SCRAMBLE IS ON IN AMERICAN AND NATIONAL LEAGUES

Chicago Forced Back Into Second Division in American League—Yankees Get Three Homers.

(Associated Press Licensed Wire.)

NEW YORK, Sep. 11.—Blows dealt by Washington and Pittsburgh have taken most of the fight for first place out of Philadelphia and New York, but there is every indication that the season-long struggle for the third and fourth ranks in the division of both leagues will continue to the end.

After hammering away at the third place, held by the White Sox in the American league for weeks, the Tigers and the Browns passed the barrier yesterday and Chicago fell to the second division.

Masterful pitching by Gaston and Wrigard of the Browns, coupled with timely hitting by Herschel Bennett, accomplished a double defeat of Collins' team, 4 to 2, and 6 to 4, both contests going to extra innings.

Sister's team thereby rose from fifth to third place, while Detroit, in fourth place, was the bridge over which the advancing and retreating baseball forces marched. The Tigers could get no better than an even break with the Indians, winning the first at six to 1 and losing the second 7 to 2. The Browns are now one game ahead of the Tigers and the Sox a half game astern of Detroit.

St. Louis and Boston kept up their scramble for fourth and fifth places in the national. The Braves pulled up to within a single game of fifth place, St. Louis by sharing a double header with the Phillies, winning an 8-3 victory, after they had been shut out at 4 to 0 by Carlson. The Cardinals made this light advance possible by dropping their game with the leading Pirates, 9 to 5.

The Yankees equalled a 23-year-old major league record when three of their heavy hitting outfielders laced the ball for consecutive homers in the opening game of a double header with the Athletics. Bob Meusel, Babe Ruth and Lou Gehrig turned in the performance.

The Yanks won 7 to 5. The Philadelphia team turned the tables in the second encounter 5 to 4, after 12 innings. Cincinnati added another to its third place fortifications by routing the Cubs 8 to 3.

FIRE AT COUNTY JAIL THROWS SCARE INTO PRISONERS

Prisoners confined to the county jail received a good scare last night when the jail caught fire. A sub containing hot ashes had been dragged into the vestibule, where the heat set fire to the flooring. The prisoners endeavored for a long time to attract attention to their plight, but the passersby gave them no notice, and they were almost frantic before smoke rolling from the jail led to the sounding of the fire alarm.

The fire department responded, but as no officers were around, were unable to get the doors open. Deputy Sheriff Shambrook was called at his home, and commanding a car dashed to the jail and opened it for firemen who quickly extinguished the fire with the use of chemicals.

The flooring underneath the tub was burned entirely through and within a short time it would have been impossible to have entered the jail in order to release the prisoners.

FORD DEALERS MEET HERE THURSDAY

Ford dealers from all parts of Southern Oregon gathered at the Empress hotel here Thursday, the purpose of the meeting being to discuss the tractor business in this district. Oscar Lapham, manager of the tractor department at Portland, F. H. Hall, branch manager of Portland, and a representative of a tractor implement house of Portland were present, and talked to the dealers, of which there were twenty four present. The district represented being from Klamath Falls to Eugene, and Coos Bay. A discussion of the methods and possibilities in the tractor and implement business occupied the major portion of the afternoon, with an exchange of ideas among the dealers. A partial list of the dealers present includes E. C. Simmons of Eugene, C. A. Winetrot and a salesman from Grants Pass, C. E. Gates, Medford, Mr. Hansen, Southgate, W. C. Cook, Drain, and a representative of the Emery and Nosler Co., of Myrtle Point.

EVERY PURCHASE YOU MAKE

In any store passes over a balance far more delicate than any weighing machine ever devised by man. The wise merchant has anticipated and mentally weighed every probable transaction—considered whether it will mean a profit or a loss—long before it actually occurs. He carefully calculates the costs of credit and deliveries and very properly adds them to the price he must charge for his merchandise.

The careful housewife also mentally weighs each necessary purchase. Many shop in person, compare values closely and rightly insist that every penny buy the utmost in both quality and quantity. Invariably Skaggs Stores are her most satisfactory source of supply.

AGED OAKLAND PIONEER DIES

Mrs. Minerva Leatherwood, aged 99, one of the pioneer residents of Oakland, passed away Thursday afternoon at three o'clock at the home of her son Albert Goodman. Mrs. Leatherwood had been in good health until three weeks ago, when she suffered a stroke of paralysis and since that time had been steadily failing in health until her death yesterday.

