Arrive From South Dakota— Mr. and Mrs. C. E. Schoenleber, of South Dakota, are spending some time here visiting with Mr. and Mrs. August Heck. Mr. and Mrs. Schoenleber expect to locate here, and Mr. Schoenleber will look around for a business location.

Receives Broken Shoulder— Mrs. John Metz was painfully injured last night when she slipped and fell on the concrete sidewalk, breaking her arm near the shoulder. Mrs. Metz has been suffering from an injury sustained in her right wrist recently, and in her fall fractured the right arm so that the double injury is very painful.

Binger Hermann Better— Hon. Binger Hermann, who has been at Portland for several weeks receiving treatment for a chronic ailment, is reported to be somewhat improved. He underwent a minor operation yesterday and is reported to be resting easy today. It will be several weeks, however, before he can return home.

DEER HUNTER SHOT.

(Associated Press Local Wire.) MEDFORD, Ore., Sep. 10.— Ted Seaman, of Eagle Point, was accidentally shot in the arm by a high powered rifle early this morning while en route with a party of four near McAllister Springs this morning on a deer hunting trip. The gun accidentally discharged while being held in the front seat. Seaman's condition is declared not serious by attending physician.

BABE IS HITTING.

(Associated Press Local Wire.) PHILADELPHIA, Sep. 10.— Babe Ruth continued his heavy hitting by hammering out his second home run of the day in the fourth inning of the second game between the Athletics and Yankees. This was Ruth's eighteenth homer of the season. Ben Paschal also hit a home run in this inning. The Athletics' pitching star, Eddie Rommel, was twirling.

Here From Reston— Miss Agnes E. Johnson, of Reston, is spending a few days in this city visiting and on business.

From Sutherlin— J. J. Jutz was among those from Sutherlin to visit and transact business in this city for a few hours yesterday.

LAND SETTLEMENT PLANS ATTRACT MUCH ATTENTION

The fame of Oregon's land settlement work has traveled far. A letter has just been received by the Land Settlement Department from the Greater Wisconsin Association asking for details on Oregon's land settlement program, stating that they had been recommended by the United States Chamber of Commerce. The letter reads: "We are informed by the Chamber of Commerce of the United States at Washington, D. C., that you are doing much successful work in the way of land settlement. We should be very much interested in knowing what you are doing and how you are doing it. This is a subject in which we are very much interested at this time and any information you can give us will be thoroughly appreciated. Further, we should be glad to reciprocate the courtesy."

The above letter can be appreciated when taken into consideration that Wisconsin has led the states of the Union in land settlement work, which record has been made possible on account of state aid. Oregon's work has been done through voluntary effort and subscription.

The future of Oregon land settlement may be gleaned from the letters of people who write to the Land Settlement Department daily for home seeker's information.

A late inquiry from William D. Nice, of Happy Camp, Calif., who writes from Ashland, Oregon, where he is looking for a location. "I have toured over a score of states looking for a location and

Our ready-to-wear department may not be the most spacious or the most elaborate in the world, but it is chuck-full of splendid values for women who want attractive apparel, reasonably priced.

Bank to Change Name. (Associated Press Local Wire.) SALEM, Ore., Sep. 10.—The Ladd and Tilton Bank of Portland, which recently was taken over by the United States National Bank will shortly file with the state corporation department supplementary articles of incorporation changing the name of the institution to the Nassau company, relinquishing banking powers and signifying attention to deal in real and personal property. It is presumed that a trust business will be done by the company.

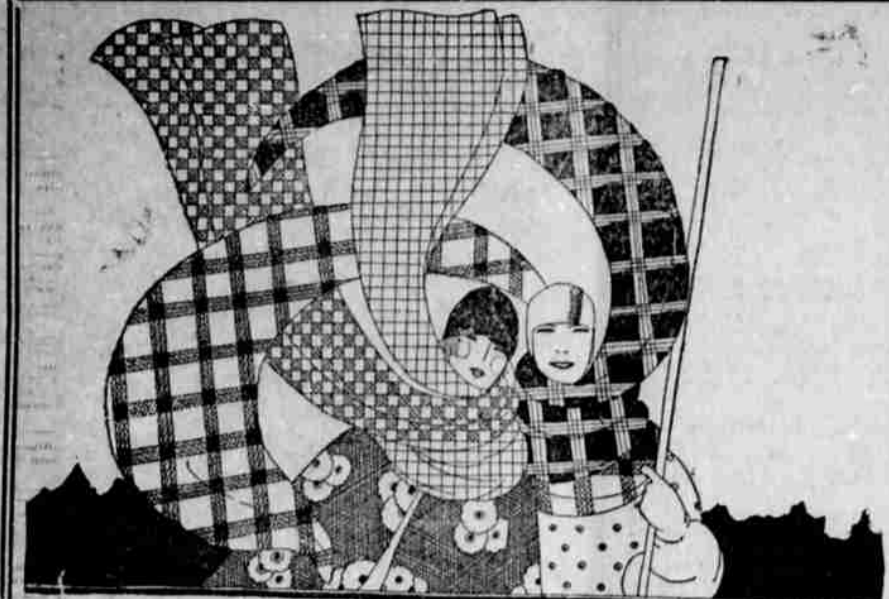

Discourt Rumor of Finding Life Belts. HONOLULU, Sept. 10.—Naval officers discount the possibility that two navy life preservers found on a beach south of Hilo may have come from the missing scaphus PN-3, No. 1. More probable, says the officer, the jackets dropped from one of the numerous navy ships, which have been patrolling Hawaiian waters in search of the plane.

