Arthur H. Crowell

404 W. CASS Agent for Westinghouse Mazda Lamps

Andy Gump Says:

"We're going to burn coal this winter—that's a cinch—it won't get any cheaper so why wait? The styles won't change—the same dark lamps trimmed with slate are still fashionable and if the coal miners and coal operators decide to stage their annual wrestling match I'm not going to get chilblains trying to pick the winner—a feller never goes broke buying what he needs when the prices are lowest."

DUKE COMING TO U. S. TO SEEK AID FOR PRE-SERVING FRENCH ART

PARIS, Aug. 10.—The Duke of Treviso, who has been active in exposing art fakes and the prosecution of art thefts, is seeking American help to preserve the art and history of France.

The duke has interested the government and the public in his work, and has won the government's approval to make a tour of the principal cities of the United States in November and December to speak on the work of the Sateguard of French Art Society, of which he is president. He intends to show by photographs and screen pictures just how the art of old may be protected from the decay of age.

Heat with gas. CONVENTION SPEECH TO GET WORLD DISTRIBUTION

EDINBURGH, Aug. 10.—An abstract of the speech delivered by Emily Rathou, internationally known temperance and social worker of Sweden, before the World's Women's Christian Temperance Union convention here in June is to be distributed among W. C. T. U. organizations of the world as the result of a motion passed by the convention at the conclusion of her message. Miss Rathou described Sweden's efforts for prohibition and the workings of the present system of government control.

Administration of the present Bratt system, which corresponds largely to the one time permit system used in sections of the United States, costs the Swedish government \$9,000,000 annually. Miss Rathou asserted. She declared that government interest in temperance work took the form of a substantial annual subsidy for the work of temperance education.

W. C. T. U. WILL HOLD ALL-DAY MEETING AUG. 12

Glengarry W. C. T. U. will meet at the home of Mrs. Joe Howard at Green, for an all-day meeting on Wednesday, Aug. 12. A basket dinner is to be served at noon. An interesting program is being arranged for the occasion, with several unique features. All members are urged to attend and all friends of the union are also invited.

CLINIC WELL ATTENDED

The baby clinic held on Saturday by the public health unit was well attended, there being twelve babies brought in for examination. These clinics are being conducted monthly, free examination being given the children, and the mothers being advised of the proper methods of correcting defects if any are found. A series of clinics will be conducted throughout the county the last of the month.

MEDFORD GOLFERS BEAT EUGENEANS; EGAN LOW SCORER

(Associated Press Leased Wire.) MEDFORD, Ore., Aug. 10.—Eugene with a team weakened by the absence of several stars, was overwhelmed yesterday by the Medford Golf Club in the first golf match between the two cities, by a score of 25 to 6. Bert Prescott, Wilson Coffey and Dr. Miller were the only joint visitors. Prescott, defeating Fringle of Medford 2 to 1, Coffey defeating Delroy Getchell 3-0 and Miller getting one point to two by Donald Clark. H. Chandler Egan, Northwest champion, and captain of the Medford team, made the low score of the day, a 75. Prescott of Eugene was second an 80.

SEATTLE, Aug. 1.—Thirty-three each, professionals and amateurs, leading golfers of Washington, Oregon and British Columbia, were opening the third annual Pacific Northwest professional amateur tournament at the Rainier Golf and Country Club here today. Competition was four ball, best ball matches, one point for each nine and one for the match. Amateurs were pitted against professionals today in match play. Tomorrow the club professional and his amateur star partner pair off for the championship title. Players include Johnny Junior, Budie Wilhem, Mel Smith, Russell Smith, Bill Haney and Frank Dolp of Portland; Todd Garner and Roy McE., Eugene, Oregon.

BRITISH WELTER, AFRAID OF WALKER, FAILS TO APPEAR

(Associated Press Leased Wire.) CHICAGO, Aug. 10.—The unexpected disappearance of Billy Wells, English welterweight champion, who was to have met Mickey Walker, world's champion, in a 10-round go at East Chicago, Ind., tonight, will be taken before the New York and California boxing commissions in an effort to have Wells barred, his manager, Charles Harvey, said today. James Millen, promoter of the contest, called Wells' disappearance, a "plain case of a run-out," as he called off the contest, declining to name a substitute and directed the return of advance receipts of \$20,000 to ticket purchasers. Wells' manager said that the forfeit was claimed by Walker. Jack Kearns, Walker's manager, was angry at the cancellation, asserting that he was willing to send the champion against any available substitute and that he would hold Millen responsible for Walker's guarantee of \$10,000.

