STATE HIGHWAY BOARD ACTS TO REFUND BONDS

New Issue of Two Million Dollars Will Effect Interest Saving.

RETIREMENT RAPID

Contracts Let for Bridges and Roads at Total Cost of \$132,000—Toll Road Planned.

(Associated Press Local Wire.)
PORTLAND, Ore., Aug. 28.—The state highway commission today decided to sell \$2,000,000 worth of bonds and use the money to refund a short term issue of that series which matures September 1.

The commissioners pointed out that they should save about 1 1/2 per cent interest on the existing issue, as it was put out when the commission had to pay 6 per cent for money. The new issue is expected to sell at an interest rate of probably 4 1/2 per cent.

The new bond issue will not increase the total state bonded indebtedness, while it will reduce to a marked degree the amount paid out in interest.

On September 1, the commission will pay off \$100,000 worth of highway bonds and on October 1, \$411,000 worth. With these two payments the commission will have paid off nearly \$500,000 worth of bonds this year.

Several contracts were let, as follows:
Dechutes county—Ben-Lava-Battle section of The Dalles-California highway, 9.05 miles of grading, let to F. L. Brown of Portland, \$48,968.50.
Lane county—Sutton Lake-Florence section of the Roosevelt coast highway, 6.15 miles of grading, let to the Barker-Scharyschmidt company of Baker, \$55,732.50.
Washington county—Paving approaches of Dairy creek bridge on Tualatin valley highway near Hillsboro, let to W. D. Andrews Construction company of Portland, \$10,140.

Umatilla county—Bridge over the Umatilla river at Echo, let to J. B. Tobin, Portland, \$22,755.

Bridge at Stanfield, let to C. J. Montag, Portland, \$18,745.

New Bridge for Klamath.
The bridge over Klamath river at Keno was reported in dangerous condition and the Klamath county court, which was present stated it would repair the bridge at once.

"When we have a bridge that is unsafe there should be no argument regarding the closing of it and its immediate repair," declared Highway Commissioner Van Duzer. "We ought not to quibble as to who should pay for the repairs."
Chairman William Doby announced the state was willing to pay for these needed repairs, but Klamath county announced it would make them at once.

Klamath county agreed to give \$10,000 towards a new bridge at Keno. The estimated cost of this structure is \$29,000. The question was taken under advisement for an answer to be given soon.

The clearing of right of way on Klamath-Lake View highway between Illy and the Lake county line will be done this fall.

Toll Road Problem Solved.
J. L. Smith, of Lane, Pir farm near Newberg, presented a petition for the approval of a franchise for a toll road between Portland and Tillamook along Trask river, via Gaston.

It is proposed to make a super-road district composed of Yamhill, Tillamook, Washington, Marion, Clackamas and Multnomah counties, for the voting of bonds for the proposed highway. Smith would hold the franchise in trust for the public road district and would turn it over for \$1 as soon as the district was organized.

He opposed the granting of toll road franchises to private corporations. So does the commission so far, as it has refused to approve any of the numerous requests. Smith stated the Trask river road would make the distance between Portland and Tillamook by an auto road 65 miles.
Bids were rejected on the bridge over Hunter's creek near Gold Beach in Curry county on the Roosevelt coast highway, and on the restroom at Emigrant Park on

the Old Oregon Trail.
The highway engineer will make a survey of the Santiam highway from Lebanon to Cascade, and when the route is improved the commission will accept as part of Linn county's co-operation any work the county has done at a figure approved by the commission's engineer.

DOUBLE MURDER CHARGE AGAINST THREE CONVICTS

(Continued from page 1.)

Whether the grand jury's investigations will extend into the causes contributing to the break and general conditions of the penitentiary has not yet been determined. The jurors are all being held in attendance, and will not be dismissed until a later date, according to District Attorney John Carson.

The district attorney also announced that the three convicts might be arranged in the circuit court before Judge Percy B. Kelly to enter their pleas this afternoon.

WOOD DUCKS, SWANS BANNED

(Associated Press Local Wire.)

WASHINGTON, Aug. 28.—Sportsmen in Idaho and Oregon can hunt cock, gallinules, jack-snipe, black bellied and golden plover, greater and lesser yellow legs from October 1 to January 15, but they cannot hunt at any time wood duck or swan, the biological survey said today in announcing changes in the migratory regulations.

OREGON "WETS" TO OPEN CAMPAIGN ON WEDNESDAY

PORTLAND, Ore., Aug. 28.—Modification of prohibition law to manufacture and sale of light wines and beer under government supervision and distribution is the object of a state campaign, announced as part of a nationwide movement, which will be opened with a meeting here under auspices of the Oregon Prohibition Referendum Corporation next Wednesday night.

"We must have the next legislature pass a resolution asking congress to do as Canada has done—give the people a chance to vote on this proposition," says a circular sent out by the corporation.

PRESIDENTIAL PALACE AT TIMES WAS LIKE PRISON TO EBERT.

