ROSEBURG, OREGON, MONDAY, JULY 27, 1925

PASSING OF THE GREAT COMMONER.

With the sudden and unexpected death of William Jennings Bryan at Dayton, Tenn., the scene of the last great labor of his eventful career, there has been removed from the stage of American politics one of the most unusual figures that ever occupied it.

Of spotless character, clean mind and commanding personality, Mr. Bryan was for sixteen years the dominant member of the political party which three times nominated him for the presidency.

To the man of practical affairs the conviction was inescapable that Mr. Bryan was suited by education and temperament to the life of the pulpit rather than the political rostrum.

DOUGLAS COUNTY'S LAND PRODUCTS SHOW.

Roseburg approaches its second annual land products show, to be held in September, with the confidence that it will prove well worthy of the effort.

Last year's exhibit, being the first of its kind, was regarded beforehand as largely an experiment.

The land products show bids fair to become a worthy successor to annual county fairs, which were discontinued several years ago.

Furthermore, the berry is only one item. The land products show embraces everything produced by the county's soil.

The latest link added by alienists to the endless chain of various forms of insanity used to drag criminals out of the reach of justice is labeled "cell madness."

August, the real vacation month of the year, will soon be with us. There'll be a great scampering for the tall timber.

PRUNE PICKIN'S

GOOD EVENING FOLKS— We're readin' This colyum the Feller who wrote it is writin' Another one— Just as bad!

DUMBELL DORA THINKS When Greek meets Greek they start a restaurant.

THE MAGIC MELODY We've all heard tales of how girls fall

For men who dance and sing, And how they rave about the boys Who make the ivories ring.

A tune is apt to win a girl, But make it all secure, And learn to blow an auto horn; You'll get her then for sure.

Consider the horse. He goeth not ten parangs an hour, neither doth he explode.

A girl told us yesterday that the reason mustaches are not popular these days are because a mustache acts like a whisk-broom on a neatly applied complexion.

DOING UP THE OLD BEAN Ralph E. Lewis is having his block painted. It will be a great improvement.—Plattsburgh, N. Y. Press.

The modern way is to let babies cry scientifically.

To the fellow who shows up late and sneaks home early, we are indebted for the punch clock system.

A few days ago, while the threshers were at Bill Cooper's, a son was born. The very next day a crew was threshing at Shrilf Davis' and a 10-pound boy was born to Mrs. Davis. Charles Gould was to thresh the next day, but has decided to stack his grain and wait till cool weather.—Lamar, Colo. Republican.

DIDN'T KNOW "One half of the world knoweth not how the other half liveth."

"I didn't know there were so many people as that who minded their own business!"

Among the seven or eight topics that this department of uplift does not concern itself with are the matter of changing from summer to fall underwear, parodies on "The Frost is on the Pumpkin," and the length of the ladies' skirts.

"IT ALLUS HAS, BY HECK!" Written in memory of the fellow who didn't think.

We would like to give credit to someone for the first two verses—but we don't know who wrote them. The last two we wrote ourselves.

"The rain it poured, The sea it roared, The sky was draped in black, The old ship rolled, She pitched and bowled And lost her chartered track!"

"Oh, dear, oh, dear! Sir, will it clear? Loud wailed a dame on deck, As they heaved the lead The skipper said, "It allus has, by heck!"

So the Business Ship began to dip, After years of the smoothest seas— Where the wind was strong, Blowing us along

With the skipper and crew at ease.

"What shall we do; Will Business plun thru?" Wailed a Business man on deck, But the chap who knew Said "Work hard! You!

"Cause it allus has, by heck!" And he's right— It always has!

MAKE LONG TRIP ON \$24; REFUSED ENTRANCE TO U. S.

Associated Press Special Wire. NEW YORK, July 27.—A mother and son who sailed from Hamburg, Germany, to join relatives in Hillsboro, Ore., though possessing but \$24 with which to finance the transcontinental trip, today were refused admission to the United States by Federal Justice Hand because their passports bore fraudulent visas. They are Mrs. Marion Schuchhoff and her son, Hermann.

State Press Comment

Curbing the "Snipe" The nonchalant motorist who airily flicks his cigar stub overboard as he breezes along in a rude hail now if an Oregon traffic officer sees him do it. This law, passed by the last legislature, is in full force and effect.