Heat with gas. N. UMPQUA ROAD FINISHED NEARLY TO WILLIAMS CREEK

J. M. Meyers, superintendent on the North Umpqua road job for the Bureau of Public Roads, was in the city today. He reports that the road has now been built almost as far as Williams Creek, two miles from Steamboat creek, although it is possible to go by auto only as far as Bogus creek, about three miles from the end of the graded section. A big fill is being made at Bogus creek, so that cars cannot get across until that is completed. The road will be completed, in Williams Creek by the end of the month, if the present rate is maintained, Mr. Meyers says. He hopes to complete the road to Steamboat before the winter rains force abandonment of the work. He has just returned from a trip to Crater and Diamond lakes. While at the latter place he visited at the camp of Bert Bates, who is

Rep. Snell Sued for \$400,000 by Wife of Brother

General denial of the charges is made by Representative Bertrand H. Snell, Potsdam, N. Y., who is being sued by his sister-in-law, Mrs. Kimball J. Snell, for \$400,000 for alleged alienation of affections. Mrs. Snell declares her husband's love was alienated by the congressman because she advised him to demand an accounting of his mother's estate, of which Rep. Snell was executor.

spending his vacation there. He reports that as a fisherman Ye Ed. of Prine Plektn's is a good dancing instructor. However, the burse pleker has cultivated many friends in the Diamond lake district, and with the experience in obtaining food, gained through his years of column conducting, he is obtaining enough supplies to keep from starving.

VETERAN OF FRONTIER RETIRES AFTER LONG POLICE SERVICE

LOS ANGELES, Aug. 10.—Thirty-eight years of faithful service as a member of the Los Angeles police department were culminated recently with the retirement of Christ W. Moffatt, a colorful figure in early Western frontier life. Moffatt rose from patrolman to inspector of detectives. In the 69 years of his life he has been printer, newspaper reporter, miner, sheep rancher, broncho-buster, Indian fighter, prospector, poet and author of outdoor life. He was in Alaska during the gold rush days. There were 87 members of the Los Angeles police force when he entered it. Two years later he assisted in forming the first detective division. It consisted of four plain clothes men. The veteran's secret hobby is cultivating the flowers and shrubbery that surround the old-fashioned house in which he has lived for nearly 40 years.

NON-CHRISTIANS, TOO MANY SECTS SCORED BY KLAN

(Associated Press Leased Wire.) WASHINGTON, Aug. 10.—The white robe of the Ku Klux Klan had disappeared today from the streets of the national capital. With the burning of a monster fiery cross on the Virginia hills last night, the two-day gathering of the organization came to a close and visiting Klansmen today were on their way home. The cross, 89-feet high, burned for more than an hour, illuminating the grounds of the Arlington Horse Show Club, where the concluding ceremonies were held for the conclude that was featured Saturday by a parade down Pennsylvania avenue.

While the meeting was in progress last night, two men who gave their names as G. L. Williams, of California, and Morris A. Harman, of Cincinnati, Ohio, were arrested and escorted from the grounds by Arlington county officials for the distribution of anti-Klan literature. Several speeches by Klan orators preceded the initiation of a group of men and women into the organization. The speakers assailed the Catholics, Jews, scientists and newspapers. The Rev. John E. Gullede, of Columbus, Ohio, charged the newspapers with printing unfair accounts of the Klan and its activities. The Rev. Mr. Gullede also said that the "difficuly with the world is that it is cursed with too many religions and lacks the faith of the Lord Jesus Christ."

NO IMMEDIATE BASE YET FIXED BY POLE SEEKER

(Associated Press Leased Wire.) WASHINGTON, Aug. 10.—Commander Donald MacMillan, in a flight over Ellesmere Island Saturday night, was unable to find a suitable intermediate base for his Arctic expedition between Etah, Greenland, the main base and Cape Thomas Hubbard, where it is planned to establish the advance flying base. The flight was in a direct line toward Cape Thomas Hubbard, but over where rugged country and ice were found. Another flight, further to the south, will be made in the effort to locate a base.

PHILIPPINES MAY GIVE U. S. FIFTH OF ITS RUBBER SUPPLY

(Associated Press Leased Wire.) WASHINGTON, Aug. 10.—The Philippine Islands give promise of eventually bringing in the American rubber user a part of his crude supply. The commerce department in a report today on an exhaustive investigation of the potential value of the Archipelago for crude rubber, expressed the opinion that profitable production is possible there. The report, representing many months of study, held that under favorable conditions an annual maximum output of 70,000 tons could be produced in the islands, in the southern portion of which approximately 1,500,000 acres are suitable for rubber raising. The 70,000-ton potential Philippine output would compare with a current output now of 340,000 tons by the United States.

