Here are the names of just half a dozen of the many owners of electric cooking ranges in your own neighborhood.

84,000 other homes here in the West already know the convenience—and the economy—of cooking by electricity. But these are homes you know!

Today these neighbors of yours are gladly allowing us to publish the actual figures taken from their electric bills for the past year. Like ourselves, they want you to know just how economically you, too, can enjoy this better, cleaner, more modern way of cooking.

Compare these figures with your own cost of ordinary fuel. And remember, they include not only the current for cooking, but for all electric lights, and other electrical appliances as well.

In every case these average figures cover the winter months. In summer, when a cool kitchen is so important, the electric bills are even less.

Your dealer has just received a new stock of electric ranges. Make your selection today—on convenient payment terms if you prefer.

THEATRES

Antlers Theatre.

"The Limited Mail," the Warner Bros. Classic of the Screen which begins a two day engagement on Friday at the Antlers Theatre, is a picturization of Elmer Vance's thrilling melodrama of the West, directed by George Hill.

The story concerns the fortunes of Bob Snobson (Monte Blue) a ne'er-do-well Easterner who turns tramp and joins forces with Spikes (Edward Gribbon) and Potts (Willard Louis), two others of the care-free brotherhood. When the three save the Limited Mail from destruction by a mountain landslide, Jim Fowler (Tom Gallery), the mail clerk, strikes up a friendship with Bob.

Together the two men bring up Bob's motherless little son Bobbie (Jackie Huff) and together they fall in love with Caroline Dale (Vera Reynolds), an attractive little waitress. Bob's past in the form of a chorus girl returns to disturb his romance, and further complications result when Jim is killed in a wreck due to Bob's carelessness in missing a danger signal. Bobbie falls into a stream when he follows Bob in his grief-stricken wanderings, and the man sacrifices the boy to rescue the Mail train from a landslide.

How Spike rescues little Bobbie, how Caroline's faith is restored and she and Bob find happiness together forms the climax to the dramatic story.

Loyalty to Roseburg Merchants

We recognize the right of every one to buy where he pleases. We have no quarrel with folks that ask us to buy their produce and then when they buy something, send their money a long way off to mail-order houses. It's true, though, that none of that money ever comes back to Douglas county to make better schools and roads and to add to the general development.

But waive acquaintance and sentiment aside. Look at the question as a matter of self-interest. We have the catalogs of the mail-order houses and know their prices.

Pure O-Lite

OUR PRICE HERE AT ROSEBURG IS

\$10.50

No waiting. No rent for service battery, quality WELL KNOWN, fully guaranteed or an actual saving in dollars and cents of \$3.46 by buying at home. This is just one example, friends and neighbors. All we ask is that, after looking at the pictures of the goods in the far away warehouses, you come here and see the goods themselves and get our prices. Money back if anything you buy here is not perfectly satisfactory.
