WIZARDS, DRAGONS, TITANS, KLAZICKS, ETC. MEET IN OHIO

(Associated Press Leased Wire.)
COLUMBUS, O., Aug. 24.—Led by Dr. Hiram W. Evans, of Washington, Imperial Wizard, Grand Dragon and Titans of the Ku Klux Klan were arriving here today for their annual meeting at Buckeye Lake, a resort near here, starting tomorrow.

Virtually every state and the country's insular and territorial possessions will be represented, according to Fred W. Gallant, personal representative of Clyde W. Osborne, Ohio grand dragon.

Those who have arrived include Harry A. Thompson, Cristobal Canal zone, Imperial representative; I. E. Phillips, Jacksonville, Fla., grand dragon; A. G. Higgenstaff, Imperial representative of the Iowa realm, and Brown Harwood, Fort Worth, Tex., former Imperial Kluzick.

While the program shows discussions will center around organizational topics, Ohio leaders say the modernist, fundamentalist controversy will come in for a major share of attention with this state's representatives urging that the governing body of the Klan take a militant stand against "intellectual Christianity."

The first phase of the work of the Klan, say the Ohio representatives "that of arousing the American conscience to the importance of preventing any influence not typically American from obtaining a foothold in public affairs," has been accomplished successfully.

The second objective, they asserted, is to take up the fight for fundamentalism in religion along the lines laid down by William Jennings Bryan.

This stand will be supported by representatives from the middle west, south and southwestern states, but may be opposed by the New England, New Jersey and New York grand dragons and Titans, according to the Ohio spokesman.

MORE JOBS THAN MEN IN INLAND EMPIRE.

(Associated Press Leased Wire.)
PORTLAND, Ore., Aug. 24.—Calls for hop pickers began to appear on employment boards last week, demands for construction workers and harvest hands did not abate and the reopening of several logging camps resulted in more than 400 loggers returning to camps, according to the 4-L weekly employment service letter issued here today. A slight surplus of men was reported from only two districts of the west coast and nowhere in the inland empire is the number of men equal to the jobs offered.

clude American goods.

The Cantonese government has officially notified American firms and steamship lines having offices in Shanghai, that all American merchandise intended for Canton must be landed at Shanghai and Chinese boats.

FINDING OF SCALP AND HAIR REVEALS PROBABLE MURDER

(Associated Press Leased Wire.)
RICHMOND, Cal., Aug. 24.—The finding last night in the marshes along the El Cerrito water front in Contra Costa county of the severed right ear and section of scalp of a blond-haired young woman set a police posse to combing the marshes for the body of a possible murder victim.

The search resulted early today in the discovery of another section of human scalp, also with blond hair attached, wrapped in an Oakland newspaper.

Richmond police last night questioned Mrs. Iva Graham, a domestic employed in Oakland, who formerly occupied a house bordering the marshes with her five-year-old ward, Gertrude Graham. The girl was found to be safe, but in the house police reported finding a blood stained hatchet with strands of blond hair.

DOG SAVES YOUNG GIRL FROM TRAMP WHO ATTACKS HER

(Associated Press Leased Wire.)
TACOMA, Wash., Aug. 24.—Attacked by a stranger to whom she had refused food because she was frightened at his appearance and through the fact that her parents were away at the time, Frances, the 15-year-old daughter of Mr. and Mrs. F. E. Conklin, was saved from injury by the faithfulness and devotion of her pet dog "Quon," which sprang upon the burly assailant and drove him from the house at a late hour last night.

The girl was helpless before the brute strength of the swarthy intruder when she described as being six feet tall, and would have been in great danger had it not been for the fierce attack of her dog.

BORN

TRUMBLE—To Mr. and Mrs. Frank J. Trumble, of this city, Thursday, August 20, a girl.

JONES—To Mr. and Mrs. C. E. Jones, of South Deer Creek, Friday, August 21, a boy.

PETITION FOR LOWER FARES IN PORTLAND LOST

(Continued from page 1.)

fore prescribed by the commission. City Ownership No Remedy

"Intervener H. D. Wagon, Sr., contends that the only solution of the problem is a municipal ownership and operation. He admits that under existing conditions the company must have the present eight per cent fare, but urges the commission recommend municipal ownership as the proper method of obtaining a lower fare. Possibly such a plan would have its advantages. Through it certain burdens now imposed on the car riders would undoubtedly be transferred to the taxpayers generally, but it is doubted if the actual cost of the service would be materially reduced. The public would eventually be required to pay it either in car fares or taxes. In a previous order we made cure a remission of bridge tolls, recommendations designed to franchise taxes, paving requirements and other similar burdens, and thus relieve the car rider, but such a plan when referred to the voters did not meet with their approval. We therefore hesitate to take further action along this line."