"Grandma" Leatherwood, as she was affectionately known to her many friends and relatives in the southern part of the county, was born April 3, 1835, in Linn County, Missouri, and was married there in 1851 to Hugh Goodman, by whom she had eight children, seven sons and one daughter. Four of these children survive, B. F. Goodman of Roseburg, Roland Goodman of Swanton, Mrs. Kate Miller of Woodburn, Albert Goodman of Oakland with whom she had been living. All four were with her when she died. A large number of grandchildren also survive and one sister, Mrs. John Goodman, near Oakland.

Mrs. Leatherwood first came to Oregon in 1864, and stayed four years in Yamhill county, returning to Missouri in 1868. She returned to Oregon in 1874 and since that time has made her home in Douglas County. She was married to E. A. Leatherwood of Oakland in 1899, his death preceding hers by several years. Funeral services will be at Oakland, Oregon, on Saturday morning at ten o'clock, with interment there.

INJURED TOURISTS RETURN TO PORTLAND TODAY

The party of Japanese tourists who were injured yesterday when their car turned turtle near Oakland, and several members were taken to Mercy hospital, left this morning for Portland. Several of the party were cut and bruised, Miss Mamie Mae, 15, and her grandmother, Mrs. S. H. Luck, being the most seriously injured. All of the party were able to return to Portland and after recovering from their accidents and repairing their car they will start on their trip again. They were enroute to California.

VANILLA DEMAND ENRICHES PEOPLE SOUTH SEA ISLANDS

HONOLULU, Sept. 9.—Prohibition in America has brought untold and unaccustomed wealth to the natives of the French mandated island of Bora Bora through an increase in the demand for and price of vanilla, which developed with the operation of the Volstead act in the United States.

Authority for the statement is Armstrong Sperry, a New York artist, who recently returned from the South Seas. He added that, paradoxically as it may seem, the new prosperity has resulted in bankruptcy for more than one native, who hitherto had been comfortably settled in life, and the mortgage of much of the island property to Chinese merchants.

"Formerly vanilla sold at three francs a pound," said Sperry, "but now it is quoted at 75 francs. This rise is the cause of the new state of affairs, and the raising of vanilla is the one industry—if it may be called that—of Bora Bora. The people simply plant it in a shady spot and wait for it to mature. It requires practically no care."

With the increased incomes, said Sperry, the tiny inter-island copra steamers began to bring strange and unprecedented cargoes. Occasionally there was an automobile, sewing machines, bicycles, phonographs, cases of champagne and other liquors and barrels of Tahitian rum. When he left there were six automobiles in Bora Bora which has only ten miles of good roads.

"There had been other machines," the artist explained, "but a number of them had been abandoned. As soon as the gasoline gives out or anything goes wrong, the automobile is left to rust away. Some are even left on the beach with the waves washing over them. But automobiling is great fun while it lasts."

The vanilla market is in San Francisco. The natives send their beans to Papeete, whence they go to the mainland once a month. The Chinese are the island merchants. They buy the beans from the natives, who will mortgage all they own on the chance of a good crop. Should the crop turn out to be a poor one, the Chinese get the land.

There are two motion picture theatres on the island, which show ancient movies of the west.

EUGENE TERMINAL DEAL IS COMPLETED

(Associated Press Licensed Wire.)

EUGENE, Ore., Sep. 10.—All options on the proposed site of the Southern Pacific terminal and car shops, west of Eugene, were taken up this morning when cash for the Eugene terminal bond issue was received from Portland, and the deeds to the property were immediately turned over to the Southern Pacific company. The Southern Pacific company in Eugene transferred deeds for approximately 250 acres of their Springfield property to the city of Eugene. The terminal site west of Eugene comprises about 205 acres.

The transfer of property completes the deal for the terminal site. Officials were still in session early this afternoon, winding up the deal.

The cash for the terminal bond issue was received from the Lumberman's Trust company and Pierce, Fair and company, both of Portland, at 10 o'clock this morning.

WHAT WE LEARNED
Dealers all over the country keep talking about the "Used Car Problem". They seem to regard it as a sort of nightmare. We learned long ago that the biggest part of the problem consists of getting people to realize that all Used Cars and all Used Car dealers aren't alike. And it isn't a problem at all!
