FRANCE IS ABLE TO PAY SAYS SENATOR

(Associated Press Leased Wire.)

WASHINGTON, Sept. 19. — Senator Smoot of the American debt commission takes little stock in tatlk about France's inability to meet her war debts, but he does believe that Italy is handicapped by economic troubles.

Referring to the meeting next week of the French and American commissions here, Senator Smoot said today that there could be no doubt that France is able to meet her obligations. Her experts are swelling, he said, her industries growing and her economic condition improving.

During the tourist season over $400,000,000 of American money was left in France. Italy, also preparing to send a debt commission to this country, is regarded by the senator as the least able to pay. Examination of the financial conditions in that country, has disclosed, he asserted, that Italy's exports are much below her imports, her agriculture is not prosperous and economically she is in poor condition.

M'NAMARA TRIAL OPENS; MAN WHO CONVICTED THERE

(Associated Press Leased Wire.)

INDIANAPOLIS, Ind., Sept. 19.—Artie McMnigal, whose confession sent John McNamara to prison for 15 years for a part in the dynamiting of the Los Angeles Times in 1511 may face McNamara in the trial of the labor leader here for blackmail.

It is known McManigal is registered at an Indianapolis hotel, under an assumed name, the prosecution fearing he might be in danger of his life should his identity become known. The defense introduced four witnesses, all iron workers, in the half-day session of criminal court today. All testified they did not hear McNamara threaten workmen of other crafts employed on the Elks club during the day the state alleges the labor chief intimidated an employe of a truck concern. They further testified a boiler which was being unloaded into a cellar did not topple off a runway and dislodge a pillar of the building. Witnesses for the prosecution declared McNamara knocked a stachion from under a boiler causing it to fall against an important pillar throwing it out of position, at the same time remarking the whole building "should be torn down."

The defense expects to complete its case Monday.

SANTIAGO, Chile, Sept. 19.—Monsignor Errazuiz, archbishop of Santiago, has addressed a letter to one of the bishops of the archdiocese censoring the dress of women in Chile and Beunos Aires and recommended that immodestly dressed women be refused admission to the churches.

"Unashamed of their immodest dress," said the letter, "the Chilean women, whose manners formerly was an example to all Christian families, go so far as to have themselves photographed in these creations. Not satisfied with this, they send their pictures to the newspapers, thus making a public spectacle of themselves, apparently with the desire to spread the use of these frivolous fashions."

(Associated Press Leased Wire.)

SEATTLE, Sept. 19. — Peter Johnson, turnkey, was dismissed today and Will Barr, night jailer, quit, making three deputy sheriffs out of their positions since six prisoners escaped from the King county jail here Tuesday.

Sheriff Starwich explained that Johnson, sent to the prosecutor's office, "fooled away an hour and a half getting a shave and haircut," and got back to the prison after the six were gone.

Barr informed the public that he had been the principal factor in frustrating jail breaks, this being the first in the six years Starwich has been sheriff. Barr had served seven years, and said his record justified his promotion when Dave Morgan, head jailer, was dismissed for failing to call the police in the 20 minutes the prisoners used in effecting their escape.
