BIG FORTUNE LEFT BY EDITOR LAWSON FOR CHARITY WORK

CHICAGO, Aug. 25.—Virtually three-fourths of the estate of the late Victor F. Lawson, noted editor and owner of the Chicago Daily News, was left to benevolent purposes. The newspaper and other property was left to the

management of the Illinois Merchants Trust Company as trustee. Specific bequests totaled \$4,775,000, of which more than one half or \$2,505,000 were for benevolence. A specific bequest of \$200,000 was left to his long time friend and co-worker in journalism, Melville E. Stone, of New York City, now councillor and formerly general manager of The Associated Press. John J. Mitchell, president of the Illinois Merchants Trust company, which was named executor of the will and trustee of the estate, said that the Daily News would be managed under the trusteeship in record with the tried policies and known ideals of Mr. Lawson.

Canning Time

Now is the time to can Tomatoes. Pears are soon ready and late peaches will be in this week. We have a complete line of canning supplies at most reasonable prices. Patrons tell us Sugar is always cheaper at Stones.

SCHOOL DIST. OFFICIALS TO MEET THURSDAY

Convention of Directors and Clerks Will Be Held at Court House.

SPECIALISTS COMING

County School Superintendent Arranges Program of Finance and Administration Methods.

The convention of the school boards and clerks, planned by Mrs. Edith Ackert, county school superintendent, will be held at the court house on Thursday, Aug. 27. Considerable interest is being shown in this meeting, and it is expected that there will be a large attendance.

The idea is a new one in this county, and one that should be attended by good results. It is Mrs. Ackert's purpose to bring school district officials together for a general meeting and conference, at which matters of interest may be discussed.

There are a great many matters pertaining to school affairs in the various districts, which school board officials may do well to discuss together. Much benefit can doubtless result from a discussion, particularly of district finances and administration and these will be two topics to which much attention will be given.

The meeting is open to all school directors, clerks and other school district officials, and all are urged to be present. It is expected that this meeting will be

WE KNOW A MAN who doesn't have to worry about automobile insurance. His car burned up and he didn't have enough money to buy a new one. We will write you the coverage you need on your car. Fire, theft, collision, liability and property damage insurance. It pays to be insured.

an annual event in the future. Mrs. Ackert states that she realizes that the time for the meeting is not good, and that it will be difficult for many of those who would desire to attend to the present. She spent considerable time in endeavoring to ascertain a suitable date, but because of the harvest season being in progress on various grains, and fruits, it was impossible to set any time which might be better than another.

She is partially anxious to have as many school officials present as possible, as the program which she has arranged includes much which will be of interest to the directors and clerks, and will be of particular benefit to the district.

Mrs. Ackert has endeavored to secure specialists in various lines to make talks and lead discussions, who that the information which will be brought before the convention will be from a dependable source.

W. M. Smith, representing the state superintendent's office, will speak on administrative programs and Homer P. Rainey, a specialist in school finance from the University of Oregon, will be present to discuss district finances. Other speakers will include Dr. W. C. Bell, county health officer; Hon. R. A. Bercher, state representative; James E. Sawyers, county treasurer; M. S. Hamm, the city school superintendent; Wayne E. Jones, local fire insurance agent.

The program which has been arranged is as follows:
10:00 a. m.—Announcements.
10:10 a. m.—Address by Assistant State Supt. W. M. Smith.
10:40 a. m.—Demonstration on "Physical Education" by Mrs. Retta Gentry and Class.
11:00 a. m.—School Sanitation, Dr. W. C. Bell.
11:30 a. m.—"What the Parents Expect of the School", by Hon. R. A. Bercher.
11:40 p. m.—"School Finance" by James E. Sawyers.
1:00 p. m.—"Financial Status of Oregon"—Homer P. Rainey.
1:40 p. m.—"Within the School Room", Supt. M. S. Hamm.
2:00 p. m.—"Fire Hazards"—Wayne E. Jones.
2:15 p. m.—Round Table—Supt. W. M. Smith.

STANDARD OIL CO.
AND RIVALS CUT
GASOLINE PRICE

NEW YORK, Aug. 25.—Reductions in the price of gasoline ranging from two cents a gallon to a half cent have been announced by the Sinclair oil and refining company, and Standard Oil companies. The two cent cut was made by the Sinclair company in middle western states to meet a similar announcement by the Standard Oil of Indiana last night. The Sinclair company also posted a cut of a cent in the price of gasoline in the same territory.

The Standard Oil Company of New Jersey dropped its price half a cent a gallon on gasoline throughout its entire territory. This was the fourth reduction announced this month by this company. The new price will be 14 cents a gallon in New Jersey, Baltimore and Washington, D. C., and 17 cents in other parts of the territory including Maryland, Virginia, West Virginia and North and South Carolina.

The Tidewater company, the Gulf Company and others cut gasoline a half cent in their territories.

