ROSEBURG, OREGON, TUESDAY, AUG. 11, 1925.

LESS POLITICS—MORE BUSINESS.

Oregon postmasters of the first, second and third classes, in convention at Portland last week, endorsed a bill pending in congress to extend to themselves, in common with their brother officials all over the country, the provision of the civil service law giving them their positions for life or until they reach the age of retirement under the pension system.

Once again an individual coated with a veneer of education and culture has failed in a diabolical plot to defraud an insurance company. In sequence: murder, exposure and suicide, a trilogy of events that will have as its epilogue the spectacle of a pauperized widow returning to a life of daily toil to eke out an existence for herself and three dependent children.

With thousands of automobile drivers on the highways there is no place for a novice at the wheel, but on the contrary, the operating of a machine has become more or less a science, grave responsibility that demands a level head and sane judgment.

The most dangerous thing about an automobile is the driver.

THEATRES

Majestic Theatre. William Desmond is seen in a most unusual role in "The Burglar's Trail," his latest starring "Blue Streak" Western which comes to the Majestic Theatre Wednesday and Thursday.

Antlers Theatre. James Cruze, noted Paramount producer, who jumped into the directorial limelight with "The Covered Wagon" and other cinema successes recently completed a new Paramount picture which is being hailed as another screen masterpiece.

"The Goose Hanes High" is his latest of photoplay epics, and local film fans will soon have the opportunity of judging its worth because it is due next Sunday at the Antlers Theatre for a three-day run.

It deals with a small-town American family—the Inzals parents and children. All their married life Inzals and his wife Eunice have sacrificed themselves for their children with the result that Herb, Lois and Bradley have grown up pleasure-loving, extravagant and self-centered.

lead to a surprising climax.

Liberty Theatre.

Thrills are many in the new film story, "The Night Ship," a big screen production directed by Henry McCarthy, with a phenomenal cast that includes many good stars.

In this new picture of the loves and passions of today, many thrills are found. There are scenes that grip the audience from start to finish. Among the many stirring scenes are, the chase of the contraband Night Ship and the U. S. Government boat. The blowing up of the fugitive boat in mid-sea at the dead of night.

The Liberty theatre tonight is making the last showing of the picture showing the dedication of the Copco power plant No. 2. This plant was dedicated with elaborate ceremonies recently, and a great many people from Roseburg were in attendance.

DRILLER AT OIL WELL NEAR OAKLAND HURT YESTERDAY

J. J. Woodruff, head driller at the Leeper Dome prospect well west of Oakland, was injured yesterday evening, when he was struck in the head by a spudding shoe. He was directing the workmen in pulling their tools, when a rope broke, allowing the spudding shoe to strike him on the right side of the head.

Heat with gas. BRYAN MONUMENT TO RISE IN FLORIDA

NEW YORK, Aug. 11.—Clewiston, Fla., has been definitely selected as the site for the national monument to the late William Jennings Bryan. Announcement to this effect was made today by Miss Dionessa Bryan Evans, his God-daughter.

Florida was the Commoner's adopted state, Miss Evans said, adding: "I feel that it is the place the memorial should be. He was not primarily a politician, but a crusader, and he believed that there is a future for industrial folk in Florida."

The site for the monument was donated by one of Mr. Bryan's firmest friends, Miss Evans said, and contributions of several thousand dollars already have been received toward the cost of erection.

OREGON YIELDED CROP OF SUCKERS FOR MISSING DUO

(Associated Press Leased Wire.) SALEM, Ore., Aug. 11.—W. E. Crowe, state corporation commissioner, yesterday requested Stanley Myers, district attorney for Multnomah county, to conduct a grand jury investigation of F. W. Starr and Charles Haight, formerly of Portland, but who are now believed to be out of the state. They are said to have been salaried connected with the Northwest Drilling Syndicate and the Northwest Hotel Syndicate, neither of which concern is now existent.

Considerable stock, it is said, was sold in the two organizations and Crowe's request for a grand jury investigation is based on complaints received from purchasers. According to Crowe the stock was sold in violation of the blue sky law and without a permit from the state corporation department.

Papers seized in connection with the hotel syndicate reveal a "sucker list" which contains names of prospective purchasers of stock with personal peculiarities of each.

RELAPSE FOLLOWS GIRL'S EFFORT TO SWIM CHANNEL. (Associated Press Leased Wire.) BOULOGNE, France, Aug. 11.—Miss Lillian Harrison, of Argentine, who was taken from the water in a state of collapse last night when eight miles off Dover, while attempting to swim across the English channel, suffered a relapse after reaching her home at Gris-Nez today. The doctors said her condition was not serious, but that she would require absolute rest for some weeks.

