Small cash payments, very easy terms. Or will trade for city property. Deal direct with owner. Full information, LAWRENCE AGENCY, 125 Cass street, Phone 219.

81-YEAR-OLD SENATOR SAYS IT'S TIME TO QUIT

(Associated Press Leased Wire.)

SALEM, Aug. 25.—Alex M. LaFollet, state senator from Marion county, made the definite statement today that he will not be a candidate for re-election next year.

"I am going down the sunny side of 81 years, and when a man gets that old it is time to step out of politics," said Senator LaFollet.

The senator, who has won the commoner of "Watchdog of the Treasury" through his continued negative votes on all appropriation measures, has served two terms in the senate.

CALIFORNIA TOWN RAVAGED BY STORM; LOSS OVER \$100,000.

(Associated Press Leased Wire.)

BRAWLEY Cal., Aug. 25.—A survey of property damage and injuries, resulting from last night's storm which struck Calapatria, 10 miles north of here, early today, shows 14 of the town's larger business buildings and residences either demolished or badly damaged, and one woman fatally injured, while a half score of the other inhabitants sustained minor injuries. Business men estimate the damage at between \$100,000 and \$150,000.

### ENGLAND GIVES FRANCE 62 YEARS TO PAY WAR DEBT

LONDON, Aug. 26.—The British chancellor of the Exchequer, Winston Churchill, and the French finance minister, M. Caillaux, reached today an agreement in principle in refunding the French debt to Great Britain.

It was officially announced that an agreement was reached on that basis, principal of 62 annual payments of 12,500,000 pounds sterling on the sole responsibility of France, subject to an agreement being reached on various matters of detail and subject to a governing condition of proportionate equal treatment by France and her creditors.

M. Caillaux, while reserving his opinion on these propositions, undertook to lay them before his agreement.

The agreement in principle between Mr. Churchill and M. Caillaux allows France a partial moratorium until 1930.

Under this agreement it is to pay Great Britain a little more than 2 per cent interest annually on her debt of \$623,000,000 during the years in which England is making payments on her debt to the United States.

After this time the interest payments are to cease and the principal of the debt is simply to be wiped off the slate.

How long should a wife live?

### CONFERENCE TOMORROW

The Fourth Quarterly conference of the First Methodist church will be held tomorrow evening at 7:30. Dr. S. A. Danford of Eugene, will be present and preside. This being one of the most important meetings of the year, it is desired that all members of the official board be present. Reports of the year's work will be given.

### BUICK AGENT UNLOADS CAR OF NEW MODELS

O. C. Baker, local Buick agent, has just completed unloading a carload of new model cars. The car contained three machines, a Brougham, coupe and coach, all of the new improved type. The coupe has already been sold to H. J. Thrall, and deals are pending on others. The new cars show a number of improvements over some of the old models, and have been the center of considerable interest since being unloaded.

### SAYS MEDICINE CANNOT MAKE ONE FAT OR THIN

(Associated Press Leased Wire.)

DES MOINES, Ia., Aug. 26.—Drugs and medicines cannot make a fat person thin and they cannot add weight, Dr. Lyman F. Kehler, of the bureau of chemistry, Washington, D. C., who is here for sessions of the American Pharmaceutical Association declared today.

"Fat persons are born," he said, "and not made. Sensible eating is the only method of keeping one's figure normal."

Dr. Kehler told of the activity of the bureau in putting out of business a Kansas City firm "that has fleeced the public out of huge sums of money, claiming they had a fat reducing property in their medicine." They made \$500,000 in 1923 and \$400,000 in 1924, Dr. Kehler said, before they were put out of business.

### COAL STRIK ESURE SEPT. 1.

(Associated Press Leased Wire.)

WASHINGTON, Aug. 26.—Government observers of the anthracite coal situation see no hope of averting a suspension of work in the anthracite fields September 1, and have turned their attention to a study of the effects upon the nation of a prolonged shutdown.

### OREGON LABOR BODY CUTS OUT PRESIDENT'S SALARY

(Associated Press Leased Wire.)

SEASIDE, Ore., Aug. 26.—The Oregon State Federation of Labor, in its twenty-third annual convention, have today voted to abolish the salary of the organization's president. By the convention's vote, the president will receive no compensation after January 1, 1926. The salary of this officer is \$3600 a year.

Secretary E. J. Stack had previously asked the convention to consolidate the officers of president, secretary and treasurer, but his motion was defeated by a large majority.

The convention adjourned for the day to be the guests of the North Bend Chamber of Commerce at dinner and later at a beach party and clam bake.

### Buying Power of Products Increased 30 Per Cent—Scarcity of Fat Cattle Noted.

CHICAGO, Aug. 26.—Two words—better and bumper—were the predominant notes in reports from agriculture throughout the Mid-West today.

