### Lake Harriet Municipal Pavilion Collapses on 50 Persons, Killing 2.

### HITS THE TWIN CITIES

#### Streets Flooded and Hundreds of Trees Uprooted—Four Persons Killed and 18 Injured.

MINNEAPOLIS, July 9.—Wind, rain, and hail took a heavy toll Wednesday in several districts of Minnesota, including the twin cities. In Minneapolis, four persons were killed, 18 were injured and one was reported missing in a terrific wind and rain storm which struck the south portion of the city last night. A trail of wreckage representing more than \$100,000 property damage was left here.

Streets were flooded and for several hours during the evening were blocked by hundreds of uprooted trees.

The Lake Harriet municipal pavilion, one of the most popular of the city's playgrounds, collapsed on fifty persons, killing Mrs. Emma Miller, 35 years old and her three-year old daughter and injuring six other persons.

Later police were informed that Lois Halgren, 11, of Watertown, Minn., had gone with Mrs. Miller to the lake and had not been seen since.

Among the several smaller buildings destroyed by the wind was the drug store near Lake Harriet operated by Charles R. Fleisher, 47. Although Fleisher escaped injury when the building crashed, he collapsed outside and died of heart disease a few minutes later.

The fourth person killed was William J. Ford, 36, who was hurled fifty feet from the cab of a traveling crane.

DES MOINES, Iowa, July 9.—Five persons were injured in Iowa by a storm that swept across the Northwestern part of the state last night, destroying crops in scattered areas and wrecking a number of farm buildings. The houses of two Mexican families near Lakota were destroyed, five of the occupants sustaining broken limbs. All the injured were Mexicans heat field workers.

Sixes and farm buildings were wrecked near Cherokee, where hail caused heavy crop loss, reports here said. Four and one half inches of rain fell at Fort Dodge. Street cars and the electric plant were put out of commission at Sioux City and some wind damage was reported at Whiting.

## PIERCE TALKS ON INHERITANCE TAX

(Associated Press Leased Wire.)  
SALEM, Ore., July 9.—Governor Pierce has announced his position on levying of inheritance and income taxes by the Federal government and also by state governments.

This he did in an interview on the plan proposed by the Georgia County Bankers' Association.

Governor Pierce said: "I believe in a strong inheritance tax. It ought to be uniform in every state and ought to be a national law, collected by government machinery, and should be apportioned, part to the government and part to the state. I believe the same with respect to the income tax."

The resolution adopted by the Georgia County Bankers' Association, which was submitted by Governor Pierce for his opinion development, called for a complete repeal of the federal tax measure should be repeated.

The resolution follows: "Whereas we affirm our confidence in the wisdom of the founders of our government in recommending a separation of tax sources as between federal and state jurisdiction which has had the unanimous endorsement of our statesmen and the approval of customers from the beginning of government to the present time, whereas, we remind congress of the danger of trespassing upon the unwritten covenant in time of peace without the consent of the states,

"Therefore be it resolved, first—that the inheritance tax provision of the federal tax measure be repealed, leaving the source of revenue to the states for individual action as they may see fit."

"Second—We authorize the chairman to appoint such a commission and to invite the co-operation for such organization and agencies as he may deem wise in making effective these resolutions."

The meeting of the Georgia County Bankers' Association was held in Savannah, Georgia, June 18, when a movement was begun looking to the complete repeal of the federal inheritance tax law leaving this source of revenue to states.

## FEMALE COPS TO GIVE FRESH GUYS SWAT ON THE JAW

(Associated Press Leased Wire.)  
WASHINGTON, July 9.—Washington mashers who may have smiled when cases against two of their numbers were dismissed in police court recently, may soon face greater embarrassment than arrest if they make the mistake of flirting with police women.

Mrs. Mina C. Van Winkle, chief of the policewomen intends to ask the district commission for permission for her sister officers to slap mashers. There are some heavyweights among the police women. The sterner method was advocated by Mrs. Van Winkle when mashers taken to jail by two members of her corps were released without punishment when Judge Holt declared the evidence was too flimsy.

## Clarence Darrow Arrives in Dayton to Take Up Defense of Scopes, Evolution Teacher

(Special to The News-Review.)  
DAYTON, Tenn., July 9.—Clarence Darrow, one of the leading defense attorneys in the Scopes evolution trial, arrived at the scene of action late this afternoon.

CLARENCE DARROW

He was met at the train by several members of the defense corps and escorted to his lodging place. With the arrival of Darrow today, street conversation concerning Bryan's speeches stopped and all were awaiting the first statement from the cornerstone of the defense structure. Darrow had nothing to say other than words of greeting to those who met him. Tomorrow will see the start of the famous evolution trial which bids fair to make a big run in Dayton to a capacity house.