SUTHERLIN MAN, DIVORCED, RE-WEDS WITHIN A MONTH

DALLAS, Ore., Aug. 10.—To be divorced and re-married within two days less than a month was the experience of William H. Adams of Sutherlin and Louisa J. Adams of Independence revealed here Wednesday when the couple applied for a marriage license from the county clerk. The couple were divorced on July 7 in Polk county. Adams, who is 55 years of age, is making his third trip to the altar, and Mrs. Adams is on her fourth. The law provides that six months must elapse before a divorced person may re-marry, but the re-marriage of divorced persons has been provided for without requiring that lapse of time.

UNEMPLOYMENT PROBLEM IN IRELAND IS SERIOUS

(Associated Press Leased Wire.) BELFAST, Northern Ireland, Aug. 6.—Owing to the gravity of the unemployment situation in Northern Ireland, the Ulster parliament has been especially summoned to convene September 15th.

NONOGENARIAN SAYS WHISKEY LACK BREEDS PING PONG PLAYERS
(Associated Press Leased Wire.) NEW YORK, Aug. 10.—Declaring that the lack of whiskey is breeding a "race of ping pong players," Nathau Douchy, 91 years old, champion of rum and tobacco, has spoken his mind about what this world's coming to. Celebrating his birthday a few days ago with friends at Darfen, Conn., he attributed his age to whiskey and smoking.

FRENCH AVIATOR OFF FOR NEW NON-STOP RECORD

(Associated Press Leased Wire.) PARIS, Aug. 10.—The French aviator, Captain Arrachart left the villa Coublau airdrome early today in an attempt to make a flying tour of Europe in three days. He expects to arrive at Constantinople after a non-stop flight today.

PAVILION OF FRENCH COLONIAL WOODS FEATURE AT ART SHOW

HAVRE, Aug. 10.—Havre wood importers and carpenters have united one of the most interesting exhibits of the Decorative Arts Exposition. At the request of the minister of colonies they have built a pavilion fashioned entirely out of French colonial woods. The various woods contained in the pavilion name, from the Ivory Coast, Indo-China, Siam, the Congo, French Guinea, Southern Gabon and Madagascar. Skilled workmen, mostly graduates of the Havre technical school were selected to build the pavilion.

Strike now? Those who are acceding today were readers and advertisers of yesterday's classified columns in the News-Review.

UMPQUA VALLEY MAY SOON BE SEED RAISING CENTER

The Umpqua Valley is destined to become one of the greatest seed producing centers of the Pacific coast, according to F. W. Nelson, of the Portland Seed company, who is in Roseburg today. Mr. Nelson is here to inspect the 20-acre tract at Melrose, upon which the company is growing seed beans. Mr. Nelson states that the company expects to add another tract next year, and in the near future will probably undertake the raising of peas for seed also. The soil and climatic conditions in the Umpqua Valley are ideal for the production of seeds, Mr. Nelson says, and if the proper encouragement were given a great industry could be developed. He reports that his company is preparing to open up the largest seed retail store on the coast. Quarters have been procured in the Y. M. C. A. building on 6th street in Portland, and a retail and wholesale business will be conducted there in the future.

NEW FORMULA MAY UPSET AUTOMOBILE AND GAS CONCERNS

NEW YORK, Aug. 10.—The New York World will say tomorrow that the secrets for manufacturing a motor fuel far more efficient than gasoline and synthetic wood alcohol have been discovered by a minor government employe from 13 German patents seized during the war and turned over to the chemical foundation six years ago. As a result of this discovery, at least two industries—the automobile industry, capitalized at \$2,000,

000,000 and the \$10,000,000,000 wood alcohol industry in this country face a revolution in petroleum production. The patents are also said to describe processes for manufacturing a steel that is lighter, stronger and cheaper than that now made and other products.

Filed before the war, the patents were, so cunningly worded in vague terms that their real value was not suspected until Thomas Delehanly, department of commerce chemist, examined them recently. During the war 4500 German patents in this country were seized and turned over to the chemical foundation for \$250,000. Any company in this country with a 7 per cent American personnel may license them for \$100 per patent and five per cent royalties.