Several sections reported bumper crops, many reported better crops, and all heard from reported better prices for farm products. But the high note was the report of "better financing conditions," which came from communities where early free seed and later drought severely damaged crops. In these sections the farmers faced their ancient field enemies buoyed up by the prospect that better prices and better business conditions would more than offset the damage.

Statistics compiled by the National Bank of Commerce of St. Louis state that while three years ago a given quantity of farm products when exchanged for industrial goods were only worth 68 per cent of its 1913 exchange value, now it is worth 97 cents.

William Martin, chairman of the board of the Federal Reserve Bank of St. Louis, said there is increased purchasing power in the country due to large crops and higher prices.

Everett C. Brown, president of the Chicago Livestock Exchange, after a three week's trip in the western farming country, said this year's corn crop was the biggest ever raised. He reported also the greatest scarcity in many years of fat fancy cattle and predicted that money would be made out of the corn crop by feeding it to livestock.

In Minnesota, both grain and livestock marketing showed increases over last year. A bumper crop of small grain and corn production above the average were predicted in Iowa. Charles D. Reed, director of the Iowa weather and crop reporting service, predicted a corn average of 46.5 bushels per acre. Oats, barley and wheat thrashed more heavily than expected.

In Nebraska, A. E. Anderson, state and federal crop statistician, said that late surveys convinced him there was a possibility for exceeding last year's corn crop of 203,600,000 bushels.

Although Kansas harvested one of its smallest wheat crops, about 68,000,000 bushels, better prices were expected to compensate partly. Corn in Kansas was estimated at a little over 100,000,000 bushels. J. C. Mohler, secretary of the Kansas state board of agriculture said late reports have assured about good and conditions that can hardly be beaten for fall seeding of wheat.

A joint report by Illinois and Federal departments of agriculture rated the state agriculture situation as better, and the best since 1920. There was a good crop prospect over a large part of the state, with profitable livestock prices.

Agricultural and livestock conditions were reported fair in South Dakota by O. L. Dawson, federal agricultural statistician. Oats and barley were doing well, with wheat varying but very good in the western part of the state winter range. Conditions generally were at least average good, the North Dakota agricultural authorities at Bismarck said.

### 3 INDICTED FOR BUILDING CRASH THAT KILLED 44

BOSTON, Aug. 26.—Indictments charging manslaughter were returned by the county grand jury today against Linton Hart, vice president Charles R. Gow company; Charles A. Leary, general superintendent and Martin M. Kane, concrete inspector for the city of Boston. The indictments were brought in connection with the death of Edith Jordan, one of the 44 who died in the Pickwick club collapse here on July 4.

Robert Dollar, President of Company, One of 70 Passengers—Trip Is Resumed.

(Associated Press Leased Wire.)

BOSTON, Aug. 26.—The Dollar line steamship President Garfield, which went around on Half Moon Shoal off Nantucket in a fog early today, was floated late this afternoon and proceeded on her way to New York.

BOSTON, Aug. 26.—Two government vessels, the coast guard cutter Acushnet and the light-house tender Anemone this afternoon were alongside the Dollar Steamship company's liner, President Garfield, which grounded on Half Moon Shoal off Nantucket, in a heavy fog this morning. Officials of the line said that Captain K. B. Lory, commander of the grounded vessel, is confident that the craft will be floated at high water about 5 p. m. Captain Lory, they said, refused the company's offer to send three tugs to his aid, explaining that more assistance was unnecessary.

BOSTON, Mass., Aug. 26.—The Dollar line steamship President Garfield was aground on Half Moon shoal off Cape Cod today, radio dispatches to coast guard headquarters here stated. Coast guard cutter Acushnet was proceeding from Woods Hole to her assistance.

A radio dispatch picked up here said:

"Steamer President Garfield aground at Half Moon shoal. Want coast guard cutter."

Later a message from the Acushnet was picked up stating "proceeding to assist Steamship President Garfield, Half Moon Shoal."

The steamer, which was being navigated by a coastwise pilot ran aground in the fog at daybreak, officials in the Boston office said. She sailed from Boston to New York at 6 o'clock last night with 70 passengers aboard.

The liner, officials said, is in no immediate danger and she will get off the shoal at high water this afternoon.

Half Moon Shoal is a nine-hour run out of Boston.

Advises received here indicated that the vessel was not in a dangerous condition. The light house tender Enemone also went to the assistance of the steamer about 3:40 a. m. The Acushnet was expected to reach the scene by the middle of the forenoon. Half Moon Shoal off the island of Nantucket being four or five hours run from Woods Hole.