MRS. BRYAN CONSIDERS PLAN FOR A NATIONAL MEMORIAL.

MIAMI, Fla., Aug. 24.—Mrs. William Jennings Bryan announced today she would give immediate consideration to the Philadelphia-Record's proposal for a national memorial to Mr. Bryan.

Her secretary said she had not learned of the project until today when a newspaper informed her. She indicated that a definite announcement might be made during the day.

ROAD PICTIC AND PICNIC HELD AT SCOTTSBURG

(Continued from page 1.)

and about \$310,000 Douglas county bond money. It was the aim of the communities affected to have the road made one which would receive federal aid.

It could not be made a state road, Mr. Lyons said, because Douglas county already had more than its allotment of state roads. Federal authorities, he said, appeared favorable to the plan, but cooperation was needed. It was necessary that a road district be formed, beginning at Irwin and ending at Reedsport, and that \$50,000 be raised annually by special tax. He urged the utmost cooperation between the towns represented that the proposal might have active and determined support.

W. Franzen of Scottsburg spoke briefly, telling the advantages that would accrue to the towns along and at the ends of the road if it were improved with federal aid. F.

COOLIDGE NOT TO MEDDLE IN GOAL MINERS' DISPUTE

(Associated Press Leased Wire.)
SWAMPSCOTT, Mass., Aug. 24.—President Coolidge began another week of vacation today with indications that it will be perhaps the most quiet he has enjoyed since his arrival here late in June. He plans to continue his practice of conferring from time to time with high government officials and congressional leaders, but few appointments have been made for this week and it is likely to be comparatively free of engagements.

Thus far there have been no indications as to when the president will return to Washington, although there is a strong possibility that he will remain here until after Labor Day.

The impending tie-up of anthracite mines, scheduled for a week from tomorrow as a result of the failure of operators and miners to agree on a new wage scale, is not likely to have any effect on Mr. Coolidge's vacation plans. It is understood he does not consider that suspension of operations would in any way necessitate his return to the capitol, as he is determined for the present at least to maintain a hands-off policy.

Mr. Coolidge spends several hours daily at his desk at White House and feels that he is keeping as close tab on affairs of government as he would in Washington, and in addition is having the benefit of more invigorating weather.

Lieutenant J. E. Wright, in charge of the detail, inspected guard posts early this morning and it is understood he reported that one marine had left his post and that another was asleep on duty.

A detail of 18 marines has kept 2-hour watches on White Court this summer, aiding the secret service in protecting the president.

STATE CARPENTERS ORGANIZE COUNCIL AT COOS BAY MEET

(Associated Press Leased Wire.)
MARSHFIELD, Ore., Aug. 24.—Carpenters of the state organized a state council here today, prior to the opening of the annual convention of the Oregon State Federation of Labor.

Bert Sleeman, Portland, was elected president; David Huff, Portland, secretary-treasurer; H. B. Dutton, Salem, vice-president. Members of the executive board are Thomas Hunt, Portland; S. B. Davidson, Salem; Richard Witty, Marshfield; J. D. Beeson of Medford.

The new council was taken into the state federation as the first official act of the convention. The convention was opened for its week session by Mayor Duncanson Ferguson, on behalf of Marshfield.

Charles Taylor of Portland, acting president, presided in the chair.

LOCAL PEOPLE ENCOUNTER SNOW AT CRATER LAKE

Encountering a blizzard on the rim road around Crater Lake, M. F. Rice and James T. Goodman of this city, were forced to abandon their trip to Diamond Lake yesterday. They reached Crater Lake, but on their way around the rim to Diamond Lake, their ultimate goal, they ran into a heavy blizzard which forced them to turn back. By the time they got their car turned around and started back the snow was so deep that they had difficulty in getting back to the lodge. Regular winter weather prevailed at the lake, they said, icicles hanging from the eaves of the lodge, the trees around the rim of the lake being covered with snow. The sight was quite an unusual one, especially for the 23rd of August, the earliest that such storms have been encountered in recent years.

STOLEN CAR RETURNED TO ITS OWNER HERE

The Ford coupe recently stolen from James Goodman, was returned to the owner today. It was located several weeks ago in California, and was brought back to this city by a representative of the company with which the machine was insured. The car was undamaged mechanically, in spite of having been driven 1,100 miles. All the accessories had been stripped from it, however.

CHEMAWA GIRL LOSES ON APPEAL IN ASSAULT CASE

(Associated Press Leased Wire.)
SAN FRANCISCO, Aug. 24.—The United States circuit court of appeals today affirmed an appeal by the Pacific Steamship company from a Washington district court decision awarding damages to Miss Margaret Sutton, an Indian girl, who sued the company charging assault by two negro members of the crew of a vessel owned by the company while enroute from Alaska to Seattle to an Indian school at Chemawa, Oregon.