Whether or not Darrow will make a preliminary announcement prior to the opening of the trial was not indicated. Those who know him state that he will launch into the battle without introductory remarks outside the courthouse.

The entire world is watching and waiting for the story of the trial, when brains such as Darrow's and Bryan's clash on a subject of world-wide importance.

Clarence S. Darrow is about to retire. In fact, he says he virtually has retired. A few details remain, some odds and ends to be cleared up.

Then he will lock up his bookcases, say goodbye to his partners and off to the woods. He wants to fish a little, to muse and meditate on the folly of the world, to write a book or two on crime and the futility of life. He is 68.

He is tired of being the country's foremost criminal lawyer. He is tired of battling with state attorneys.

He is tired of repeating the (Continued on page 3.)

## YOUNG ACTRESS SHOOTS HUSBY; JEALOUS OF HIM

### Former Vanities Girl Insists She Loves Man She Seriously Wounded.

### TRIED TO SUICIDE

#### Husband Refuses to Send a Message to Wife and Says He Doesn't Want to See Her.

(Associated Press Leased Wire.)

NEW YORK, July 9.—Mrs. Edith Parker M. Davis, 22 years old, former Vanities girl who came to Broadway from Oklahoma, was still in jail today for shooting her actor-husband, Allen Davis, Earl Carroll, producer of the "Vanities," has been making arrangements for \$10,000 bail necessary to get her out. She insists she loves the man she seriously wounded.

"I don't know why I don't remember anything about it; it's all a blank," she sobbed. She denied that she was jealous though detectives credited her with references to another woman. She said they had quarreled but about what she would not tell.

Davis is recovering from bullet wounds in his neck and jawbone. He has declined to send a message to his wife and refused to see her if she is released on bail.

"In a couple of days I may be better and change my mind," he said. "I don't know why she shot me."

Without his consent, authorities cannot prosecute the felonious assault charge on which Mrs. Davis is held.

Mrs. Davis Tuesday night entered an apartment in the theatrical district where her husband was dining with Harry Winstaff Brille, playwright and Melville Anderson, producer. She shot him and then tried to kill herself but the pistol missed fire.

The bodies were found by a man who said he was looking for a furnished room.

## BRINDLE BULL DOG SAVES WOMAN'S LIFE

## Bathing Suits and Bare Legs Must Be Well Hidden

(Associated Press Leased Wire.)  
SOUTHAMPTON, N. Y., July 9.—At stipulated times Jersey bathing suits and bare legs must be concealed when they are on the way to and from the water at exclusive bathing beaches in this fashionable resort at the tip of Long Island.

Picards on the property of the Southampton Bathing Association read: "All women bathers wearing jersey bathing suits or bathing suits without stockings, will be required to wear a cape to and from the water between the hours of 11 a. m. and 1 p. m. on Saturdays, Sundays and holidays, and throughout tennis week, by order of the women's committee."

Some observers of shoppers in the village streets recently have noted bare legs with jeweled anklets and garters with watches.

## CANTON SCENE OF MILITARY ACTIVITY

(Associated Press Leased Wire.)  
CANTON, July 9.—Increased military activities in Canton is adding to the tension already felt by foreign residents in their concession, Shameen.

One Chinese is reported today to have boasted that he is able to capture Shameen in spite of the fortifications, which have made the low lying sand islet separated from Canton proper by a narrow strip of water, a military camp.

The general was said to have been ready to lose one thousand soldiers in three minutes under his plan to capture Shameen. He was quoted as taking into consideration the aid the Shameen defenders would receive from foreign gunboat in port.

Airplanes daily encircle the concession, with the apparent purpose of spotting its fortifications.

Up to the present time an intermittent steamer service between Shameen and HongKong has been maintained, despite the strike of Chinese workers, strike leaders announced today, however, that after July 15, (next Wednesday) they would stop all river steamers arriving.

The date was set for the fifteenth because by that date all Chinese strikers will have been evacuated from Hong Kong. The strike of Chinese workers in the British Crown colony, has retaliated in many Chinese from there coming to Canton, at the rate of about 6,000 daily, food and lodging being provided them here by a strikers committee.

The present Canton government is headed by men of radical tendencies, and the Hong Kong strikers have been made welcome. Some of the strikers, however, are said to be not entirely satisfied with the treatment they are receiving, adding yet another element to the already disturbed local situation.

Three Russian boats arrived this morning for the presumed purpose of purchasing river craft.

## JUDGE ROSS OF TENNESSEE, WHO WAS INDICTED YESTERDAY, KILLED WHEN AUTO PLUNGES OVER GRADE

(Associated Press Leased Wire.)  
JACKSON, Tenn., July 9.—Judge J. W. Ross, of the Western Tennessee district court, who was yesterday indicted in connection with the failure of the People's Savings Bank of Jackson, was killed in an automobile accident today.