BERLIN, Aug. 28.—The late Friedrich Ebert did not always feel exalted in his position as president of the German Republic. An incident illustrating how the president felt at times is related in the diaries and memoirs of the late Minna Cauer, woman leader of the German Republic.
While visiting the President, Mr. Ebert complained that he never was able, in his position, to follow his own inclination, that he never could get away from himself.

"Circumspection, calmness and moderation in all things are the obligations my position entails," he said.

"How do you feel, Mr. President, when you look back into the past from your splendid executive mansion and this beautiful park?" Minna Cauer asked.
"As in a prison," the first German president replied, in a voice charged with emotion.

SEATTLE GIRL HURT IN AUTO WRECK NEAR DRAIN

Miss Mildred McDonald, of Seattle, who with a party of friends was on the way to the hair-dressers convention at San Francisco, was slightly cut about the face last night in an auto accident near Drain. A front tire, on the car in which Miss McDonald was riding, was blown out while the machine was traveling at a rapid speed south of Drain. The car was thrown off the pavement, and into a telephone pole, where it was slightly damaged. Miss McDonald started to jump, but was only partly out of the car when the impact came, and was hurled against the pole, her chin being cut. The party came on to this city, where a physician was called and the wound sewed up. They spent the night at the Unapqua hotel, and left this morning for San Francisco.

OREGON STILL HAS HUGE ACREAGE OF VACANT LAND

WASHINGTON, Aug. 28.—The interior department announced today that vacant and unappropriated public lands in the United States exclusive of national forests and other reserved areas total 381,716,846 acres, of which 129,606,234 have been surveyed.
The largest areas are in Nevada with 52,456,837 acres and the smallest areas are in Louisiana with 10,701. Oregon has 12,251,000 acres and Washington 823,716.

7500 CHALLENGED VOTES IN RECOUNT IOWA SENATORSHIP

(Associated Press Local Wire.)

WASHINGTON, Aug. 28.—Whether Senator Smith W. Brookhart, republican, or Daniel F. Steck, democrat, is to occupy hereafter the senate seat from Iowa now held by the former, will hinge upon the verdict pronounced by the senate itself on the validity of more than 7500 ballots which have been challenged and laid aside during the recount here.

In the course of the recount, which probably will be concluded tomorrow or Monday, Steck has made a gain of upwards of 1,000 votes, counting both contested and uncontested ballots. This gain, if adjudged valid, would still leave Brookhart a few hundred ahead, but far more than enough challenged ballots to turn the trick either way reposed in the investigating committee's pigeon holes for future decision.

Three counties—Warren, Wayne and Winnebago—were added today to those already tabulated and work was begun on three of the four remaining to be recounted.

DESIGNS FOR EBERT SARCOPHAGUS SUBMITTED TO HEIDELBERG MAYOR

HEIDELBERG, Aug. 28.—Designs for a sarcophagus for the grave of the late Friedrich Ebert, first president of the German republic, have been submitted to Mayor Ernst Walz by Professor Behrens, an Austrian sculptor. It is planned when the sarcophagus is completed to bring from Berlin the bodies of Ebert's two sons who fell in the war and place them in graves at right angles to that of their father.

Joseph Nepple, City Counselor, said, Heidelberg expects at a later date to acquire the modest home in which Germany's first president was born and convert it into an Ebert museum.

PORTLAND-ROSEBURG LINE OF STAGES UNDER QUIZZ

(Associated Press Local Wire.)

PORTLAND, Ore., Aug. 28.—Hearing on rates and earnings of the Oregon stage lines operating between Portland and Roseburg, was held before the public service commission in the court house today.

The investigation of earnings of the company was started by the commission on its own volition for the purpose of determining whether the rates are excessive.

"SILVER HORDE" IN ROGUE.

(Associated Press Local Wire.)

GRANTS PASS, Ore., Aug. 28.—One of the greatest runs of salmon in recent years is now in the upper Rogue river and is expected to reach Grants Pass in four or five days. The river is alive with the big fellows below Hells Gate, about 15 miles down the river from this city.

The present run has been described as being composed of salmon which average about 30 pounds apiece.

Fishermen at the mouth reported great numbers of steel heads ascending the river.

MARKETS

PORTLAND, Ore., Aug. 28.—

With the cranberry harvest at hand in the lower Columbia river bogs, growers now place their total yield at approximately 50,000 boxes. This is the largest crop that has ever been in sight for the coast and it will not only set up a new production record, but will also see the realization of dreams of pioneer growers, who years ago thought that some time the crop might reach 50,000 boxes.

There is little doubt now but

what the 1925 crop will reach; the above figure, as danger from insect devastation is now past, with the pests well controlled throughout the growing season.

The size of the crop this year indicates a lower opening price. Indications are that the market will open at least \$1 a box less than last year or around \$3.50 a box. Egg prices are higher again today with extras and pullets advancing one cent on the dairy exchange at 41 and 45 cents respectively. Current receipts were posted a half cent higher at 21 cents net. Other grades unchanged. The market is firm.

The local butter market continues to maintain a steady tone. Both print and cube prices are unchanged with the current make sufficient for all requirements.

