

Swimming News

Roseburg's popular swimming resort is drawing larger and more enthusiastic crowds daily. The water is unequalled anywhere in Oregon; in fact it is just right. Friday evening of this week we will put on a program of swimming and diving contests that will be worth your while to witness. Handsome prizes will be given to make it worth while for swimmers to enter the races. Program and prizes announced later. Swimmers, get in practice for 50, 100 and 200-yard contests.

GIRL IS SHOT BY BOYS WHO THOUGHT GUN WAS UNLOADED

(Associated Press Leased Wire.)
SALEM, Ore., July 20.—Pearl Moore, 18-year old daughter of Jesse Moore, of Hopper, this county, was shot in the back of the neck Saturday evening while riding in an automobile on the Hopper-Wheatland road, the bullet passing through the right side of her neck, denting the main artery and going on into her right cheek, where it lodged near the nose. She will recover barring possibilities of infection.

Oswald Koenig, 14 year old, who did the shooting, and Eddie Koenig, his 16-year old brother, with him at the time, were picked up by Deputy Sheriff Smith and Burkhart this morning and brought to Salem for questioning by Sheriff Bower.

Both boys acknowledge their connection with the shooting, but both aver it was purely accidental, arising from the fact that neither of the boys supposed the repeating rifle with which the shooting was done, was loaded.

According to the boys' story, they had been at Hoppers a few miles from their home, and with some other boys had been firing at targets. Starting home alone, they had been shooting at various objects. Believing there was but one shell in the gun, they stated that Oswald put the gun on the pavement, turned it toward the side of the road and shot it into the brush. Oswald then shouldered the gun and they walked on.

The car carrying Miss Moore, with her brother, Lloyd, passed the two boys.

Oswald Koenig stated that he raised the gun to his shoulder and snapped the trigger. He declared the unexpected happened when there was a report from the gun and the bullet hit the rear of the car. When they saw what happened, they jumped to the side of the road and ran away through the brush.

WIMBERLY FAMILY ENJOYS REUNION AT WHARTON GROVE

(Associated Press Leased Wire.)
Members of the Wimberly family enjoyed a delightful reunion yesterday at the Wharton grove in West Roseburg. This is the first time in several years that all of the members have been able to meet at one time, and the occasion was a great treat to all of them. Those present were Ira Wimberly and wife, of Drain; Lee Wimberly and wife, of Los Angeles; Mr. and Mrs. C. L. Cleverger, and Miss Sadie Cleverger, of Grants Pass; Glenn, Lester, Elmer and Carl Wimberly, all of Roseburg, together with their families. A picnic was enjoyed at the grove, and late in the afternoon all went to the Alexander swimming hole in Umpqua Park for a swim.

Mr. and Mrs. Cleverger and Miss Cleverger returned to Grants Pass last night. Mr. Lee Wimberly, who has been visiting from Los Angeles, is starting home tomorrow morning. Mrs. Wimberly will remain in this city to visit with friends and relatives for several weeks.

FARM CONDITION OVER COUNTRY GOOD CAL TOLD

Kansas Senator Reports Good Prices and Crops Throughout West.

PLAN TAX REDUCTION

President's Policy in December Session of Congress May Call for \$500,000,000 Cut.

(Associated Press Leased Wire.)
SWAMPSCOTT, Mass., July 20.—An optimistic report on farm conditions and the hope for a tax reduction were brought to President Coolidge today by Senator Curtis of Kansas, the republican leader.

Coming here for a three-day conference with the president, Senator Curtis expected to take up to some extent, the administration legislative program for next session. He saw no need for a special session.

Good prices and good crops are giving satisfaction to the farmers generally, Senator Curtis said. He based his report on a recent visit to the west, particularly his home state. If any legislation is attempted next session for the farmer, he thought it should provide for some assistance in co-operative marketing.

Senator Curtis introduced a bill last session as did Senator Capper, republican, Kansas, but he said he had no definite plan now for farm relief legislation, other than a suggestion that the government aid in providing better marketing facilities.

The republican leader is a member of the finance committee and, amounting to at least \$200,000,000, will be possible. This can be increased to even \$500,000,000 he declared, if a re-organization of the government departments is brought about to prevent duplication.