Coincidence and Cutworms. There is nothing in the literature on the subject to indicate that cutworms have ever been considered as cyclic visitations, yet it is coincidentally singular that half a century ago this day and date western Oregon was in arms against the larval marauders, and that a similar condition prevailed twenty-five years ago.

A United Church. From the various dominions of the British Empire our country has received some of its best institutions. For example, we have the Australian ballot from Australia; compulsory arbitration from New Zealand; the Torrens land title law from Canada. And now we have probably the best example of good government ever borrowed from abroad in the union of three great Protestant denominations in Canada in "The United Church of Canada."

It is the harmony obtained by this great epoch making movement is at last consummated, and by the Methodists, the Presbyterians and the Congregationalists of the Dominion are united in one body forgetting every line that has hitherto divided them. There are, to be sure, a few ultra conservative societies who stick by the old things, but they are lonesome and their general conventions have proved to be feebly uninteresting.

The victory won by this union is not primarily the economy effected by reducing the overhead expense. It is the harmony obtained by this great epoch making movement is at last consummated, and by the Methodists, the Presbyterians and the Congregationalists of the Dominion are united in one body forgetting every line that has hitherto divided them.

It is the harmony obtained by this great epoch making movement is at last consummated, and by the Methodists, the Presbyterians and the Congregationalists of the Dominion are united in one body forgetting every line that has hitherto divided them.

but the last few miles are less fun!

A glorious day's outing—but when the car turns for home all the fun is gone for one of the family.

There's dinner to get for a late and hungry crowd. And the stove, of course, is cold!

Kindling and fuel to bring in. Never mind the floor now—it'll have to be swept later. So many things to be done, and the fire to be watched!

In eighteen hundred other homes near at hand, there isn't any kitchen-fire problem today—or any day. Electric ranges are in these homes. A cooking heat is ready at the turn of a hand.

Economical, clean, convenient and more efficient, electrical cooking is the choice of every housewife. And if it is only a matter of time, why not now? A wide selection of models to fit any kitchen, and terms to meet your wishes, at the nearest dealer's.

THE CALIFORNIA OREGON POWER COMPANY

not add each year to the steadily increasing number of the blind and the near blind. Referring to the experience of just one insurance company which in three and a half years settled claims involving 1,649 cases of permanent disability resulting from eye injuries, the report says: "The loss of 52 eyes in the presumably safe occupations of merchandising, farming, and textile manufacture is further proof of the statement that serious eye accidents are likely to occur wherever men, women and children are employed. There is no such thing as a really non-hazardous occupation."

GLIDE GRANGE IS BACKING ROAD UP NORTH UMPQUA

The Glide Grange has passed the following resolutions showing their cooperation in the matter of securing the completion of the road up the North Umpqua to Diamond Lake:

Whereas, the prosperity of any country is directly dependent upon its means of transportation, and whereas, it has been determined that it is a feasible project to construct a road of good grade up the North Umpqua river so as to connect this section of western Oregon with that great inland empire east of the Cascade mountains.

And, whereas, the construction of such a road would be of immense benefit to central Oregon, as well as Douglas county, and would also be of great assistance to the national government in protecting its forests.

And, whereas, we believe that every portion of Douglas county will be benefited by the construction of such a road, and that therefore the county court of Douglas county, Oregon, should use all means in its power to cooperate with the state and national government in the construction of such road.

Now, therefore, be it resolved by the Glide Grange, No. 122 that it is the sense of this organization that the construction of the North Umpqua highway should be pushed to an early and successful conclusion, and that all civic bodies of Douglas county and all citizens thereof should use their utmost endeavors to that end, and be it further resolved that a copy of this resolution be spread upon the minutes of this Grange and one copy thereof be handed to the local press, and one copy thereof delivered to the Chamber of Commerce.

C. C. HILL, Master, Attest: Lillie Everts, Secretary.

Heat with gas.

EACH INDUSTRY HAS HAZARDS SURVEY OF EYE INJURIES SHOW

NEW YORK, July 27.—(A. P.)—There is no such thing as a non-hazardous industry in the opinion of the national committee for the prevention of blindness expressed in the report of the extensive study of eye hazards in industrial occupations, made public today by Lewis H. Carris, managing director of the committee.

"Of the 10,000 blind persons in the United States approximately 15,000 are the industrial blind, persons who have lost their sight in the pursuit of industrial occupations," says the report, "and there is in addition to the totally blind a much larger number of men, women and children whose vision has been so impaired by the eye hazards of industry that they are handicapped throughout life. Both of these classes, the industrial blind and the workers whose vision has been seriously impaired by the hazards of other industrial environments, grow larger each year."