Miss Gertrude Ederle, the American girl, whose indisposition last week-end compelled her to postpone her attempt to swim the channel until August 18, has not yet resumed her training. Miss Harrison, in addition to her physical relapse, is suffering from let-down in her muscles, which was severely broken by her failure of yesterday. She complains that she has had very bad luck, meeting unfavorable weather conditions on all four of her attempts to swim the channel. She vows she will never try it again.

Her fourth attempt to swim from the French to the English coast yesterday almost brought her death through drowning, when she was within eight miles of the coast. She had been in the water for seven hours and five minutes and had reached a position better than any ever reached by channel swimmers in the same elapsed time. Fortunately the strong Egyptian swimmer, Ishak Helmy, was at her side in the water when she collapsed.

With the words "catch me, Helmy—I am going down," she clutched the swimmer. She was semi-conscious when hauled aboard the accompanying tug.

Jabez Wolff, who is training Gertrude Ederle for her attempt to swim the channel, holds the opinion that Miss Harrison's collapse was due to lack of proper nutrition. She is a vegetarian and Wolff declared it was his belief that the diet on which she has been living did not afford her the amount of nourishment which was necessary for anyone undertaking such a strenuous swim as that across the channel.

REFORESTATION PLANS STATED BY LONG BELL CO.

LONG VIEW, Wash., Aug. 11.—A comprehensive program of reforestation to affect a reseeded area at a rate equal to the progress of the denudation and following years after, was announced today by the Long-Bell Lumber company. Experiments in direct seeding will be conducted and such other species as redwood, Port Orford cedar, and white pine will be tried on a commercial scale to supplement the native Douglas fir, hemlock

DRAIN GRANGE HOLDS ITS FLOWER SHOW. The fourth monthly flower show held by Drain Grange was a great success. The show was held in the pavilion of the city park August 8, and the number of entries is increasing with each event. By the time the November display is held the entries will be well into the hundred mark. One of the best exhibits was that of Mrs. Applegate, who showed dahlias grown on the old Applegate irrigation claim. This proves that the soil of Douglas county does not "run out," as this farm has been worked since the early history of Oregon.

An Old-Fashioned Beauty Recipe. The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again learning it to ensure a beautiful complexion and snow-white hands and arms. Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready for use at any first-class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it is just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth. If you have not yet tried this simple, easy way to beauty get a small quantity of Howard's Buttermilk Cream today and let your face be the judge. Your favorite toilet goods counter can supply you. All druggists are selling lots of it.

DAWES BACK AT DESK; SOON TO TOUR PACIFIC COAST. (Associated Press Leased Wire.) CHICAGO, Aug. 11.—The flight of Vice-President Dawes for revision of the senate rules will probably be carried next to the Pacific. Tentative plans have been made for speeches in Portland, Seattle, San Francisco and Los Angeles some time in September.

Tanned and hardened by fishing and broncho riding in Colorado, the vicepresident returned yesterday to his desk in the Central Trust company.

PALESTINE JEWS FACE ANIMOSITY OF ARAB ZEALOTS

WILLIAMSTOWN, Mass., Aug. 11.—Arab leaders in Palestine have predicted that the Jews will either relinquish their Zionist movement there or be eliminated by a general massacre. Dr. William E. Rappard, of Geneva, a member of the League of Nations' permanent commission on mandates, said at the institute of politics here today. He was addressing a round table conference on the Mediterranean area.

Dr. Rappard said the Jews in Palestine were emphatically opposed to bolshevism, although they were developing agriculture on a communitarian basis there. He declared that an international commission to govern Palestine would be "the worst kind of anarchy."

Other speakers testified to the bitterness of the Arabs toward the Jewish population and Zionism. Rev. Martin Nathan, of Philadelphia, asserted, however, that the anti-Jewish feeling of the Arab population of Palestine was waning. He pointed out that the Jews possess only six per cent of the arabic land in Palestine.

President Harry A. Garfield, of William college, endorsed the British administration of Palestine under the present mandate as a "strong hand that is keeping the peace in the midst of bitter religious animosities."

3 GIRLS RESCUED FROM TILLAMOOK HEAD DEATH TRAP

(Associated Press Leased Wire.) SEASIDE, Ore., Aug. 11.—Three young girls who were caught by the tide in the "death trap" at the base of Tillamook Head last night were rescued when a tragedy seemed certain. Ted Prier and Mr. and Mrs. Woolver, all of Portland, effected the rescue, dragging the girls up the steep side of the mountain with ropes. Great difficulty was experienced by the Portlanders before they succeeded in bringing up the last girl.

Before the arrival of Prier and the Woolvers, the mother of one of the girls had discovered them in danger and ran to Seaside for aid. Ten men hurried with ropes to Tillamook Head, but the girls had been saved before their arrival. The endangered girls refused to give their names. Myers pumps will serve you best. They are well made and you can always get repairs for them. Sold by Wharton Bros.
