**JAPANESE ISLAND OVERRUN
WITH DESTRUCTIVE BEARS**

TOKYO, Sept. 14.—It is reported from Nemuro, Hokkaido, that bears are increasing so rapidly in Yutorop, the largest island in the Kurile group, that the inhabitants are seriously considering appealing to the Japanese government for aid. It is variously estimated that there are now between 8,000 and 10,000 bears on the island.

Hundreds of horses and cattle are killed and eaten by the bears yearly, it is said, and unless something is done to exterminate the brutes, it is feared stock-raising on the island will have to be discontinued. A bounty of 15 yen is at present given for each bear killed.

**NOTED FILM DIRECTOR
LAUDS A NEWSPAPER
WRITERS' TALENT.**

HOLLYWOOD, Cal., Sept. 14.—Sidney Olcott, generally believed to be one of the three highest salaried directors in the motion picture business, recently expressed the conviction that the great screen writers and directors of the future will come from the ranks of newspaper men and women.

**NEW GRADING DOES AWAY
WITH DETOURS ON TRAIL.**

PENDLETON, Ore., Sept. 14.—"Old man detour, the bane of traveling motorists, has been buried as far as the Emigrant Hill Section of the Old Oregon Trail is concerned. The new grade, which eliminates many bad curves and reduces others, is now in use and only in a few places is the surfacing work not done.

**SEN. STANFIELD
IS ARRESTED ON
LIQUOR CHARGE**

(Continued from page 1.)

of that kind during the Pendleton Round-Up, Senator Stanfield to be the victim. My informant had been asked to proceed to Pendleton on Saturday night's train and to assist in arranging the details of the plot in time to put it into execution during the Round-Up. I have the name of them and who solicited this detective's cooperation in the scheme and an investigation will be started at once to determine the identity of the others involved.

"At half past eight last Saturday evening I called up Senator Stanfield at Baker over the telephone and warned him to be on his guard against attempts to trap him. He informed me that the schedule of meetings of the senate committee on public lands, of which he is chairman, had been changed and that he could not attend the Round-Up. The new schedule he informed me called for meetings at Boise, Idaho, today at Burns, Ore., tomorrow and at Winnemucca, Nev., on Thursday. I again cautioned him to be watchful, as the efforts to involve him in a public fracas might be made in another city, in the event it became known that he intended to stay away from the Round-Up."

A report from Baker this morning, Friends of the senator told the press, that Senator Stanfield there last night in order to keep his schedule of the senate hearings. Baker Citizens Divided

BAKER, Ore., Sept. 14.—Opinion in Baker is divided today as a result of the arrest of Senator Robert N. Stanfield in a local eating place last night by S. W. Edens, member of the city police force. Friends of the senator told the press, that the arrest was an outrage, some alleging a frame-up by Stanfield's enemies. City officials take the view that the arrest was merely a routine matter and should be disposed of as any similar case. Police promptly denied the charge of frame-up.

"I shall handle this case exactly as I would handle it if it involved any other man," said Frank McCulloch, city attorney, today. "I shall examine witnesses and determine whether the facts warrant a complaint. If a complaint is drawn it will allege disorderly conduct only."

Date has not been set for a trial as Senator Stanfield has already left for Boise, Idaho, where a hearing of the senate public lands committee, of which Stanfield is chairman, is scheduled. Date of the trial, if the case is pressed, will be fixed to suit the convenience of the senator, McCulloch stated today.

Cop Strikes Senator

The arrest occurred at 6 p. m. Sunday. Stanfield was struck in the face by the officer, and on the side of the head by the officer's gun. He was not seriously injured. He was taken to the police station on foot. A big crowd gathered, and friends put up \$50 bail. A charge of drunk and disorderly conduct appears on the police blotter today, but it was indicated that this will be changed to a charge of disorderly conduct only.

Officers Edens alleged that Stanfield resisted arrest and called him vile names, and that the blows struck were justified. He called on bystanders for assistance. He insisted Stanfield was intoxicated. Stanfield was said to have been dining with two women when the officer entered. Edens said he did not know the senator, never having seen him before.

No further action in the case is expected today, though it is indicated that Stanfield's friends believe he was unjustly arrested and

**BUT—THE JURY
awarded Jones \$5,000.00 damages.**

Smith was a careful driver, never had an accident while driving his car, until his car struck Jones. Really wasn't Smith's fault, but the jury — And for a few dollars Smith could have carried public liability insurance on his car. How about your car? Are you taking a chance, too? We will write you the coverage you need.

**U. S. STEAMER GOES
ON ROCKS OFF SABLE
ISLAND, NOVA SCOTIA**

(Associated Press Local Wire.)
HALIFAX, N. S., Sept. 14.—The United States shipping board steamer Argozy, about 5,000 tons, is ashore on the northern bar of Sable Island, and a Canadian life saving crew is standing by.