There is hardly an industrial occupation in America, according to the national committee, which does

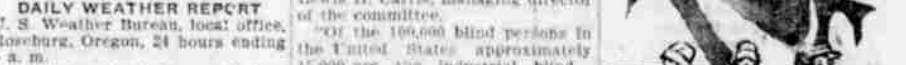

not add each year to the steadily increasing number of the blind and the near blind. Referring to the experience of just one insurance company which in three and a half years settled claims involving 1,649 cases of permanent disability resulting from eye injuries, the report says: "The loss of 52 eyes in the presumably safe occupations of merchandising, farming, and textile manufacture is further proof of the statement that serious eye accidents are likely to occur wherever men, women and children are employed. There is no such thing as a really non-hazardous occupation."

The committee found that although from a national point of view the metal manufacturing industries are the source of the greatest number of serious eye injuries, in Pennsylvania the coal mining industry ranks first as a cause of industrial blindness. In Wisconsin it was found that hand tools constitute by far the greatest single cause of eye injuries, being responsible for 41 per cent. As an example of the important part that eye injuries play in the whole problem of industrial accidents the report cites the experience of a large ship-building company in whose dispensary 38 per cent of all injuries treated were eye injuries. More than 4,300 eye cases were treated in the dispensary of this one company in one year.

Six reasons why you should buy a Stetson

STYLE:

Stetson is the foremost creator of hat styles in the world, each season solving the puzzle of a sweeping variety of correct shapes and shades—a Stetson to suit any head or face.

MATERIALS:

Stetson Hats are made of fur cut from the choicest selection of Beaver, Nutria, Hare and Rabbit skins. The silk bands and bindings are woven by Stetson; the leather sweatbands are especially selected.

WORKMANSHIP:

Workers of the highest skill, in a model factory, hew and trim the fur, and fell it into hats, unmatched anywhere. Each Stetson hat is shaped by trained experts by hand.

QUALITY:

The blending of flawless materials and deft workmanship gives Stetson its supreme quality—a maximum of wear and beauty of finish.

DEALERS:

The franchise to sell Stetson Hats is given only to the best stores of each community. The Stetson dealer renders a real service to the man who wants a hat that is both smart and becoming.

VALUES:

Judged by style, quality and wear, a Stetson gives you more value for your money than a hat of any other fine make in the world.

Harth's HAT TOGGERS Accredited Agents for Roseburg and Douglas County

IN MEMORIAM.

John Francis Turpin was born in Nebraska, April 15, 1874, and at the age of one year he came to Oregon with his parents, the late John and Mary (Hutler) Turpin in the spring of 1875, locating in Youcatla valley. Douglas county has been his home practically all his life, where he had followed farming. Three years ago he moved with his family to a farm in Looking Glass valley, and has since made his home there. Mr. Turpin was a good man, a loyal friend and neighbor. With his generous and warm-hearted nature he won the friendship of a large circle of friends.

Mr. Turpin was united in marriage July 2, 1902, to Miss Florence Finley, daughter of the late George and Ellen Finney, of Youcatla, Oregon.

Mr. Turpin's sudden death, which occurred Saturday, July 4, 1925, at Morrey hospital, as a result of peritonitis, was a shock to his family and friends, as he had been sick only a few days.

He was a loving and devoted husband and father. A father, mother, four sisters, and eleven brothers await him over on that other shore, and trusting that "all is well" we try to say "Try will be done."

Mr. Turpin is survived by a sorrowing wife, Mrs. John Turpin of Looking Glass, three daughters, three sons, two sisters and three brothers: Mrs. James Coon, of Dallas, Oregon; Willie, Clifford, Ruth, Roland and Maude Turpin, of Looking Glass; Mrs. Nancy Stephens, Santa Barbara, Calif.; Mrs. Sarah Stowell, Hubbard, Oregon; Charles Turpin, Leona, Oregon; Frank Turpin, Tangent, Oregon; Wesley Turpin, Wenatchee, Wash. One granddaughter, Marvel L. Coon, Dallas, Oregon. Funeral services were held at the Looking Glass cemetery, Monday, July 6, at 2:30 p. m. Rev. Finley of Roseburg officiated.

The sympathy of many kind friends and relatives go out to the bereaved ones in this sad hour.

A FRIEND.

Arundel, piano tuner, Phone 133-L.
