roseburg, was quite seriously burned yesterday evening while helping her father in the testing of milk. A bottle of sulphuric acid was being used in making the tests, and was left standing unworked on the table beside which the child was turning the crank of the machine used in making the test. In some manner the little girl accidentally struck the table, and the bottle tipped over, allowing the acid to run over her arm and

CALIFORNIA GIRL IS ORATORICAL WINNER

(Associated Press Special Wire.)

PORTLAND, July 8.—California, represented by Marie Reynolds of Merced, carried off first honors today in the Christian Endeavor oratorical contest, which featured the morning session of the biennial convention of the international organization. Miss Reynolds was awarded a gold medal by President-Emeritus Frances E. Clark.

Oregon won second prize in the oratorical contest with Lois Tuttle, of Forest Grove, as its representative. Emblems, as tokens of honorable mention will be awarded to Estelita Baldwin of Washougal, Wash., and David K. Taylor of Boise, Ida.

In a report on the society's growth Secretary Edward P. Gates said today that 9,732 new Christian Endeavor societies had been organized in the past two years, of which 6,990 had been formed in the last two months.

Secretary Gates said that 4,316 young members had promised to tithe their incomes with the church and that 1,925 had promised to give all their time by serving as ministers or as missionaries at home or abroad.

Gates said he expected 500,000 more young people to join the society by September. He said it is the greatest institutional influence for uniting the various Protestant denominations.

FARM CROPS IN THE MIDDLE WEST BUMPERS

PORTLAND, July 8.—Farm crops throughout the middle west, the intermountain states and Oregon and Washington will be larger this season than in 1924, declared R. A. Smith, supervisor of agriculture for the Union Pacific System on his arrival here from Omaha to confer with Hubert Work, secretary of the Interior and Woodrow Mead, commissioner of reclamation. Smith will accompany the government officials through eastern Oregon and Idaho.

"On the whole prices of grain and other farm products will be profitable to producers this year," said Smith. "From Utah and Idaho reports of bumper crops are coming in and in our travels to the Pacific Coast through Oregon or Washington reports are even more favorable."