Country killed hogs are slightly easier along the coast. Receipts are showing a small increase and the demand is not so brisk. Bulk of stuff moving at 13 1/2 to 15 cents although real fancy hogs are still bringing 19 1/2 cents. Choice light veal unchanged at 16 to 16 1/2 cents.

Live poultry market steady with all lines moving out in a healthy fashion. Prices, while generally unchanged, are showing a firm undertone.

PORTLAND, Ore., Aug. 28.—

Eggs 1 to 16 higher, current receipts 30c; pullets 40 1/2 to 31c; firsts 22 1/2 to 23c; extras 36 1/2 to 36c delivered Portland.

Butter steady. Exera cubes, city 50c; standards 48c; prime firsts 46c; firsts 45c; ungraded nominal; prints 35c; cartons 34c.

Butterfat steady. Best churning cream 52c net shipper track in zone 1.

Poultry firm. Heavy hens 23 1/2 to 24c; light 15c; springs 22 1/2 to 23c; young white ducks 24 1/2 to 25c.

Onions steady \$1.50 to 1.75.

Potatoes steady, new \$1.75 to 2.00.

Nuts steady. Walnuts No. 1 28 1/2 to 29c; filberts nominal; almonds 25 1/2 to 26c; Brazil nuts 18 1/2 to 20c; Italian chestnuts 21c.

Cascara bark quiet. Nominal at

667c; Oregon grape root nominal. Hops firm. New crop 18 to 20c.

PORTLAND, Ore., Aug. 28.—Cattle nominally steady; receipts 85c.

Hogs steady; receipts \$2.50. Sheep nominally steady; no receipts.

PORTLAND, Ore., Aug. 28.—Wheat: hard white, blue stem, bush 1.52; soft white 1.51; western white 1.50; hard winter 1.49; northern spring 1.50; western red 1.46; H. B. H. hard white 1.56. Today's car receipts: wheat 77; flour 11; corn 2; oats 10; hay 10.

BOSTON, Aug. 28.—The Commercial Bulletin will say tomorrow:

Although there has been a fair demand for wool on the whole, the course of the wool market in this country has been rather aimless and prices have been barely steady. More attention has been given to medium wools this past week, with prices down a cent or two in the areas for domestic descriptions from recent quotations.

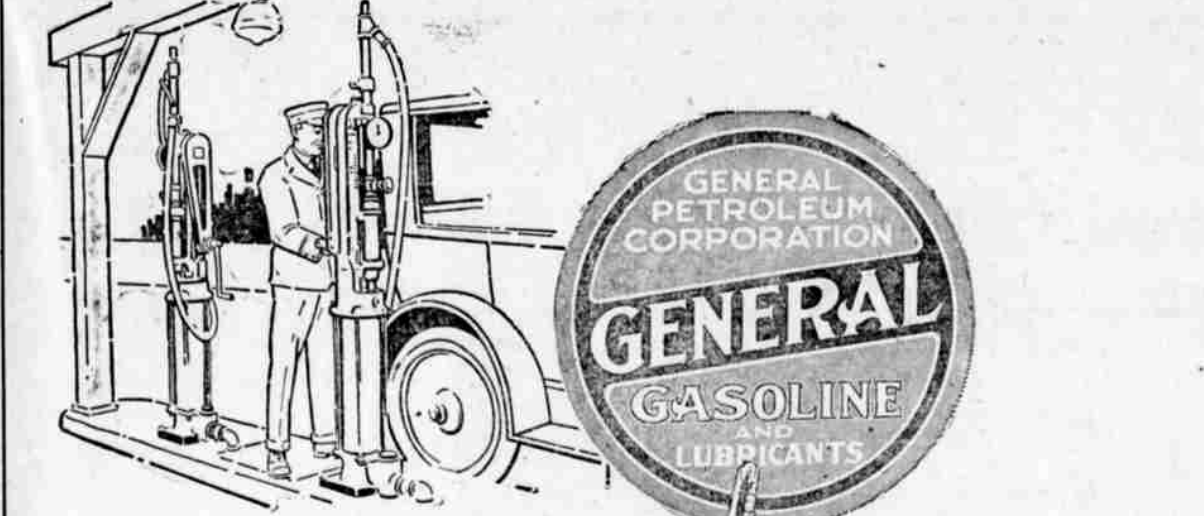

The foreign markets, especially Australia, are in rather sharp contrast with the domestic markets. Brisbane showed an advance of a good five per cent on a wretched selection this week, due chiefly to French buying. Bradford is feeling better and has marked up top prices.

The manufacturers seem to be having a fairly good business on worsted lines and fine Barbizans cloths, especially seem to be in good request. Manufacturers almost without exception want quick deliveries when they purchase wool.

Mohair is quiet, but generally steady.

The Commercial Bulletin will publish the following quotations tomorrow:

Scoured basis:
Oregon Eastern No. 1 staple 1.1-1.25; fine and f. m. combing 1.18 to 1.20; eastern clothing 1.10 to 1.15; valley No. 1, 1.10 to 1.15.