LINVILLE LIKELY TO REMAIN PROHIBITION AGENT FOR OREGON

(Associated Press Leased Wire.)
PORTLAND, Ore., Aug. 24.—Dr. J. A. Linville, federal prohibition director for Oregon, on his arrival today from Washington, D. C., announced that he had been offered the position of first assistant federal prohibition director for the new twentieth district and the new interval of continuance in the service in Portland.

Linville said definite announcements of appointments would not be made from Washington before Wednesday.

A Seattle dispatch late Saturday carried a prediction from a political writer close to United States Senator Jones, Washington, that Frederick A. Hazeltine, outgoing director, would become assistant director in charge of enforcement and that Linville would become assistant in charge of permits.

Dr. Linville assumed the directorship of district 20, September 1, under a nation-wide re-organization by the treasury department.

If you would like something exclusive in a present, get a piece of handwork. See the plaques, jardiniere, boxes, vases, etc., in Miss Webb's window.

TWO LOGGERS KILLED

(Associated Press Leased Wire.)
PORTLAND, Ore., Aug. 24.—Industrial accidents claimed two lives over the week-end and the coroner's office reported today: William L. Thompson, 49, logger, died in a local hospital of injuries when struck by a log at Vernonia, last Thursday. Michael Rockwith, about 50, died yesterday while being taken to a hospital after being struck by a log near Cocharan.

PACING RECORD BROKEN

(Associated Press Leased Wire.)
CLEVELAND, O., Aug. 24.—Star Ruth broke the world's record for seven-eighths of a mile in the 2:10 pace at the grand circuit meeting here today stopping it in 1:45.7. This lowers the time of 1:45.35 held jointly by Brook Vo'o and Miss Izara Moko.

TAX LEAGUE DIRECTORS WILL HOLD IMPORTANT MEETING SEPTEMBER 2

An important meeting of the directors of the Douglas County Taxpayers League will be held on Wednesday, Sept. 2, according to an announcement made today by the secretary, H. O. Pargeter. A number of representatives of various towns in Douglas county will be present with recommendations for the consideration of the directors, and it is expected that some very important features and activities will be planned and started in motion. It is hoped that all of the directors will be able to be present.

RACE HORSES TRAVEL DELUXE TO CALIFORNIA

Even the race horses come to California to winter.

This fact was revealed today when the Southern Pacific announced that it has under construction six steel express horse cars costing nearly \$150,000. They will be ready for use before the close of the eastern racing season this fall. When that turf circuit ends the cars will be loaded with many race horses bound for their winter training quarters at Livermore, Farm Springs, Pleasanton and other places in this state.

The housed animals, valued at thousands of dollars are given the best of care and protection by the railway during transit. The new steel cars will each stall 22 horses. They are electric lighted, have running water and three wide doors on each side. They are heated with vapor steam and so ventilated that the animals are protected against drafts.

The company has twenty-four horse express cars and they travel as far as Saratoga Springs, N. Y., and Toronto, carrying horses around the circuit.

Race tracks located on Southern Pacific lines include those at Tia Juana and Juarez, Mexico, Reno, Nev., Dallas and New Orleans, La. The railroad is now arranging to handle a large shipment of horses to the state fair at Sacramento.

BABY CLINIC TO BE HELD IN THIS CITY TUESDAY

Much interest is being shown in the baby clinic to be held in this city tomorrow at the M. E. Church, South, conducted by the Douglas County Health Unit. Dr. Maude Kelly, child specialist from the U. S. Bureau of Child Hygiene, is assisting in a series of clinics throughout the county this week, and will conduct the examinations tomorrow. Dr. Kelly is considered one of the foremost specialists in this line of work, and the unit is quite pleased over her presence. The Keedport clinic was a great success, with over 60 babies presented for examination.

Tomorrow's clinic will start at 10 a. m. continuing until noon, with examinations starting again at 1:30 and continuing throughout the afternoon. It is especially desired to have children of the preschool age present and mothers who are starting their children to school this year are particularly urged to have the youngsters at the clinic in order that defects may be ascertained and corrective measures started before the children begin their school work.

A clinic is being held at Yoncalla today, and on Wednesday Dr. Kelly will be in Sutherlin, Thursday in Riddle and Friday in Glendale. The examinations are made free of charge, and defects are found in children and advice given the parents regarding the corrective methods which should be employed.

Buy your fencing now while the ground is hard to haul over. We have American zinc insulated fence. Wharton Bros.

WHOSE FAULT?
You may take every precaution against fire. But what about the other fellow—your next door neighbor at home or at business. His carelessness may mean your loss. Let us protect you from his shortcomings.
