### DOG OF DUCHESS IS BARRED FROM HOTEL; DUCHESS ALSO LEAVES

(Associated Press Leased Wire.) CHICAGO, July 22.—The dowager duchess of Sutherland, traveling as Lady Millicent Hawes, accompanied her Pekinese dog when it was barred from the Blackstone hotel today.

"Ginko," the Pekinese barked his presence in a small basket and when the hotel management politely said that dogs were never allowed in the hotel rooms, the duchess replied that "Ginko has traveled around the world with me," and that she would find a hotel where different rules prevailed.

The duchess is the widow of one of the largest land owners in Europe. She came from the west where she had paid a visit to Mary Pickford and Douglas Fairbanks, whom she had met in London. Lady Millicent explained that she is doing some writing as well as traveling.

Be sure and attend the swimming races at Alexander Park Friday evening, 7 o'clock sharp.

BIG FIRE AT MARCOLA (Associated Press Leased Wire.) EUGENE, Ore., July 22.—A forest fire burning in cut-over land, is raging about 1 1/2 miles from Marcola, according to word brought back by Lieutenant Degarmo, commander of the first air patrol base here, who took a flight over the district today. The fire, he reported, is about 100 acres in extent.

Fire fighters have been battling the blaze all day, and are hopeful that it can be held to the cut-over land.

High relative humidity today was helping the fighters to check the flames.

### MARKETS

PORTLAND, July 22.—The department of agriculture has prepared a statement showing the enormous production of milk in this country for 1924. It amounted to 114,000,000,000 pounds. Nearly half of the total milk production was used for household purposes, an average of 524 gallons per capita. Creamery butter manufacture required 24.92 per cent of all the milk produced and the butter consumption in the United States was a little over 14 pounds per capita, a slight increase over the previous year.

Receipts of eggs are showing some decrease, which is to be expected at this season of the year, although there has been such an accumulation that prices have not reflected the slight change in receipts. It is quite likely that higher prices for eggs will prevail within the next week or two, if receipts show a further falling off.

Butter in prints advanced two

cents this morning to 50 cents for parchment wrapped. The buying price of butterfat was also raised two cents. The cube butter market was firm on the dairy exchange, extras advancing half a cent to 47 cents and standards one cent to 46 cents. Lower grades were unchanged.

Although egg receipts were light the market was weak. Quality of new arrivals is poor and is not likely to improve until the weather becomes cooler. Current receipts and pullets were each one cent lower at the exchange being posted at 29 cents and the latter at 32 cents. Extras and firsts were unchanged.

Tomatoes continue to drop in price and some California stock is being sacrificed as low as \$1.50 per lug.

The apricot season is about over and demand has fallen off, but the dealers still have some for which they ask \$2.50 a lug.

Peaches are slightly lower.

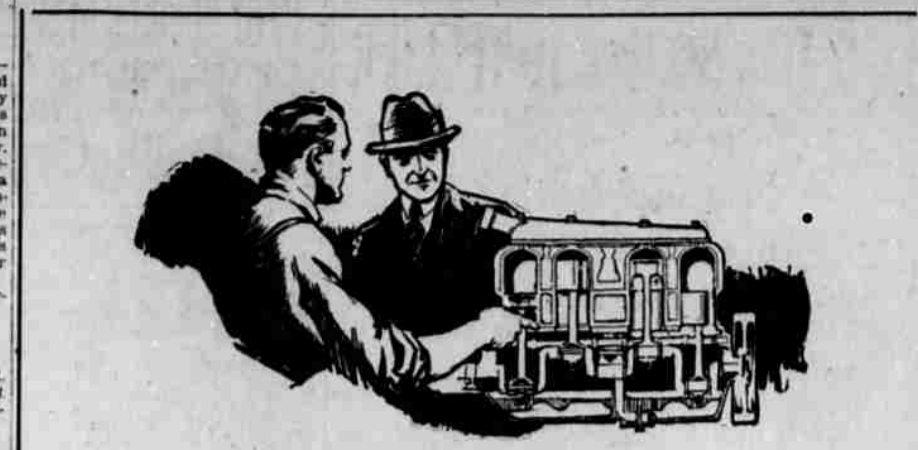

Shure shot for poison oak. Boswell Mineral baths.