UNCLE SAM HEAVY INTEREST LOSER ON ALIEN DEBTS

(Associated Press Leased Wire.)
PORTLAND, Ore., Aug. 25.—Madden B. Madden, of Chicago, chairman of the appropriations committee of the house of representatives, today predicted that the nations of Europe which are indebted to the United States will pay their debts in full.
Mr. Madden is in Portland to address the Western States Taxpayers' conference in session here.
"Every country in Europe that owes us will pay in full—they've got to pay us," he declared. "But as regarding interest on that debt, there's another question in funding these debts; we are allowing the debtors to pay us 2 per cent for the first ten years and 2 1/2 after that while our government is paying from 4 to 4 1/2 per cent on this money."
"So you see, we will lose some \$100,000,000 a year interest. But Europe is poor and we will have to contribute that much towards the international return to normalcy."
Chairman Madden looks for a great reduction in taxes by the coming congress, but said he did not expect any change in the tariff which he believes is the best that could be arranged for this period.
"I am not in favor of reducing the exemptions in the income tax laws any lower than they are," he said.

FEDERAL GRAZING LAWS TARGET OF CATTLE RAISERS

(Associated Press Leased Wire.)
SALT LAKE CITY, Aug. 25.—Concrete proposals and recommendations are expected to be formulated later today by sheep and cattle raisers of eleven western states meeting here at the call of the American National Livestock association and the National Wool Growers' association, preliminary to the opening tomorrow of the two-day hearing of the senate subcommittee on questions affecting the public domain.

At the early session today there were many speeches by stock raisers but little was accomplished. Late yesterday's meeting continued in Frank J. Hagenberth of Idaho, president of the National Wool Growers' association, being named permanent chairman. In his opening remarks Chairman Hagenberth condemned the forestry service administration of grazing lands and stressed the importance of the livestock industry.

Fred Wixby of California was named vice-chairman and he deplored what he termed excessive fees, charged for grazing. "Now is the time to get stabilization of grazing on the public domain," he said. "Let us throw aside the petty jealousies of the past, say what we want, and ask congress to pass a law that will give range users proper protection."

United States Senator Stanford, in his talk before the meeting, traced the history of public lands in the United States and declared the rights of the stockmen must be stabilized and to be "stabilized they must be legalized."

Senator Stanford will preside at the public lands sessions here and in other western states.

LABOR FEDERATION HAS RESOLUTION ON FISH LAW
(Associated Press Leased Wire.)
MARSHFIELD, Ore., Aug. 25.—The second day of the Oregon state federation of labor convention opened here today with the introduction of eleven resolutions. One resolution written by George Chonoworth, Gold Beach, asked the legislature to change the Rogue river fishing laws to open thirty days earlier and to close twenty days earlier.
Most of the other resolutions introduced advocated minor changes in by-laws of the federation. A sharp tilt ensued when Secretary E. J. Stack, Portland, told of pay-in fees to special organizers out of his own salary.
A motion made to pay the amount with withdrawn when acting President C. O. Taylor referred the question to a committee.

NEW TODAY

FOES ENDEAVOR TO OBSTRUCT ECONOMY PLAN OF COOLIDGE

(Associated Press Leased Wire.)
SWAMPSCOTT, Mass., Aug. 25.—President Coolidge believes that there is propaganda being spread with the purpose of embarrassing his economy program.
One instance of opposition in his opinion are reports emanating from Washington that the general staff of the army believes the military establishment is suffering as a result of the economy policy.
Another instance is the speculation that the Leviathan might be withdrawn from trans-Atlantic service. The President, it was today, expects constant opposition to his efforts to decrease government expenditures, but is determined

that it shall not be the general staff. Reports that the general staff is alarmed at the president's retrenchment policy, should not be taken seriously, Mr. Coolidge believes, as the general staff should be able to provide a fair degree of defense on present appropriations and it would be a reflection on the general staff to make it appear otherwise.

The army at present is spending close to \$300,000,000—more than twice annual expenditures since the war, according to the president's calculations, and this amount should be sufficient he believes, for all legitimate activity.

President Coolidge realizes that the President Palmer of the fleet corporation, has charge of the operation of the Leviathan and until he recommends its withdrawal from service, which the president does not believe he ever will do, Mr. Coolidge sees no need to planning credence in reports that the government is about to discontinue its operation of the big vessel.

President Coolidge realizes that the shipping business is highly competitive and it was suggested here today at White Court that a motive for circulating reports that the Leviathan was to go out of commission might be to promote cancellation of reservations on the liner with a view to increasing the business of ships competing with government vessels.

carrying three men had been seen speeding south through the San Joaquin, supported the Mexico theory, and authorities in San Diego county were taking every precaution to block the robbers' path to the International line.

SAILOR WOOD GOES NORTH TO MEET MULTNOMAH BEAR
Sailor Jack Wood, the Texas light heavyweight wrestler, was back in Roseburg today from Stockton, Calif., where he gained a victory last Friday night over Ruly Warner. The first fall went to Warner, but Woods took the next one with his favorite flying wing lock, which punished Warner so badly that he could not come back for the third round, thereby forfeiting the match.

Wood is now on his way to Portland, where he tackles Bob Cruise, the Multnomah club's heavyweight star, on the 20th. Then he goes to Marshfield for a match with Tom Ray on Labor Day.