**HUNTER ACCIDENTALLY
KILLED BY HIS FRIEND**

(Associated Press Local Wire.)
MCMINNVILLE, Sept. 14.—Ollie Neff, 45, of Corvallis, was accidentally killed near Happy Camp Sunday noon by a friend, William Hudson, as the two were deer hunting. The men were walking through the brush together. Hudson, related, when Hudson's gun discharged, the bullet entering Neff's head and killing him instantly. The coroner was to hold an inquest late today. Neff leaves a widow and two children.

**COURT IS NAMED
TO PROBE WRECK
OF SHENANDOAH**

(Continued from page 1.)

lar with the construction of the Shenandoah.

Although he had previously announced that he was no reason why the hearing should not be open to the public, Secretary Wilbur had not reached a decision today on this point.

In connection with the announcement of the policy in regard to Colonel Mitchell, it is known that Acting Secretary Davis of the war department, who first proposed that such an inquiry be held, would welcome a thorough airing of the charges against the department's air administration.

Although Davis believes that the inquiry into the Mitchell charges will form but a part of the broad field to be covered, he, nevertheless, is of the opinion that in the interest of the army air service, the matter should be fully investigated.

If the presidential board should decide to call Colonel Mitchell, as is thought most probable, Mr. Davis is further would desire that his testimony be received at open hearing because of the belief that charges have been made against the air service from time to time since the war, and especially in the controversy stirred up in the past congress has to some extent shaken public opinion in the service.

Secretary Davis feels that his department has received unjust criticism which it has not been able to answer adequately. With the assembling of the board, however, he believes an opportunity to make that answer and to relieve public concern will be presented.

Mitchell's Statement Made.

The report from Major General Ernest Hinds, commander of the eighth corps area, transmitting the formal answer made by Colonel Mitchell, accepting responsibility for his San Antonio statement, reached the war department today and was started on its way through the routine channels.

It probably will not reach Mr. Davis until Colonel George A. Nugent, of the inspector-general's department, specially assigned to the case, is prepared to submit his recommendations as to disciplinary action, at which time Major General John L. Hinds, chief of staff, will be ready to take the Mitchell incident up with the secretary for final action.

Pending a study of the report by the inspector-general's office, and the army legal authorities, it will not be known whether a court martial shall be ordered for Colonel Mitchell on charges of insubordination.

HIGH SCHOOL REGISTRATION STARTING TODAY.

High school registration started today with the enrollment of a number of pupils for the senior class. Indications are that the high school will have a record attendance this year, and will crowd the building to the limit. Registration in other grades will continue this week.

**WHEAT EXPORTATION IN
CANADA SHOWS INCREASE**

(Associated Press Local Wire.)
OTTAWA, Sept. 14.—More than 15,000,000 bushels of wheat were exported from Canada in August, as compared with 13,000,000 in August of last year. Of the wheat exported last month, 10,372,000 bushels went to the United Kingdom, and of that amount 5,655,000 bushels went by way of United States ports.

The shipments through United States ports showed a marked increase over August of last year, when the total was 2,284,000 bushels.

**His Honeymoon
Ends in Prison**

Lawrence Eaton, fugitive from Wyoming state prison for 18 months, married Mollie Lubbuck under an assumed name. They were on their honeymoon when he was captured. He insisted on rewedding Mollie under his own name, then went back to prison, anxious to complete his six-year-term and rejoin Mollie, who avows she'll wait for him with faith that he'll make good. The two are shown.

**ARMY AIRMEN GETTING
BIRDS' EYE VIEW RECORD
OF ALL NATIONAL PARKS**

Glacier Park, Mont., Sept. 13.—Capt. A. W. Stevens and Lt. John A. Mac Cready of the U. S. Army Air Service have completed the task of photographing various features of Glacier National Park from the air. This is the first complete record of birdseye views of his national parks.

In the last week these aviators made eight trips over Glacier Park, being in the air eight hours and flying 1,100 miles. In all they have taken 500 views of the park from points ranging from 1,000 feet above the level of one of the lakes to an altitude above sea level of 10,000 feet over the Continental Divide. Sunday they obtained a series of views from practically the same point which will produce a complete panorama of the park.

These views are being taken for the National Park Service and they will be used by the bureau in its various publications and will be exhibited at the sequential exposition at Philadelphia next year. The men are flying in a De Havilland army observation plane. Captain Stevens is from McCook Flying Field, and Lieut. Macready is from the Wilbur Wright Flying Field, both at Dayton, Ohio, from where they set out 27 days ago. They already have flown 10,000 miles. They expect to cover 15,000 miles and will take 3,000 views of all of Uncle Sam's western national parks before completing their work.