Estimated Wheat Yield. WASHINGTON, Sept. 10.—The country's wheat yield this year is placed at 13 bushels an acre by the department of agriculture. The acreage this year was only four tenths of one per cent smaller than last year, but at a reduced acreage. This year's crop

is forecasted at 700,000,000 bushels, while last year's totaled \$72,000,000 bushels. The crop this year will just about meet home requirements, the crop experts say and there will be very little wheat for export.

Canadian Wheat Yield. OTTAWA, Sept. 10.—A Canadian wheat yield of 291,819,000 bushels for 1925 is the preliminary estimate of the bureau of statistics issued this afternoon. The yield last year was 262,000,000 bushels. The fall wheat estimate for this year is 23,697,000 bushels and spring wheat 368,122,000. The estimate for oats is 514,827,000 bushels as compared with 495,976,000 bushels in 1924.

No need harping about the cost of a classified ad because it cannot be compared with the results it brings.

Gay Stripes and Plaids For New Fall Frocks. These fine, soft wool materials inspire the most modish of new Frocks with their colorful stripes and unusual plaids. Of course, the plain colors are well represented, too, in this extensive showing. The moderate prices are sure to surprise you. The Ladies' Shoppe 139 N. Jackson St.

ENTHUSIASTIC ABOUT ROAD TO CRATER LAKE

Amos O. Baker, a business man of Milo, and Isadore Rondeau, proprietor of the hotel at Tiller, were in the city today on business and pleasure. Both gentlemen are very enthusiastic about the Tiller-Crater lake-cut-off, a road project that has been discussed to a considerable extent, but yet remains incomplete, though in a passable condition during the summer months, no less than 250 cars having made the trip over this proposed route the last tourist season. There still remains several miles of road that needs attention but the residents of the Tiller and Milo sections of the county are of the opinion that it is next to useless to attempt to get proper assistance and co-operation and will probably take up the matter of completion of the roadway on their own initiative.

This road is a very important one to all of Douglas county, adding as it does in a material shortening of distance between Crater and Diamond lakes from all points north and the people of the Milo and

FAIR IS PLEASING

C. O. Garrett, who has been serving as a judge at the Smith River fair, returned to Roseburg last night. He was greatly impressed by the displays made by the Smith River people, and stated that the fair was one of the best he has attended. The sports program was particularly good, furnishing a great deal of amusement for all present. Mr. Garrett collected a number of specimens of grain and vegetables to add to the Douglas County exhibit at the state fair.

BORN

McDONALD—To Mr. and Mrs. George L. McDonald, of Edenbowen, Wednesday, September 9, a girl.

MAUPIN—To Mr. and Mrs. C. A. Maupin, of Oakland, Wednesday, September 9, a boy.

RESCUER APPEALS FOR POLICE PROTECTION

(Associated Press Local Wire.) MONT CLAIR, N. J., Sept. 10.—James A. Bower, vice-president of the New York Trust company, whose chauffeur was wounded Friday in attempting to rescue six-year-old Mary Daly from Harrison Noel, confessed kidnaper and murderer, today appealed to police for protection, stating he received two threatening letters.

Receipt of the letters caused a revival of assertions that Noel had an accomplice in kidnapping the child and in slaying Raymond Pierce, a negro chauffeur, to obtain possession of the latter's car.

A joint investigation of the reasons for Noel's being permitted to remain at large after he had been committed to Greenbrook hospital as an insane patient was begun today by the county board of freeholders and County Supervisor Ernst A. Reed. Alibiists for the state soon will begin an examination of Noel in preparation for the expected legal battle over his sanity.

Household goods, Beds Complete, Chairs, Table, Breakfast Set consisting of table and four chairs, Ice Box and various other articles. All things good as new.

FINE PROGRAM AT ROTARY TODAY

Today's Rotary luncheon proved interesting and instructive, a program of merit having been arranged for the members. Miss Evelyn Quine sang two solos beautifully and was loudly encored. This young lady has an excellent voice and Rotarians were charmed by her splendid renditions.

Omar Baker, who operates a laundry and garage, and peddles automobiles, incidentally conducting a small farm at the outskirts of the city, supplied beautiful bouquets of flowers for each dining table which brought joy to the hearts of all.

Archie Crawford, who sells ladies' wearing apparel, had a birthday today and President Booth was there with the usual appropriate gift for the occasion. Archie had to tell the boys how he earned his first dollar before Henry would let him join the club on the present, which Archie did in a very careful manner.

Oscar Berry, the Standard Oil magnate, called attention of the members to the fact that a land products show is to be held in Roseburg this month and he wanted the merchants and all Rotarians to join up to the occasion and help put it over with a bang, contending, and Oscar was right for once, that this show is of more than ordinary importance to the people of Roseburg and they should lend every assistance possible to make it a grand success. They all voiced a like sentiment and are going to join hands and do a lot of boasting between now and the opening day of the big event.

Dexter Rice, always a booster for Constitution Day, called the attention of the club to a proposed joint meeting to be held on Constitution Day, the 17th of this month, with the American Legion and Kiwanis club cooperating. Immediate action was taken on Dexter's proposal and the Rotary club will join with these two other worthy organizations to fittingly observe the day. A committee consisting of Mose Rice, Bill Bates, A. J. Lilburn and Joe Murphy was appointed to meet with a committee from each of the other organizations to plan a program for the occasion.

The concluding number on today's program was a rattling good talk by Fire Chief James Fletcher, who spoke on "Fire Prevention." Jimmy knows the fire business from A to Z and put over some mighty good thoughts that would do a lot of careless people good if put into practice.

Folks need to wait for their ship to come in. Today they read the News-Review classified ads.
