This price includes wiring and installation costs for the range in your home.

WHY IT IS A LIMITED OFFER

This offer is being made by Roseburg dealers only. Many special arrangements have been necessary in order to put on this history-making bargain—and now that these arrangements are completed there is no longer any reason for depriving yourself of the comfort, the convenience, the warm-weather kitchen-coolness and the real economy of electric cooking.

It may never be possible for us to duplicate this electric range bargain again. Think of it—a genuine HOTPOINT-HUGHES, with three top burners and two oven burners—the ideal size for the average home—all wiring complete, for only \$15 down and still smaller monthly payments on the balance. GREAT CROWD ATTENDING TENT REVIVAL SERVICES

A crowd estimated at 600 people attended the tent meeting on Rose street last night, where the lady evangelist is preaching.

A lively service was conducted by the evangelist and she surely knows how to make them sing. After the song service the orchestra played two beautiful selections, which were enjoyed.

The evangelist took for her object, the love of God, bringing in many illustrations. The love of God reaches down to the lowest, and up to the highest and if some of our friends knew us like we know ourselves, we would not have many friends. But God loves us all through our mistakes and failures. Our friends won't do that, so we cannot compare the love of human beings with the

love of God.

She spoke of Job being a self-righteous man, but when he received a visit from the Lord, he was a different man from then on, throwing away his robe of self-righteousness.

Job was punished because of his self-righteousness, the wounded Israelites were punished because of murmuring and complaining against the Lord. When they repented, He lifted the plague. Also before God healed Naaman of his leprosy, he had to get rid of his pride. Others she spoke of had to give up their sin and come down off their high horse, before God would answer their prayer. Likewise we must meet the conditions as these did before we may have our prayers answered, but aren't you glad that Jesus is the same yesterday, today, and forever, and loves his people with the same everlasting

love that He ever did, and will do everything for you in order to make your life happy, and worth while living?

There are yet three more services of this campaign, before closing tonight, Sunday afternoon, 2:30 and Sunday night at 7:45, there will be the last services. People have been driving from Eugene, to attend the meetings, following the evangelist from there, where she held a campaign before coming here. Also Powers, and other cities around about.

The evangelist promises a very special message for Sunday afternoon, and she would like as many to attend as possibly can.

COUNTY PAYS TAX MONEY TO CITY FOR ROAD WORK

The county court treasurer today turned over to the city the sum of \$2,731.13, representing the city's share of the road tax money apportioned from the first half of the county tax. The city annually receives about \$5,500 from the county under the law which provides that 70 per cent of money raised for road districts shall be returned to the district in which the money is raised. Next year, according to the new law, the county will be required to return only 50 per cent of the tax money, which will make a serious reduction in the city's budget.