An chairman of the rules committee, Senator Curtis thinks a revision to some extent is desirable, but he told the executive, he did not think the campaign for a general revision of the rules should be allowed to take up the time of the senate next session, with important legislation pending. dent Dawes, now is conducting a public discussion for a revision of the senate rules.

Calling the summer White House to pay his respects to Sen. Hale discussed with the executive the inspection he has just completed of naval establishments on the west coast and in Hawaii.

The senator said the navy should do its utmost to develop its aviation service and declared that while he believed every effort should be made toward economy, he thought it would be a great mistake to cut appropriations so low as to weaken its efficiency.

SWAMPSCOTT, Mass., July 20.—With the congressional recess half gone, President Coolidge today began formulation of the administration's program for the December session.

A visit to the summer White House of Senator-Curtis, the republican leader, afforded the executive an opportunity of going over the legislative situation with one who will be called upon to carry in to effect proposals of importance.

Conferences with other congressional leaders during the summer are planned by the president. While the president does not feel it would be necessary even should a crisis develop in the anthracite situation to call congress into special session, he is expected to discuss this question with the Kansas senator to determine what remedial action, if any, should be taken.

In line with his policy of having government officials to confer with him here from time to time, President Coolidge invited Director Hines of the veterans' bureau to visit him late today at White Court.

MARKETS

(Associated Press Leased Wire.)
PORTLAND, July 20.—Ranges are generally in very good to excellent condition in the coast interior and northern Rocky Mountain sections, with feed conditions much better than a year ago, while dry conditions continue in the southwest, according to the monthly livestock range report issued by the United States division of crop and livestock estimates.

Cattle are generally in very good shape in all the range country except Texas and the southwest.

Sheep in all of the range country except Arizona, Texas and New Mexico are in very fine shape. In the southwest, sheep are in fair condition and there has been some loss of lambs. The early lambs of Idaho, Oregon and Washington have been unusually good, and shipments to markets are heavy.

Green ranges and farm pastures are reported to be in excellent condition for this time of the year, cattle and sheep being in fine shape.

Taking 100 as normal, Oregon ranges July 1 were 105 compared with 69 a year ago, in Washington 91 compared with 74 a year ago, and Idaho 110 compared with 62 last year at this time.

On the same basis of estimate, cattle in Oregon July 1 were 95 per cent of normal condition, where as a year ago this month, the condition was 81. Oregon sheep were 95 per cent of normal condition July 1 compared with 85 last July.

The Portland dairy market is showing a good steady tone, with butter fat and butter prices unchanged.

The egg market is also unchanged. Country dressed meats and poultry are unchanged with demand balancing the supply.

New potatoes are down to \$2.50 wholesale on the Portland market.

Outing supplies—visors, colored glasses, bathing cap and shoes, and first aid preparations. Lloyd Crocker.

GRASS FIRE IS BURNING OVER RANGE LANDS
(Continued from Page 1)
from forest fires in Jackson county, according to local forest service authorities, but from fires to the north of the county line. All of the 15 forest fires in state and national timber land reported last week are now out, the forest service declares.

BEND, Ore., July 20.—Cooling weather and absence of storms resulted in all 10 of the forest fires last week being reported fully under control by the Deschutes national forest office today. No new fire smoldered yesterday although great numbers of antelopes travelled and camped in the national forests.

FORTY EIGHT BOYS TO LEAVE FOR SCOUT CAMP TOMORROW

Forty-eight boys have signed up for the first scout camp, it was announced this morning by E. A. Britton, Douglas county Boy Scout executive. It is expected that there will be at least fifty boys in the first camp, which will start tomorrow and will last for two weeks.

The second camp will start on August 4 and fourteen boys have already signed up for that camp. Other applications are expected from McTross, Drain and Yoncalla, and it is believed that there will be at least 25 in attendance. Applications can be secured from Earl Pickens, O. L. Johnson or Kenneth Quine.

Mr. Britton, accompanied by Elton Jackson, Gene Love, Dan Chase, George Weber and Bob Orple, went to Wolf Creek yesterday and erected the cook shack and placed the groceries and supplies. Arrangements have been made for obtaining 10 gallons of fresh milk daily.

