MARKETS

PORTLAND, Ore., July 9.—Top grade eggs are lower today on both extras and firsts losing yesterday's gain of a cent on the dairy exchange. Extras are now posted at 37 cents and firsts at 36c on local board. Other grades are unchanged at 35 and 33c respectively on pullets and current receipts. Butter is steady although local market continues to maintain firm undertone. Bids were unchanged on the Daily Board. Very little country dressed meat is arriving on the streets and there is good demand for both top yearling and hogs. Choice light calves are 14 to 14 1/2 cents per pound, and light pork 19 to 19 1/2 cents. The dollar advance in calves at the yards today is reflected all along the street. Live poultry is scarce with a good call for all lines. Prices generally steady with exception of ducks being a fraction cheaper at 20c for young white Pekins.

CHICAGO, July 9.—The wheat opening 7 1/2 to 7 3/4c lower, September \$1.41 to \$1.41 1/2 and December \$1.51 to \$1.51 1/2 was followed by something of a rally and then by a new decline to slightly under the initial bottom figures. After opening 1 1/2 to 1 3/4c decline, September \$1.96 1/4 to \$1.96 1/2 the corn market recovered a little, but soon dropped lower than before. Oats started at 14 1/2 to 15c lower; September 46 5/8c and later continued to sag. Provisions were easy.

CONTRACT FOR FILLING IN CITY REEDSPORT LET

Streets to Be Raised on an Average of Five Feet By Dredging.

TO START AT ONCE

Sand to Be Dredged From Scofield and Umpqua Rivers to Raise Level Streets and Property.

REEDSPORT, Ore., July 9.—Bidding \$91,250, the Inland Construction company of Portland today was awarded the contract to fill all streets and alleys in the lower section of Reedsport. The contractors will also fill part of the private property in the district and plans call for the company to fill the balance also. The result will be to raise the level of four districts of the city approximately five feet.

The Inland Construction bid was 1 1/2 cents per cubic yard and 50,000 cubic yards are required. Their offer for bulkheading was 50 cents per lineal foot and the cost of that part of the work will amount to \$8000. Sandries will bring the amount up to the tender.

The 501,000 cubic yards will provide 100,000 yards of private property, leaving a balance of 161,000 cubic yards to take care of the rest. Owners will get this work done, they have announced, the price of 1 1/2 cents per cubic yard being satisfactory.

The Puget Sound Irridge and Dredging company put in a bid of 25 cents per cubic yard, which with \$5000 for bulkheading would have brought their tender to \$142,500. Only two firms tendered.

The Inland Construction company will bring to Reedsport a dredge from Longview to do the work. The local port commission has offered its dredges at the rate of \$120 per day, but it wanted guarantees which did not suit the contractors.

Material for the fill will be secured from the Umpqua and Scofield rivers and is declared to be excellent for the purpose, being largely sand. The company has 200 days to complete the work.

A contract was also let to the Inland Construction Company for grading and graveling Winchester avenue at a cost of \$8961.95. Winchester avenue connects with the Umpqua river highway.

The Inland Construction company also bid to grade and gravel six streets in district 7, the offer being \$10,330. The question was left in abeyance, but it was indicated the bid will probably be accepted.

District 7 embraces the residential section of Reedsport lying across the Scofield river from the business district.

Talks Riff Peace With France, Ally

Gen. Gomez Jordana, president of the Spanish military commission, is negotiating with France on the Moroccan situation, which day by day grows more acute. An armistice with the Riffs may be the outcome of the conferences.

ONE MINUTE TALKS BY ROTARIANS

Today's Rotary program was taken up mainly by a series of one-minute talks by local Rotarians and the boys covered a whole lot of ground in the time allotted them by the chairman of the program committee. Those speaking were Archie Crawford, Ernest Umrah, Gib Finlay, Lester Wimberly, Sam Shoemaker, Frank Churchill and Luther Barnes.

Song leader Charles McElhinny greatly pleased the members by singing two solos. Charley puts over his singing just like he does insurance—with a bang—and was loudly applauded for his efforts.

Honoring the birth of a baby boy at the home of Sam Shoemaker, President Booth presented the youngster with a savings bank and the new daddy was ordered to pass the gift around that generous Rotarians might contribute a sufficient amount of silver to make the youngster's bank account worth while, right at the beginning.

Last week Al Wallace, at whose home a baby girl was born, was given a bottle of hair tonic and the members supplied him with enough cigars of various brands and quality—to do him for a year. Al said today that he was not quite sure whether the tonic had a stronger aroma than many of the cigars he received but thought it didn't.

The membership of the club was fairly well represented today, the warm weather having taken quite a number away on vacations.

CONSOLIDATION YOUNG PEOPLE NOW PROPOSED

Detroit Pastor at Baptist Meeting Suggests Idea for Strong Union.

BE A MIGHTY FORCE

Would Bind All Organizations in one Strong Unit in Effort to Combat Evils of World.

INDIANAPOLIS, Ind., July 9.—Consolidation of all the young people's denominational organizations in America and the formation of a Christian youth movement of America was urged by the Rev. Mark F. Sanborn, Detroit, in an address before the Baptist Young People's Union of America today. Rev. Sanborn is president of the union.

He held that such an organization would be one of the mightiest forces for good in the world. "We should consolidate all the unorganized idealism of the Christian youth of America and direct that idealism along practical channels and place it at the disposal of the great constructive social programs of our day," he said. "I tell you the gate of Hell could not prevail against that power. When so organized, we must call ourselves the American youth auxiliary and look forward to the day when we could have a world youth auxiliary."

Dr. Sanborn spoke of the Christian Endeavor Union, the Epworth League, the Lutheran League, the Y. M. C. A., the Y. W. C. A., the Student Volunteer movement, the Baptist Young Peoples Union of America, and other organizations that should become allied. "With an organized, trained and united group of ten million Christian young people, the industrial, political, social, religious and racial problems could be solved, idealism would supplant the menace of materialism and Jesus Christ would be crowned Lord of all," he said. Creation of a department of evangelism was urged. The northern Baptist convention has decided to emphasize evangelism above all other programs and the board of the Y. P. U. of America, in including such a department in its recommendations.

"The Union Jack and the Stars and Stripes belong together," Dr. Sanborn declared in urging continued international fellowship of the Baptist Young People's Union. An esprit de corps among the Anglo-Saxon people is the greatest guarantee of political equilibrium in the world today. The Baptist Young People's Union of America is making a distinct contribution to that end.

Favors Consolidation PORTLAND, Ore., July 9.—Commenting on proposals that all young people's organizations in protestant evangelical churches unite into one big organization, Dr. Francis E. Clark, president-emeritus of the United Society of Christian Endeavor which is holding its international biennial convention here, said today that such a unity was one of his life dreams.

Dr. Clark said that although the Christian Endeavor was organized first, he had no criticism to make of similar organizations formed since. He said that in fact such organizations were a good thing, "but it has been one of my greatest desires to see all such bodies united into one great group to bring the church in America to new heights and it is my conviction such a merging of forces would change the whole complexion of American life."

INDIANAPOLIS, Ind., July 9.—The Baptist Young Peoples Union of America voted today to hold its next convention in Los Angeles July 7 to 11, 1926.

The union also adopted a recommendation by the board of managers for the establishment of a department of evangelism. A budget for the next fiscal year of \$25,000 was another recommendation approved.
