Whose Rent Do You Pay?

Are you helping to pay the rent of the big city stores? Are you contributing to the taxes, insurance, interest, employees' wages, and the hundreds of other expenses of the department stores or mail order houses? Most surely you are if you are buying anything from them. Every dollar's worth of goods sold by such business houses must help pay these expenses. These costs are enormous and must be paid—and if you buy, you pay. Isn't it better economy to buy from the merchants of your town? You pay less and you get more, and your money stays where it will be invested for your own good.