The boys will leave Roseburg at 6 o'clock tomorrow morning. The camp is to be divided into regular periods, and a program will be maintained during the entire time. The boys will not only be given plenty of recreation, but will devote a great deal of time to studies relating to scout activities. It is hoped that each scout will advance at least one rank during the two weeks.

LARGE CROWD DOES HONOR TO NORSEMEN

(Associated Press Leased Wire.)
BEND, Ore., July 20.—Fully 2,500 people gathered here Sunday in honor of the first Norse Centennial to be held in central Oregon in commemorating early pioneers of the United States.

Governor Walter M. Pierce, Senator Jay H. Upton and Representative R. S. Hamilton of this district, were among speakers of the day.

Governor Pierce paid tribute to the sterling character of the Norseman and of those characteristics existing prior to the discovery of America, which peculiarly fitted those people for the pioneer work here. Senator Upton also eulogized the Nordic trait, emphasizing that those living today should never let down the high average of citizenship marking their forefathers who came over in the Norwegian Mayflower.

BORN

NIBLETT—To Mr. and Mrs. Clarence H. Niblett, at their home in this city, Saturday, July 18, a girl.

COMMISSION WILL LOOK INTO STAGE AND TRUCK RATES

(Associated Press Leased Wire.)
SALEM, Ore., July 20.—Investigation into the rates and charges of a number of truck and stage lines operating in Oregon was instituted by the public service commission today in its own motion.

The lines under investigation include the W. C. Transfer company, operating in Washington county; the Hillsboro Transfer company; Gorst and King, operating between Marshfield and Roseburg; Oregon States, operating from Portland north over the Pacific highway; Post and McCallum-McMinnville stages; Howard and Grimes, operating between Medford and Klamath Falls; Interurban Stage company, operating between Ashland and Roseburg; Cmas Stage company, operating between Portland and Camas; Coast Auto lines, operating between Coquille-Crescent City and Grants Pass; Portland-Newberg-McMinnville-Tillamook stages; Portland-Salem-Thy stages. The investigation follows the receipt of numerous informal complaints to the effect that the rates and charges of these companies are unreasonable.

It is warm now but it will be cold next winter. Buy your winter fuel now. Page Lumber & Fuel Co.

GRASS BEING BURNED

Tall grass in all sections of the city will be burned during the coming week in order to reduce the fire hazard. In past years it has been the city's history that several dangerous grass fires are encountered during the early part of August, and in order to avoid them this year, if possible, Mayor Houck has ordered the fire department to set out fires, keeping them properly controlled to prevent danger. This will prevent the fires from starting on a time when equipment was not on hand to control them, and will prevent damage to property. Burning is being started in the south end of the city, and will continue throughout the week.

RIFF LEADERS MUST AGREE TO TERMS OR FACE ALLIED EFFORT

(Associated Press Leased Wire.)
PARIS, July 20.—France will start a great military offensive in Morocco against Abd-El-Krim, Premier Painleve said today, if the Rifian leaders refuse peace terms offered him by semi-official Spanish-French agents. The premier told today's cabinet meeting that Abd-El-Krim knows the terms upon which he can have peace with France and Spain in Morocco and the Rifian leader can open negotiations immediately if he desires.

AUTOS NINETY-NINE PER CENT OF TRAFFIC

(Associated Press Leased Wire.)
SALEM, July 20.—Horse-drawn vehicles constitute less than one per cent of the total traffic on Oregon's highways according to a survey conducted by the state highway department on June 17. The survey which covered 185 points on 33 different state highways accounted for a total of 119,585 vehicles of all descriptions of which only 1092 or .98 per cent were horse-drawn.

MOVIE COMPANY TO MAKE PICTURE IN EASTERN OREGON

(Associated Press Leased Wire.)
PENDLETON, July 18.—Edward Sedwicz and his company of Universal picture stars stepped off the train this morning at 11 o'clock to the fanfare of drums, bagpipes and brass band, to be welcomed by the entire city of Pendleton. There were about 33 well known thespians in the group, including Norman Kerry, and work will start at once on "The Last Frontier."

The actors were paraded through the streets in stage coaches and in the parade was a company of several hundred cowboys and a mounted cowbo band. The parade was led by the drum and bagpipers of the American Legion post here.