Judge Ross was killed when his automobile ran off a bridge about five miles east of Jackson and turned over in a creek, pinning him underneath.

Judge Ross is said to have started in the direction of his dog kennel, about seven miles from Jackson on the Miffin road, maintained by J. H. Kirkpatrick, whose name Judge Ross was charged in an indictment returned yesterday with having forged.

At the time he was alone in the car. At the spot where the automobile of Judge Ross left the roadbed, the road had a 45-degree angle. The road had been changed slightly within the last few months but Judge Ross had traversed it several times since.

Judge Ross was under \$25,000 bond on charges of forgery, fraudulent breach of trust and accessory to embezzlement returned in indictments yesterday by the Madison county grand jury following its investigation of the failure of the People's Savings Bank of Jackson.

The bank was closed about a month ago after an investigation by the state bank examiner showed a deficiency of funds in excess of \$200,000.

Thomas B. Carroll, former cashier, John M. Carroll, his son, and assistant cashier, and W. L. Hawthorne, a timber dealer, were arrested on warrants soon after the failure. They were indicted with Judge Ross and were released on bond. Their trial had been set for the third week in September.

Judge Ross was 47 years old. He was appointed by President Harding to the federal bench in June, 1921.

## BRYAN ORATORY GIVES DAYTON A FEW THRILLS

### Bill Says Scopes Doing More Harm to Teachers of Country Than Anyone.

### HAS FAITH IN A JURY

#### Declares Modern Jury System O. K. and Is Willing to Try Scientific Case Before 12 Men.

(Associated Press Leased Wire.)

DAYTON, Tenn., July 9.—William Jennings Bryan believes that John T. Scopes, defendant in the Tennessee evolution trial "is doing more harm to the teachers of the country than to any other class. This harm," he declared today, "would be indelible if increased as his (Scopes) views, as to the independence of the teachers were established."

DAYTON, Tenn., July 9.—Dayton today settled down to the completion of final preparations for what has been termed the battle between fundamentalism and evolution.

Attorneys, witnesses, newspaper men and plain visitors arriving on every incoming train and bus were greeted by the planging of banners as carpenters applied the finishing touches to the concession stands springing up in every alleyway and lining the sidewalks.

An address by William Jennings Bryan at "Moran Springs" last night, formed the chief topic of conversation here.

An expression of his faith in the modern jury system and a discussion of what he termed an attempt by a minority of scientists to force their views on scientific lines on the children of the majority formed the principal themes of Mr. Bryan in his address.

Some metropolitan papers have ridiculed the idea of trying a scientific question before a jury, he said, launching thenceforth into a defense of the jury system. It would not be possible or even wise to try such a question before a jury of scientists he said.

Pointing out that no state in the union requires an educational qualification of a jury, he declared, "our faith in the jury system rests upon the same foundation as our faith in popular government."

Mr. Bryan concluded with the declaration that the Tennessee anti-evolution law simply prohibits the evolutionists from using the public schools for the purpose of substituting "their kind of religion for the religion of the masses."

"The array of defense counsel was to arrive during the day, Clarence Darrow coming from Cincinnati late this afternoon and Dudley Field Malone and Arthur Garfield Hays coming from Chattanooga. "With them were expected to come several witnesses for the defense.

"If the evolutionists can succeed in establishing the doctrine that a teacher can teach anything that he or she pleases," said Mr. Bryan, "and teachers disregard the wishes of their employers, it will become necessary to find better appointments."

boarded it. The conductor, however, dropped a note as the train ran slowly through town, with the result that word was sent here and a posse was formed by sheriffs.

The harvesters showed fight on sighting the posse but broke and fled when scores of shots were fired over their heads. Sixteen of the fleeing men were captured in the roundup. There were no casualties. Charges had not been filed against the 16 early today.

## Code of Silence Broken by Diving Gangster Who Tells Police That a Man Named "Cavalero" Shot Him

(Associated Press Leased Wire.)  
CHICAGO, July 9.—Only the name "Cavalero" spoke by the diving Tony Genna, and three theories of his assassination guided police inquiry today into the latest upheaval in Chicago gangland.

Three members of his family to fall before bullets in six weeks. Tony yielded to the realities of his life at his death bed and broke his gangster's code of silence to give the name. And with this slight clue the police began gathering suspects for questioning and possible identification. The interrogation of seven men, taken into custody last night, was based on police belief that rebellion among dealers and distributors against the Genna control of alcohol had caused the fatal shooting to Tony yesterday in the heart of Little Italy; or that the shooting was another act of reprisal for the murder of Dion O'Banion, rival gang leader. In the plea of Sam Genna, Tony's brother, for police protection, investigators saw grounds for belief that the entire Genna clan has been marked for death.
