INSANITY TO BE DEFENSE SECOND TRIAL JAZZ GIRL

(Associated Press Leased Wire.)

SAN FRANCISCO, Aug. 12.—Opening statements were made by prosecution and defense today in the second trial of Dorothy Ellingson, "jazz girl" charged with the murder of her mother, Mrs. Anna Ellingson. Both statements were brief and a plea of temporary insanity was indicated as the basis of the defense. Attorneys for the prosecution declared they expected to finish the case for the state by tomorrow afternoon. Attorney Alexander Mooslin, for the defense, estimated that he would be able to close his case for the young matricide by Friday afternoon. This would indicate that the second trial will be much speedier than the former one. Harmon D. Skilken, prosecutor of Miss Ellingson, declared the state would endeavor to prove first degree murder. He held that the killing was deliberate and premeditated.

HAWLEY FAVORS BUDGET SYSTEM FOR THIS STATE

SALEM, Ore., Aug. 12.—A general attack in present taxation system of the state of Oregon, including the methods of expending public funds in the state, was launched this noon by Congressman W. C. Hawley, speaking before the Salem Rotary Club. Mr. Hawley outlined briefly the method of handling federal expenditures, mentioning that he is a member of the federal ways and means committee, describing the workings of the federal budget system and stated that a budget system of a similar kind should be inaugurated in Oregon. "If a two per cent tax eventually takes more money out of my pocket than a four per cent, then the two per cent tax is higher than the four per cent tax," he declared. "I think the taxes in this state are too high," he stated. "I think we are paying more taxes than our business justifies." Hawley indicated that present expenditures should be cut down, and that taxes should be adjusted so that a certain proportion would be raised by each of the methods used. "The trouble with the income tax the way this state had it," he said, "it just gave them that much more money to spend." He stated that he would favor an income tax under the right conditions. Mr. Hawley indicated that he will probably favor the policy of cutting down federal income taxes.

MERCHANTS JOIN IN EMPLOYING AN EXTRA NIGHT COP

Merchants on Jackson street between Washington and Cass streets and on Cass street between Jackson and Rose and on the north side of the street, are joining forces in employing a night watchman who shall patrol a short beat, covering the stores in that district. The frequent robberies in that part of the business district, and the danger from fire as well as burglars, has caused these merchants to decide upon better protection for their business establishments and each of them will contribute a small monthly fee which will be used to pay the salary of an efficient night watchman. It will be his duty to patrol the beat at regular intervals throughout the night, testing the entrances of each place of business, and to be on the constant lookout for anything of an unusual nature. The new officer will be chosen by the merchants themselves, and will be provided with police powers.

WEEK DAY BIBLE SCHOOL PLAN WILL BE CONSIDERED

A meeting of the representatives of the religious organizations of Roseburg is being called for next Friday night, August 14, to consider the possibility and advisability of having a week-day instruction in the Bible. The meeting will be held at the City Hall at 7:30 p. m. Every religious organization is urged to have as many representatives there as they wish. The moment is being initiated by the local Ministerial association. According to the law, children may be dismissed from the public school for 120 minutes per week for religious instruction if the parents so wish. Several cities in the state, and many in the nation, have been able to arrange a school, or number of schools, which have proved most satisfactory to the varied religious bodies. It is hoped that some arrangement may be made here that all concerned shall be satisfied, and that the children shall have a better opportunity for religious education.

BROWNING SHOWS MARY'S LETTERS TO KILL CHARGES

NEW YORK, Aug. 12.—Edward W. Browning, wealthy real estate operator, whose adoption of Mary Louise Spas was annulled yesterday after she had played the role of Cinderella for one week, today gave out what he said were photostatic copies of two letters written by the girl before her alleged attempt to commit suicide last Saturday. Neither of the letters which were given out today bore the girl's signature. She was removed from Browning's custody after the supposed suicide attempt.