Among those on board the grounded vessel is Captain Robert Dollar, the president of the Dollar line. The other passengers are all New Yorkers. Eighteen New York newspapermen, guests of the liner from the New England world cruisers ended their trip, are also on board.

The President Garfield, a 31,000-ton vessel, was built in Philadelphia. She carries a crew of 95 officers and men and is scheduled to start on another three months round-the-world trip out of New York September 3.

Later the coast guard cutter Gresham left Boston to assist in the work of floating the President Garfield. Company officials are confident this can be accomplished with high water late today.

Women wanted for earping at cannery. Come at 7:30 tomorrow morning.

### GRAND JURY AT WORK ON CASES CONVICT TRIO

(Continued from page 1.)

searched for more than two hours yesterday in the wooded area ten miles east of Salem near the Willard school house in an effort to locate the gun supposedly hidden there, with which it is believed, Guard J. M. He-man was shot. The search was unavailing.

The only fruits of the hunt were the finding of a stick used by Tom Murray in intimidating guards in the turkey's office, when the three convicts went there to secure guns and the finding of pieces of clothing at the spot where the convicts left and tied Zina Zion, taxi driver, and C. I. Ivitts. The gun is wanted by the district attorney as valuable evidence which might establish who killed Guard Holman and if found, it is said, will be damaging evidence to the innocence plea of Kelley who denies participation in the shooting affair.

District-Attorney Carson, announced that none of the accused had made any application to appear before the grand jury and there is no indication that they will be called.

### TEACHER OUSTED FOR ANTI-KLAN CAMPAIGN

(Associated Press Leased Wire.)

ARCADIA, Fla., Aug. 26.—The action of County School Superintendent Smith in dismissing Grady Herndon, assistant principal of schools, for conducting a campaign against the Ku Klux Klan was upheld today by the De Sota county school commission.

Several citizens appeared before the commission requesting Herndon's reinstatement, saying they considered their action for the best interests of the school system.

Her terms than were accorded Belgium. In this sense they are glad of the president's opinion that the Belgian settlement does not set a precedent for the refunding agreements still to be worked out with France and Italy.

### ITALY HOPES FOR TERMS AS GOOD AS BELGIUM RECEIVED

(Associated Press Leased Wire.)

ROME, Aug. 25.—Although the reports received here of President Coolidge's statement regarding the Belgian debt settlement still are extremely meager, enough of his general viewpoint has reached Italian officials to create an impression.

The first impression is favorable in that authoritative Italians see in it an opportunity to seek even better terms than were accorded Belgium. In this sense they are glad of the president's opinion that the Belgian settlement does not set a precedent for the refunding agreements still to be worked out with France and Italy.

### KIWANIAN HOLD JOINT MEET WITH MEDFORD CLUB

The intercity meeting of Roseburg and Medford Kiwanians at Medford last night, was attended by a great number of the members of both clubs. Roseburg was well represented, many of the local members going early in the day and enjoying a round of golf over the fine Medford course before the banquet. The Roseburg club furnished the entertainment for the banquet hour, and this was very enjoyable. Dexter Rice, the Roseburg speaker, made an excellent talk on cooperation and friendship, his short address being greatly appreciated. The Medford "orchard" orchestra played, after which the Kazoo band from Roseburg played several numbers. After a solo by Lyman Spencer the Roseburg club selected several Medford men for the prize contest. After the banquet the Roseburg members were the guests of Medford club at the theatre.

ROME, Aug. 25.—Although the reports received here of President Coolidge's statement regarding the Belgian debt settlement still are extremely meager, enough of his general viewpoint has reached Italian officials to create an impression.

The first impression is favorable in that authoritative Italians see in it an opportunity to seek even better terms than were accorded Belgium. In this sense they are glad of the president's opinion that the Belgian settlement does not set a precedent for the refunding agreements still to be worked out with France and Italy.

### TEACHER OUSTED FOR ANTI-KLAN CAMPAIGN

(Associated Press Leased Wire.)

ARCADIA, Fla., Aug. 26.—The action of County School Superintendent Smith in dismissing Grady Herndon, assistant principal of schools, for conducting a campaign against the Ku Klux Klan was upheld today by the De Sota county school commission.

Several citizens appeared before the commission requesting Herndon's reinstatement, saying they considered their action for the best interests of the school system.

### FATAL ACCIDENT ATTENDS DRILL ON BATTLESHIP

(Associated Press Leased Wire.)

WASHINGTON, Aug. 26.—One man was killed and another seriously injured yesterday during a turret drill on board the battleship Oklahoma enroute from New Zealand to Samoa.

The Oklahoma is one of the older of the first line battleships. She was commissioned in 1916 and displaces 27,500 tons. She is in command of Captain W. McDowell and is in division three of the battle fleet.
